

The Jeffersonian.

THURSDAY, NOVEMBER 13, 1875.

The Philosopher of the Democrat.

He was every inch a philosopher, who, in the time of the big flood, when the whole earth was deluged with water, perched himself upon the only rock in sight, and, when Noah's ark floated around begged the old saint to take him on board. So long as there was hope of having his prayer answered the miserable sinner was unceasing in his importunities for rescue.

Col. William B. Mann was elected Prothonotary of the Courts of Common Pleas in Philadelphia last Saturday. Seven of the twelve Judges voted for him on the third ballot, among them Judge Elock, a Democrat. There can be no question of Col. Mann's personal fitness for the position.

John W. Frazier says in his Philadelphia letter that Alexander K. McClure, after devoting his paper during the political campaign to opposing the Republican candidates, himself voted the whole Republican ticket, from Hartranft down in Biaghann. This is a curious bit of political gossip, should it be true.

The following is a summary of the vote, with the pluralities by which the Republican candidates are elected, and their minorities on the aggregate vote:

THE Supreme Court of Wisconsin has decided that a railroad company of that State shall pay \$1,000 to Miss Helen Craker, a school teacher whom one of her conductors forcibly kissed while she was on her way to a meeting of teachers.

Iowa, Kansas, Nebraska and other Western States feel good this fall. Not only have they flaxed the Democracy, but cribs swell with grain, hay and fodder stacks abound in mountain piles, and the corn fields are fairly round-shouldered with the weight of the mammoth ears.

Hon. Henry Rawle, of Erie, the newly elected State Treasurer, has written a letter in which he gives his views on Treasury management. He says: "I propose to perform the duties of the office in accordance with all the laws of the State, particularly set forth in the act of Assembly approved the 9th of May, A. D. 1874."

Mr. Rawle's programme is that of a thoroughly honorable and honest man, and it will no doubt be strictly carried out. The interest on treasury balances belongs, not to the Treasurer, but to the people of the State.
