

B. F. Chase's Patent Machine Glass

Manufacture of East Stroudsburg—Large and enthusiastic meeting at the Lackawanna House.

From time to time we have been called upon to discuss the advantages and disadvantages of the vicinity in and around Stroudsburg and East Stroudsburg, as a manufacturing district. The ball of progress has been set in motion and through the efforts of the past we have dotted here and there in close proximity to one another all manufactures of different kinds, nearly all of which, notwithstanding the disadvantages of the present times, are in a prosperous condition. No reasonable effort upon the part of any to establish an enterprise of any kind has ever failed, and taking into consideration the great superiority of the advantages over the few disadvantages of the locality the probability is, never will.

About the first of July last, the gentleman whose name heads this article came to Stroudsburg, bringing with him a machine of his own invention, the Patent bearing date April 13th, 1875 for the manufacture of heavy glass ware. At first this project seemed to meet with but little encouragement, and shortly after his arrival an article copied from the *Corbin Democrat*, came out in this paper, denouncing the whole thing as a fraud and Mr. Chase as a humbug; this was promptly met, however, with a denial of the falsities it contained, and the endorsement of Mr. Chase, by men of prominence. This seemed to give new impetus to the project and Mr. C. has slowly but surely been presenting the merits of his glass machine. The result of which was the holding of a large meeting at the Lackawanna House, of the citizens of Stroudsburg and East Stroudsburg, on Tuesday evening, Nov. 16th, for the purpose of organizing a company. Meetings had been held from time to time and a subscription list opened to this time, no permanent organization had been effected. The meeting was called to order by Mr. Jerome Williams, of Stroudsburg, who stated its object to be a permanent organization and the election of officers under an Act of June 2nd, 1874, an Act authorizing the formation of partnership associations, in which the capital subscribed shall alone be responsible for debt of the association except under certain circumstances, as found in section 24 of said Act.

Mr. L. M. Whitaker was chosen temporary chairman and Mr. J. H. Shotwell, secretary. Previous to this meeting Mr. B. F. Chase and Jessie R. Smith, were delegated to take a sample of sand, the product of Monroe, and visit the glass works at Winslow, under the ownership and superintendency of Messrs. A. R. Hay & Co., and have it tested. Mr. Chase being called for exhibited some specimens of glass blown from sand taken from here by Mr. J. R. Smith, of East Stroudsburg, consisting of two large vases, one of them 4 feet 6 inches long, 12 inches in diameter, of double strength and the other 5 feet long 12 inches in diameter, single strength. Mr. Chase also presented some smaller specimens showing the difference of glass blown from sand taken from here and that used by the Winslow glass company, the difference being in favor of the Monroe county sand, not only in appearance and quality of glass, but from the fact of taking less sand by 175 pounds to the pot in melting and melts sooner by two hours, consequently less fuel is needed amounting in a year to quite a considerable in favor of our home enterprise. Mr. J. R. Smith corroborated the statements of Mr. Chase and produced the following certificate from Messrs. A. R. Hay & Co., which will speak for itself, especially when it is known that Messrs. A. R. Hay & Co., are the greatest and most successful window glass makers in the state of New Jersey.

WINSLOW, Nov. 13, 1875.

We have melted a pot of glass out of the sand brought here by B. F. Chase, and find that it makes good glass and bright color, and melts sooner than the sand we are using. The sand is all right for making good window glass.

A. R. HAY & Co.

A certificate of limited partnership regulated by the above mentioned Act of Assembly was then read and the subscription list was opened and a number of signatures and acknowledgments were taken by Mr. John Appenzeller, after which the following gentlemen were elected by ballot as a board of managers: John Barlow, J. H. Shotwell, J. L. Rhodes, L. M. Whitaker, and A. Hallett.

The following committee were appointed to frame the constitution and by laws: M. Hutchinson, J. Williams, B. F. Chase, C. Detrick and W. Peirson.

Subsequently the following gentleman were elected as officers of the company: President, J. Barlow; Secretary, L. M. Whitaker; Treasurer, J. H. Shotwell.

On Wednesday evening the constitution and by laws were adopted as presented by the committee, adopting the name heading this article as the name of the company, and requesting the treasurer to give bonds for \$10,000 and the secretary for \$5,000.

Meetings have been held by the board of managers nearly every evening and all the preliminary arrangements have already been made for immediate action. On Thursday last, the papers for the purchase of a lot of ground from Jesse Smith, were drawn up by Messrs. Peirson & Thompson, and signed by Mr. Smith, and the board of managers respectfully representing said company.

The capital stock of the company will be \$10,000. The number of shares are 920 at \$50 each, the sum of \$13,000 the amount requisite for a works one half the proposed capacity was asked for, nearly all this amount has been raised consequently very few shares are yet unsold.

On Monday morning last, the ground was broke and the work of excavation for foundation was commenced and will be pushed forward rapidly, so that within 60 days the only glass works of this kind in the world will be in operation in East Stroudsburg. The main building will be 80 by 140 feet, two stories high with one large iron pot furnace and two flattening ovens. The machinery will be driven by a thirty horse power steam engine, and will consist of four of Mr. Chase's Patent machines for blowing glass, one large duplex air and other requisite machinery. There

will be two 20 feet boilers for compressed air. To run these four machines 6 men will be required, 3 men to each two machines. The factory will give employ to a number of men. Mr. Chase contemplates starting another factory of this kind at Sandusky City, at the head of Lake Erie, in the State of Ohio. These will be the only two factories in the United States. Mr. Chase patented his glass machine in seven foreign countries. The work to be done is of a heavier character than that done at any other factory now in operation. Glass burial caskets, barrels, casks, kegs, imitation of French glass, etc. The most pleasing feature about the whole matter is that the material used in this manufactory is nearly all found within the limits of Monroe county, while the goods are shipped elsewhere and the proceeds brought back within the county. There is not a citizen within the limits of the county who ought not to feel interested in this enterprise for it is not only beneficial in its character within itself but it is a clinching point and an impetus to other manufactures. It is in the hands of judicious business men and with a reasonable degree of prudence upon their part and the hearty approval of every citizen, it cannot fail to be a success and highly beneficial. At some future time we may give a more detailed account of the working of the factory and the process of making glass.

A CHICAGO debating society is preparing to wrestle with the following question: "Resolved, That a man who plays on an accordion and keeps a larking dog can't be a Christian." Four members to one want to take the negative side.

Mrs. Case, of Shoals, Indiana, during the course of a single week knocked one tramp down, broke a rib of another, shot a third, and kicked a fourth so vigorously that he had to go to the hospital. This is the liveliest case on record.

Most persons have probably heard of the surgical process known by the name of the galvanic-caustic operation or some such term. By it tumors, polypi and other objectionable protuberances are removed from the person in a very easy and effectual way. The protuberance to be removed is bound with a thin wire of platinum, which is placed between the poles of a powerful galvanic battery and heated to incandescence. Thus by a combination of burning and burning, the object is removed. We mention this admirable operation in order to state that substantially the same process has been recently applied with brilliant success to the felling of the thickest trees, and even to the dividing of trees into boards. The hot platinum wire put in rapid motion is said to penetrate and divide the hardest timber, even as a silk thread may be made to divide a roll of Goshen butter. Boards can thus be sawed so thin as to be quite or almost translucent, while the wire can be made to follow curves with much greater accuracy than the saw. Besides, there is no waste of timber in the process, and the rapidity of its action is another recommendation.

Important Decision.

In a case brought before the Supreme Court from Schuylkill county, Judge Gordon—the other Judges sustaining him—rendered a decision to the following effect: 1. If a national bank takes more than legal interest, it forfeits the entire interest. 2. Usurious interest taken by a national bank may be defalcated against the amount sued for by the bank. 3. The Pennsylvania Act of Assembly which limits the time in which usurious interest may be recovered back to six months does not apply to transactions with national banks.

DREAMS.

Some philosopher, who evidently knows how it is himself, interprets dreams as follows: If a man dreams the devil is after him, it is a sign he had better settle his subscription bill. If he dreams of an earthquake, and a turmoil generally, it is a sign that he is going to get married. If he (being a married man) dreams of some fearful mysterious danger, it is a sign that his mother-in-law is coming to spend a few days with her darling daughter. If he dreams that his head is in danger, and his hair falls out, it is a sign he will have a quarrel with his wife. If he dreams of being accosted by a strange man, who insists on talking with him, it is a sign he had better know all the policemen. If he dreams of making a fool of himself it is a true sign that it is so.

Special Notice.

KEYSTONE DRUG STORE.

Dr. S. L. FOULKE & J. KRESGE, successors to Peter Williams, have purchased the Empire Drug Store, on Main Street, a few doors below the Post-office, and for the convenience of those who wish to call, will have a red lamp in front, and know hereafter as the

Keystone Drug Store,

where will be constantly kept Paints, Oils, Varnishes, Drugs and Medicines, and all articles usually kept in a Drug Store, at the lowest market prices.

S. L. FOULKE,
J. KRESGE.

Dr. S. L. Foulke being a practical Physician, having his office in the rear of said Drug Store, cordially invites the public to give him a call, as he is fully qualified to prescribe and compound all prescriptions. [Nov. 11, '75-6m.]

Turner Palmer requests us announce that he will, during the coming week, open a Produce Market, at the Meat Market of S. W. Palmer, on Main street, in this borough, where he will be happy to wait on all who desire anything in his line. Cash paid for Hides, Skins, Butter, Eggs, Chickens, &c. [Nov. 4-2t.]

IMPORTANT.—In order to quit the Boot and Shoe Business, Simon Fried offers his entire stock of Boots and Shoes, at first cost and below cost. Come one and all, now is your chance for Bargains.

Goods cheaper than ever at N. Ruster's He has them marked way down to bottom prices.

New goods will arrive at N. Ruster's this week and next. Don't fail to call and see them.

Those wishing to secure a good bargain will do well to call at N. Ruster's, as he is bound not to be undersold.

\$25 REWARD

A woman having been imprisoned in this county, giving her name as Frances Starnard, broke out last Thursday night. She is about 30 years old, measured about 5 feet 6 inches in height, weighing about 150 pounds and had a fair complexion and brown hair. The above reward will be paid for her return to JACOB K. SHAFER, Sheriff, Stroudsburg, November 25, 1875.

Auditor's Notice.

S. W. Palmer & Bro. }
John I. Allender, } Common Pleas of Monroe County.

The undersigned appointed by the Court of Common Pleas, Auditor to make distribution of the money paid in Court from the sale of Personal Property of above defendant, will attend to the duties of his appointment, on Thursday, the 23rd day of December, 1875, at 10 o'clock a. m., at the Prothonotary's Office in Stroudsburg, at which time and place all persons having any claim or demand on said fund will present the same or be forever debarred from coming in for any share thereof.

THO. M. McILHANEY, Auditor.
Nov. 25, 1875.

Decker's Column!

HANG THE BANNER

ON THE

Outer Wall!

THE WONDERFUL

CHEAP

AUCTION STORE

TRIUMPHANT!

The Victory Complete.

Our Books will show that the sales of the CHEAP AUCTION STORE have been 284 Dollars more, for the past four weeks, ending on 2d of October, than they were during the same weeks last year.

Well, Not or It? Why it proves beyond a doubt that the CHEAP AUCTION STORE is bound to go ahead, opposition or no opposition. It prospers under the lash. It is like an old chestnut tree, the more you club it the more chestnuts you get.

Will you believe me you might as well try to get a gad to climb to the top of a crab-apple tree as to get his customers of Stroudsburg and the farmers of Monroe County to leave the cheap Auction Store, where they have saved so many dollars during the past six years.

They well know they can get a piece of bleached or unbleached muslin, from 10 to 20 cents on a dollar cheaper than they can buy it in other Stores.

They know that Decker sells his beautiful shilling Calico, splended winter styles, for 8 cents a yard.

They know they can buy handsome Alpaccas, all colours, for 25 cents a yard, which no man can beat.

They know that they can get cotton baits for comforters for 14 cents, and full pound, best cotton carpet warp for 25 cents a pound, while some others charge 35 to 40 cents.

They know that for Undershirts and Drawers, and hosiery and gloves, no man can beat CHEAP AUCTION STORE.

Every gentleman who has dealt with us knows that he saves from 50 cents to one dollar for every hat he buys of us.

If a farmer wants Flannels he knows just the spot where to get them cheap. You see is bound for the CHEAP AUCTION STORE.

If a lady, or Miss, or child wants a pair of Shoes or Gaiters, they come at once to the Cheap Auction Store.

If a gentleman wants a pair of Boots or Shoes for himself or his Son, how quick he is off to Decker's, for there he saves his 50 or 75 cents on a pair.

If a gentleman wants a fine suit of clothes for himself or his Son, he comes to Decker's and saves his dollars.

If any one is in want of a 3 or 4 or 5 dollar winter coat, how soon they are off to Decker's Cheap Auction Store.

If any one wants cloths or cassimeres for overcoats or to make up for suit, you see them making tracks to the CHEAP AUCTION STORE, to get some double fold fine Beaver cloth or his beautiful Cassimeres for 50 and 75 cents per yard.

If a Lady, or Miss, or child, wants to get a good fashionable winter hat and Ribbons and Feather and Flowers to trim it with for half price, she comes to

Decker's Cheap Auction Store.

And so it goes, through our mammoth Stock of

Fall and Winter Goods Just Received.

We want our customers to understand that we now keep beautiful fine

Dress Goods

of the latest fashion and styles. So you need not go elsewhere for fine goods.

MR. QUACKENBUSH, the Superintendent and the Junior clerk MR. PALMER, are gentlemen. They are not filled with gas nor are they woodies, nor blowers, but with great pleasure will they wait upon the crowds at the

Auction Store.

We would also have the people to understand that we have no branch Store in Stroudsburg and if any one says that they are the Auction Store or a part of it, tell them you don't see it.

Remember our Store is 4 doors below the Post Office. One sign across the walk, the other in front of the Store.
