J. H. McCARTY & SONS,

having long been disgusted with the barbarous custom of burying or using ice on Corpses, not to speak of the horror of freezing the dead, as a relic of barbarism in itself considered, it is obnoxious to the sensibility of the refined as Cremation; and would never have been submitted to but for necessity, which thanks to the march of discovery no longer exists, for J. H. McCarty & Sons, have a preparation which in its application is as harmless as water, but which in its potency is able to grapple with the despoiler of our mortal forms, and say thus far, but no further, hence let thy corrupting powers be stayed.

This preparation is manufactured, and used only by J. H. McCarty & Sons, the only Undertakers in the County, or State, that can keep a Corpse any desired length of time,—for weeks and months, and bring back even the mellow tint and real bloom of life to assuage the grief and anguish of the bereaved, which fact can be witnessed at every funeral attended by them where they have the entire control, and the preparation of the body for burial. J. H. McCarty has made this preparation his study for over twenty years, and can now offer to the public this preparation perfected, without money and without price to those employing them.
