

SEED POTATOES

From B. K. Bliss & Sons' Potato Catalogue.

COMPTON'S SURPRISE.

This wonderful Potato, wonderful for its fine quality and productiveness, is a seedling of the Prince Albert, fertilized with the pollen of the Long Pinkeye.

The following extract from the report of the Committee awarding the premiums offered in 1873, confirms all that was claimed for them by the originator when first introduced:

EXTRA EARLY VERMONT.

The superior merits of this variety, first sent out by us in the Spring of 1873, may now be considered as fully established.

"THE EARLY VERMONT has, as proved by the numerous reports before us, more than sustained its previous reputation. Not only all the competitors declare it from one to two weeks earlier than the Early Rose, and many even more."

A first-class certificate was awarded this variety by the Royal Horticultural Society of London, 1873.

Both of these varieties were sold at \$1.50 a Bushel last year. We now offer them at \$2.00 per Bushel, Cash on delivery.
