

The Jeffersonian.

THURSDAY, FEBRUARY 8, 1877.

PRESIDENTIAL.

The two Houses of Congress met in joint convention in the House of Representatives on Thursday, the 1st inst., to count the electoral vote, according to the provisions of the recent Compromise Electoral act, and counted the votes of Alabama, Arkansas, California, Colorado, Connecticut and Delaware, but when Florida was reached objections were made and filed and the case as made up was handed over to the Electoral College Commission for judgment and decision.

We learn that Mrs. Shay contemplates giving lectures. Doubtless her experience, attainment and capacity fully qualify her to excel as a lecturer. Mrs. S. has had a long experience on the stage, and from a multitude of notices which we have had the pleasure of looking over, she must be ranked as a number one actress. The lecture which she contemplates giving is entitled "The Church and the Theatre." The subject chosen is a very fruitful one, and Mrs. S. will undoubtedly do it justice. We learn that Mrs. S. will enter the field as a lecturer under her non-de plume or professional name of "Caroline Hayes."

Another instance of the tendency to intimidate any person who gives evidence against the Democratic party in Florida was revealed in the Legislature of that State lately. Judge Archibald of the Circuit Court, had testified as follows before the Senate investigating committee:—"The State Senate stood 12 Republicans to 12 Democrats, and Johnson was selected because his district was a close one, and deliberately murdered for the purpose of giving the Democrats the ascendancy in that branch of the Legislature. The evidence against Richard the assassin was clear, connected, and amounted to a certainty of mathematical demonstration, and yet the jury refused to convict him. The moment he was arrested the whole Democratic bar of Jacksonville and nearly every Democratic lawyer in the State volunteered their services in his defense, while every effort was made by the best citizens to throw the officers of justice of the track and facilitate the escape of the murderer." On Monday this evidence was produced in the Legislature as a preamble to the following: "Therefore, resolved that the Committee on the Judiciary be and they are hereby instructed to procure a sworn copy of the testimony given by said Archibald before said Committee of the Senate of the United States, and report to this Assembly on the liability of said Archibald to impeachment on account of said testimony." The resolution was adopted by a large majority.

Mr. W. J. Thompson will open the "Philadelphia Store" in Sheriff Marsh's new building, on Wednesday, 14th inst., when our citizens will have an opportunity of seeing one of the finest assortments of dry goods and notions, carpets and oil cloths, and the choicest collections of groceries and provisions ever offered for sale in this borough. Mr. Thompson is an old and prominent merchant from Philadelphia, consequently he can give his customers a chance to purchase from him at greatly reduced rates. Don't fail to attend the opening and examine his stock.

George Drake, painter by profession, and a resident of this Borough, was arrested on Friday last, on the charge of having in his possession a buffalo-robe, belonging to Dr. J. P. Muehler, valued at \$12. On Tuesday Drake was given a hearing before Esquire Rees, who committed him to jail for trial at the next term of Quarter Sessions.

On Wednesday evening, January 31st, while the Rev. Mr. G. L. Schaffer and his wife was on their way to attend a Festival at Poplar Valley, the horse stumbled and fell and threw Mrs. S. out of the sleigh on the horses back, and although not seriously injured has been confined to her bed from the bruises.

Hon. SROGDELL STOKES, of this borough, who has been on a visit to his daughter at Moorestown, Burlington county, N. J. for several weeks, returned home on Tuesday of last week, in the enjoyment of good health and fine spirits, highly pleased with his visit. On Friday last he left for Moorestown, and expects to stay for some time.

FRIDAY last was the luckiest day of the season for sucker fishers. One party of five caught 103 from Wallace's Dam, in this place, near Rudy Kintner's residence; and another party 210 in the Broadhead's Creek, near Phillips' Mill, by blocking the ice.

On Monday, February 26th inst., A. W. Chipperfield, of Stroud township, this County, will offer at public sale his entire Household furniture, also one 2 horse farm wagon, one Back-board, &c. Sale to commence at 10 o'clock, A. M.

It is rumored that John Wanamaker is about to transform his great depot at Thirtieth and Market street into a general dry goods and ladies ready made clothing store, after the pattern of A. T. Stewart's.

A DELIGHTFULLY pleasant day was Sunday. All the sky was bright and clear, the atmosphere warm and springlike, and nothing disagreeable warped the harmony of things save the muddy crossings.

WHEN you see a hot stove lifter dancing gleefully around the kitchen, and trying to jump through the window, you can always tell that somebody has been seeking to pick it up.

DON'T be too modest to ask a hungry person to eat, or a shivering wretch to wear your old clothes. Remember that you started life on charity yourself, and had no clothes at all.

THE moon will be eclipsed February 27th. PRETTY days and pretty nights are plentiful now. NEARLY all the hat factories of Berks Co. are running on full time. THE warm day on Sunday had the effect of bringing out the promenaders. CORN-COB pipes are the latest rage with New York dandies. TRENTON has reduced the price of gas to \$1.80 per thousand. PAY cash for your purchases, and help bring back better times. FARMERS will soon begin to look up their implements for spring work. "OLD-FASHIONED molasses candy" is the sweetest wrinkle of the times. To make calla lilies bloom fill the dish under the pot with boiling water every day. NINE-TENTHS of the advertisers who ask that a stamp be enclosed for a reply are frauds. "If silver is cheaper than gold, which will buy the most?" Is the present financial conundrum. TWO HUNDRED AND TEN is the largest lot of suckers caught by one party through the ice this winter. PARTIES who think of going to Texas will take notice that farm laborers are paid fifty cents per day and board. IN Hazelton when a landlord wants to move a tenant for non payment of rent he takes the door of the house away. THE various Catholic associations of Harrisburg are making preparations for an extra celebration of St. Patrick's Day. WHITE plug hats made their first appearance on Sunday last, worn by two gent's. Do not be in a hurry boys. WORK on the Blairstown Railroad is progressing. Workmen are engaged in cleaning the snow and laying down rails. OUR old "dung hill" hen layed an egg last Monday which weighed four ounces. Pretty good, we think. Try again old biddy. A BERKS county man goes skimming over the snow on a pair of ten-foot snow shoes. What he does with the balance of his feet is not stated. THE revival services which have been conducted mainly by the Rev. McBride for the last seven weeks, have been brought to a close. LANCASTER is reviving the "spelling bee" for the benefit of the poor. Can't we revive something for the benefit of the poor in Stroudsburg. THE Camden Post has been reduced in size of paper and type, but as sprightly as ever. It is better to publish a little paper with something in, than a big sheet full of nothing. THE Luzerne Leader will in future be called The Leader and the place of publication has been changed from Pittston to Wilkesbarre. COLONEL D. H. NEIMAN, editor of the Easton Sentinel, has been re-elected one of the Vice Presidents of the Pennsylvania Agricultural Society. The Colonel is one of the most energetic officers the society has. A GRAND festival will be held in the Church at Snyderstown, on Wednesday evening, February 14th, purposing to raise the preachers salary. A cordial invitation is extended to all to attend. Should the weather prove unfavorable on Wednesday evening, then on Thursday evening. By order of the COMMITTEE.

A SPECIAL meeting of the Stroudsburg Library Company will be held at the Library, on Saturday afternoon, the 10th inst., at 2 o'clock. Amendment to the Constitution and By-Laws will be voted on. All stockholders are requested to attend. All persons having books belonging to the Library will please return them immediately to the Secretary. JOSEPH MATLACK, Sec'y.

THE large glass for Marsh's store room arrived on Saturday last, and were put in soon after their arrival, and about ten minutes after the work was completed, one of the glass on the side cracked about three inches below the arch of the glass. Mr. W. J. Thompson will occupy this room on the 14th inst. See his advertisement in another column.

NARROW ESCAPE.—On Tuesday last, Mr. Harry Wolfe, in company with others from this place, whilst skating on the Delaware River, at the Delaware Water Gap, broke in and came near being drowned. At the point where the ice gave way the water is supposed to be about twenty five feet deep. Howard Marsh who happened to be near him at the time, procured a pole which he shoved out and succeeded in getting Harry out of the river.

AT a regular meeting of the Hamilton Cornet Band, Thursday night, 1st inst., the following preamble and resolutions were unanimously adopted: WHEREAS, A rumor has been circulated to the effect that the leader of the Hamilton Cornet Band had lost the confidence of the band, and that unless he resigned, the band would dissolve as such; and WHEREAS, We believe such rumors have been intended by designing parties for selfish ends. Therefore Resolved, That in our intercourse between our leader and ourselves, we always had, and now have entire confidence in our leader as such, and as a gentleman and genial companion in all our intercourse. By order of the Board, SILAS FRANTZ, Secretary.

THE following "lick" is by the Lewis-town Gazette: "The Selin Grove Times says the sheriff of that county is charging illegal fees. Well now, ain't that strange? The sheriff is a Democrat, and we thought all Democrats were honest."

CHIEF JUSTICE WAITE is said to have the largest head in Ohio—or at least he had when he lived there. He wears a hat which is simply enormous.

VALENTINE'S at Angle's Variety Store.

THE MONTROSE DEFAULTER. ASTONISHMENT OF HIS TRUSTING FELLOW-CITIZENS—THE AMOUNT OF HIS PECUNIATION \$90,000. From the Scranton (Penn.) Republican, Feb. 3. The news of Nathan L. Lenheim's enormous defalcations fell upon our neighbors of Montrose, Susquehanna County, the other day, like a clap of thunder from a clear sky. He was a young man who moved in the best society in the place, apparently a devoted member of a Church, beloved and esteemed by all who knew him, the Cashier of a bank in which the wealthiest men of the town were interested, besides being well-to-do himself—all this at the age of 24. With such brilliant prospects before him he dashed them all to the ground in a single day, confounded the community in which he lived, and left the people of the place almost panic-stricken.

But a few days since he left Montrose without stating a word of his affairs to any one, and a week ago to-day he was arrested in New-York for presenting a forged note for the sum of \$10,000, to be discounted at the Importers and Traders' Bank in that City. The forged note was alleged to have been drawn by B. T. Stevens, and indorsed by Mr. S. Kessler, of Easton, who is known to be worth at least \$1,000,000. Fortunately, however, the bold trick was detected, and the forger taken in charge by the authorities. The receipt of the startling news completely shocked the people of Montrose, and especially the stockholders of the First National Bank, of which Mr. Lenheim was Cashier. Accordingly an investigation was made, and it was discovered that his bank defalcations reached the enormous sum of \$90,000 of money he had squandered in various ways. All efforts to ascertain how he had invested this plunder, or into what channels he could have directed it, have so far proved fruitless, and this portion of the transaction must remain a mystery until the dark sequel of the bold crime is revealed. Of this amount \$20,000 had been forged on the bank, and the rest was taken in various ways, for Mr. Lenheim had full control to discount notes and transact other business of the bank at will, and apparently without consulting any of the officers of the institution.

We have ascertained, however, that the defaulting Cashier's bond is good for the greater part of the money stolen, and that the most the bank will lose will be about \$24,000. The confidence of the people in its stability is still unshaken, and up to Thursday noon there was double the amount of money deposited that was drawn out. On Wednesday last the bank was closed for an investigation, and for the adjustment of matters that had been deranged by the sudden disappearance of the Cashier, but it was opened yesterday, transacting business as usual. The stockholders have given their note for \$40,000 to replenish the depleted treasury and meet present emergencies. They are all men of sound financial standing and no extraordinary run is anticipated. In fact, one party, to show his faith in the stable character of the concern, deposited \$5,000 in it on Tuesday, and others have testified their confidence in it in a similar substantial manner. The liabilities are secured by sound notes, and no such thing as a failure is expected.

The First National Bank of Montrose came into existence about two years ago, and ever since its inception Mr. Nathan L. Lenheim, the forger, has been its Cashier. At the close of the first year's business Mr. D. D. Searle, the Vice President, expressed a good deal of dissatisfaction over the fact that the original plan of referring all loans to a committee before being negotiated was not carried out, and that Mr. Lenheim was negotiating paper without the instructions of any one. This gave rise to such a state of feeling that Mr. Searle said he would either sell his stock or buy out Mr. Lenheim's. The consequence was that Mr. Searle sold out his \$15,000 worth for a margin of 20 per cent, and retired from the bank, receiving \$3,000 in cash, and the stock (which he still holds) as security. Mr. George V. Bently was chosen Vice President in his stead, and Mr. William J. Turrell is President. The First National is the only national bank in town. There is another banking house there, that of William H. Cooper & Co., which has been in existence for 20 years, and is above reproach.

NEW YORK, February 5.—N. L. Lenheim, Cashier of the First National Bank, of Montrose, Pennsylvania, who is detained on two charges, was brought up at the Tombs to-day and stated that he intended to waive further examination. Complainant, A. Lathrop, alleges that Lenheim forged his signature to a promissory note on the First National Bank of New York, at four months, for \$8,500, while he was a depositor in the First National Bank of Montrose. Bail was fixed at \$10,000. The prisoner was also held in \$5,000 bail to await a requisition from the Governor of Pennsylvania, on a charge of misappropriation of \$90,000 of the Montrose Bank's funds.

A Trotting Team of Oxen. Dexter the tamer of bovines, created a great sensation on the streets by appearing in a carriage drawn by four milk white oxen, all in harness and driven tandem. The gay and festive looking beasts pranced along in fine style—"heads up and a risin'," as our John would say. Governor Thayer was invited to take a ride, and was driven about for some time by Dexter. Other gentlemen also enjoyed the novelty. Dexter says that either of his oxen can trot a mile in 3.47. He offers to bet any amount of money that he can load a wagon with 4,500 pounds of freight, attach his four oxen, and make better time to Deadwood than any four horse or mule team with the same load can possibly do.—Cheyenne Leader.

DURING the year just closed nearly 40 lives have been lost in the Pennsylvania oil region through careless handling of nitro-glycerine. FARM laborers in California are said to receive from \$25 to \$50 per month, with board. THERE are 2,103 school districts in this State, 17,497 schools, and 20,192 teachers. CORN in Massachusetts is worth 90 cents; in Kansas only 23 cents.

For a few days past it has been reported in New York that the Central Railroad of New Jersey was again in financial difficulty and would not be able to meet the interest on its bonds on Thursday. But a special meeting of the stockholders was held on Wednesday, at which a sufficient amount of a new loan of \$3,000,000 was subscribed to meet present demands. Mr. Knight, the new President, has used every effort to maintain the solvency and brighten the prospects of the company. MOSES Oxenrider, of Berks county, recently made the following preparations for the subsistence of his family. He killed a bullock weighing, dressed, 887 pounds, and five hogs weighing 2,276 pounds, dressed. He made 1,028 pounds of sausage, one of which weighed 33 pounds; 130 pounds of pudding, over 1,200 pounds of lard, besides a lot of scrapple. Moses must have a large family. A BILL was introduced into the Legislature by Mr. Hitchcock, to prevent the giving or distributing or circulating of tickets, or of electioneering or soliciting votes within one hundred feet of any polling place on election day.
