TESTIMONIALS.

PHILADELPHIA, Feb. 15th, 1848.

This may certify that I have used one of the Strops prepared with HAYNES' MAGIC DIAMOND POWDER, and can attest in the most unequivocal manner, that there is nothing can be found that will produce the same effect in my opinion, and must say to others, try it, and you will find it superior to any heaetofore in use. I can truly say that I never knew what a sharp razor was before.

A very hard search and tender lace has competed me to seek and test many contrivances designed to make shaving easy and pleasant, but with indifferent success, until I made use of the Magic DIAMOND POWDER, sold by Alfred Bennett, and Roussel's Shaving Cream. Their united power act like magic, and impart a power to the Razor to remove the most stubborn learnt. to remove the most stubborn beard, without irritating the skin or temper of their owner.

Townsen's Sarsquarilla. The following was recently received:

Dr. Townsenn—Dear Sir: For the last three years I have been afflicted with general debility, and nervous consumption of the last stage, and did not expect to ever gain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and its where, and spending the most of my caranings in attempting to regain my health, and after reading in some paper of your Sursaparilla I resolved to try it. After using six bottles I found it done me great good, and called to see you at your office; with your advice: I persevere in taking the Sarsaparilla, and have been able to attend to my usual labors for the last four months, and I hope by the blessings of God and your Sursaparilla to continue my health. It helped me beyond the expectations of all who knew my case.

Brooklyn, Sept. 13, 1847.

Dr. Townsen: I take pleasure in stating, for the benefit of these whom it may concern, that m; daughter, two years and six months old, was afflicted with a nearly debility and loss of speech. She was given up as pass 45-covery by our family physician; but fortunately I was recommended by a friend to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astenishment of all who were acquainted with the circumstances. She is now quite well, and in much better health than she has been for 18 months pas.

TWO CHILDREN SAVED.

Very few families indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsaparilla in time, lost any children the past Summer, while those that did not, sickned and died. The cereincate we publish below is conclusive evidence of its value, and is only another instance of its saving the lives of children:

Dr. Townsend—Dear Sir: I had two children cured by your Sarsaparilla of the summer complaint and dysentory; one was only 15 mouth old and the other 3 years. They were very much reduced, and we expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them, we resolved to try your Sarsaparilla we had heard so much of, but had little confidence, there being so much stuff advertised that is worthless: but we are thankful that we did, for it undoubtedly saved the lives of both. I write this that others much confidence to the confidence, there being so much stuff advertised that is worthless: but we are thankful that we did, for it undoubtedly saved the lives of both. I write this that others much sold and the other, respectfully.

GREAT FEMALE MEDICINE.

GREAT FEMALE MEDICINE.

DR. TOWNSEND'S SARRAPARILLA is a sovereign and speedy cure for incipient consumption, and for the general prostra-tion of the system—no matter whether the result of inhe-rent cause or causes, produced by irregularity, illness or ac-cident. cident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nerveleasuess of the female frame, which is the great cause

found that will produce the same to the sa

No fluid or melicina has ever been discovered which so nearly resembles the gustric pince or saliva in decomposing food and strengthening the organs of digastion as thus preparati no of Sarsaparila. It positively cares every case of dyspepsia, however severe or chronic.

Bank Department, Albany, May 10, 1845.

Dr. Townsend—Sir: I have been afflicted for several years with dyspepsia in its worst form, attended with a arraess of storanch, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks, (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in removing the combinant. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using nearly two bottles, I found my appetite restored and the heartburn entirely removed; and I would carnestly recommend the use of it to those who have been afficted as I have been.
