

OLD DOCTOR JACOB TOWNSEND. THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla! OLD Dr. Townsend is now about 70 years of age, and has long been known as the nather and discoverer of the Genuine Original "Townsend Sarsaparilla" Being poor, he was compelled to limit its manufacture, by which means it has been keet out of market, and the soles circumeribed to those only who have proved its worth and known its value. It had reached the cars of many, nevertheless, as those persons who had been healed sore discasses, and asyed from death, proclaimed its excellence and woulderful

HEALING POWER. HEALING POWER.

Knowing, many years ago, that he had, by his skill, seience, and experienced, devised an article which would be of incalcuable advantage to mankind, when once knows and extensively used, he hoped and persevered, expecting the time to arrive when the means would be furnished to bring it into universel actice, when its institution with the would be known and appreciated. This time has come, the means are supplied; this

GRAND AND UNEQUELLED PREPARATION.

GRAND AND UNEQUELLED PREPARATION.

Is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Let every man ring throughout the land, that Old Dr. Jacob Townsend is now manufacturing the real Townsend Strauparilla, which never sours, never ferments, and never changes its character.

From this day forth the people shall have the Pure Genuine Townsend Sorsparilla, which shall never sour in the bottle, or in the stomach, and it shall yet lamish from the land all Fermenting, Souring, Exploding, Vinegary Sarsaparillas, now in use. A good Sarsaparilla, pure and genuine, ought to droop and die.

The Old Dr's, Sarsaparilla will keep pure and perfect 100 years.

The Old Dr's, Sarsaparina with scep pairs are proposed to yourse.

Unlike young S. P. Townsend's it improves with age, and never changes, but for the better, because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the Art have all been brought into requisition in the manufacture of the OLD DR'S SARSAPARILLA? The Sarsaparilla root, it is well known to medical men, cautains many medicinal properties, and some properties which are inert or useless, and others, which, it retained in promaring it for use, produce fermentation and acid, in promaring it for use, produce fermentation and acid, which are mert or useiess, and others, which, if retained in preparing it for use, produce fermentation and acid, which is inparious to the system. Some of the properties of Sarsaparilla are so voisitie, that they entirely evaporate and are lost in the preparation, if they are not preserved by by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as in exchallation, under heat, are the verifusemental medical properties of the root, which give to y all its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root till they get a dark colored liquid, which is more from the coloring matter in the root till they get a dark colored liquid, which is more from the coloring matter in the root till they get a dark colored liquid, which is more from the coloring matter in the root till they get a dark colored liquid, which is more from the coloring matter in the root till they get a dark colored liquid, which is more from the coloring matter in the root till they get a dark colored liquid, which is more from the coloring matter in

then call it "Sarsaparilla Extract or Syrup." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S SAR-SAPARILLA.

This is no prepared, that all the inert properties of the Sarsparilla root are first removed every thing cupable of becoming acid or of fermentiation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and this it is rendered incapable of losing may of its valuable and bending properties. Prepared in this way, it is made the most powerful agent in the CURE OF INNUMERABLE. Distraction CURE OF INNUMERABLE DISEASES.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it four companies in the cure of Consmiption, Dyspepsis, and Liver Complaint, and in Rhenmadsm, Scromin, Files, Costiveness, all Cutaneous Eruptions, Pimples, Bietcher, and all affections arising from the Companies of the

spiration relaxing stricture of the langs, throat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of Fernale Cemater and acknowledged than in all kinds and stages of Fernale Cemater as they can be purchased elsewhere. Counterns as they can be purchased elsewhere. paints.

It works wonders in cases of Pluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menacs, Irregularity of the menstrual periods, and the like, and is a effectual in curing all the forms of Kidney Discusses. By removing obstructions, and regulating the several sections. By removing obstructions, and regulating the general sys-tem, it gives tone and strength to the whole body, and thus

NERVOUS DISEASES AND DEBILITY, NERVOUS DISEASES AND DEBILITY,
And thus prevents or relieves: a great variety of other maladies, as Sginal Irritation, Neuralgis, St. Vitus Dance,
Swooning, Epileptic Fits, Convolsions, &c.
And yet he would fain have it understood that Old Dr.
Jacob Townsend's Genaine Original Sarasparilla, is an
IMITATION of his inferior preparation!
Heaves forbid that we should deal in an article which
would bear the most distant resemblance to S.P. Townsend's article! and which would bring down apon the Old
Dr. such a mountain load of complaints and criminations
from Agents who have sold, and parchasers who have used
S.P. Townsend's Fernanding Composind. We wish it
understood, because it is the absolute truth, that S.P.
Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are heaven-wide ngart and infinitely distimiliar; that

parilla are heaven-wide apart and infinitely dissimilar; that they are unlike in every particular, having not one single As S. P. Townsend is no doctor, and never was, is no

chemist, no pharamaceutist—knows no more of medicine or disease than any other common, unscientific, unprofes-sional man, what guarantee can the public have that the are receiving a genuine scientific medicine, continuing all the virtues used in preparing it, and which are measured of changes which might reader them the agents of discuss in-instead of health?

But what the should be expected from one who knows

But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience, to cook and serve up even a common decreat meal, how much more important is it that the persons who manufacture medicine, designed for weak stormachs and enfeebled systems, should knew well the medical properties of plants, the best manner of securing and concentrating their henting virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to those diseases?

It is not possible for this medicine to do good; it has not thing in it which can ever harm, it can never some of continuous and therefore, can never loose its continuous propriets. thing in it which can ever harm, it can never som or spoil, and therefore, can never home its countive properties. It cleaneds the blood, excites the liver to healthy action, tones the stometh, and gives good dige that, releaves the lowels of torpor and cannipation, albays inflamation, parties the skin, equalizes the circulation of the blood, producing genite warmth equally all over the body, and at the insensible perspiration; relaxes all obstructions, and invigorates the entire nervous system. Is not this, then, the medicine you pre-eminently need? But can any of these things be said of S.P. Townsend's inferior article? This young man's liquid is not to be

be said of S. P. Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S.

Because of one-grand fact, that the one is incapable of deterioration, and NEVER'S SPOILS, while the other does; it some, ferments, and slowes the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this hortisle compound be posterious to the system? What! out acid into a system sleady diseased with neid! What causes Dyspensa but acid, Do we not all know, that when tood sours in our stomachs, what mischief its produces? flattitude, hearthlarn, palpitation of the heart, liver complaint, diarrheas, dysentery, colle, and corruption of the blood? What is Serofath hat an acid hamor in the body! What produces all the hamors which bring on Eruptions of the Skin. Scald Head, Salt Rheum, Erysipelas, White Swellings, Pever Stores, and all ulcerations internal and external? It is nothing under heaven but an acid sabshance, which sours and thus spoth hall the fluids of the body, more or less. What causes Rheumatism, but a sour or acid fluid, which instanates itself between the joints and classwhere, irritating and hadaning the tender and delicate tissues apon which it nets? So of acryous discases, of impurity of the blood, of deranged circulations, and nearly aff the alliments which arfile the man rature.

Now is it not borrible to make and sell, and infinitely worse to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND:

It is berrible to think, and to know how cruelly the afflicted are imposed upon by prosumptuous men for the sake of money! Fortunes make out of the agonies of the sick and no equivalent rendered the despairing sufferers! It is to arrest franks upon the amountment, to poor baim into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity, that Oid Dr. Jacob Townsend has sought and found the opportunity and means to bring his Grand Universal Concentrated Remedy within the reach, and to the knowledge of all who need if, that they may learn and know, by Joyful experience, its that they may learn and know, by joynus caperally TRANSCENDENT POWER TO HEAL,

and thus to have the uncorchaseable satisfaction of havis used thousands and millions from the bed of sickness an espendency to hope, health, and a long life of vigor an usefulness to themselves, their families and friends. AGEST.—RENRY MASSER, Susbury.

DR. TOWNSEND'S COMPOUND EXTRACT FO SARSAPARILLA.

The great beauty and superiority of this Saraaparilla other remedies is, whilst it cradicates disease, other remedies is, whilst it eradicates disease, it invigorates the body.
Consumption cured.
Cleanse and Strengthen.
Consumption can be circle.
Bronchitis, Consumption, Liver Complaint, Colds, Cough Catarris, Asthma, Spitting of Blood, Screness in the Chest, Hectic Plush, Night Sweats, Difficult and Profuse Expectoration, and Pain in the Side,

Ac., &c.,
have and can be cured.

Probably there never was a remedy that has been so successful in desperate cases of consumption as this; it cleanses and strengthens the system, and appears to heal the alcers on the lungs, and patients gradually regain their usual health and strength.

CURIOUS CASE OF CONSUMPTION.

There is scarcely a day passes but there are a number of cases of consumption reported as carred by the use of Dr. Townsen's Sarsaparilla. The following was recently received:

Dr. Townsen—Dear Sir: For the last three years 1

ideat. Notice geon be more surprising than its invigorating of-eats on the human frame. Persons all workmass and las-situde, from taking it at once become robust and full of mergy under its introduce. It immediately counteracts the nervelossness of the female frame, which is the great cause

basis and with other difficulties, and inving known eases where your medicine has effected great entes; and also hearing it recommended for such causes as I have described. I commend of the analysis of the directions of the support of the stream of the stream of the form of the directions of the support of the support of the public of the directions of the support of the support

Dr. Townsend-Sir. I have been afflicted for several years with dysognals in its worst form, attended with a ursess of a much, the of apporting extreme hearthorn, and a great aversa at to all kinds if ford, and for aversa, what I could out I have been mable to retain but a small portion on my storage. I tried the usual remedies, but they had but little or medies a medical arrendorm tries of the following the complaint. I was induced, about two mouths since it try your Extract of Sarrapavilla, and I must say with little confidence; but after using nearly two bottles. I found my spectic restored and the beauthorn entirely conjugation and I would connectly recommend the use of it to those who have been afflicted as I have been. Y sits, Sec. W. W. VAN ZANDT, and for Sundary — JOHN W. FRILING; Northermore, Marky A. McCAY; Danville, WM. A. MURRAY & Co.

ROSE OINTMENT, FOR TETTER

MOND POWDER, and can affect in the most mequivocal manner, that there is nothing can be required by the following centificate from Capt. Devoe, the mequivocal manner, that there is nothing can be required by the following centificate from Capt. Devoe, the meaning of the meaning of the meaning of the manner. Philadelphia, October 31, 1816. PHILADELPHIA, October 31, 1816.

Several years since I was attacked with a breaking out on my neck in the form of Tetter, which I am convinced was continued at the Barber's Shop. It grandually extended over my face until it reached the upper part of the checks. During the several months that it continued spreading, I used different applications, a me of which had the effect, appearity at least, of increasing the disease, but from some of them all I perceive the issua benefit until I applied the Rose Onvener. By the use of one jar of it, I was perceity cured and have remained free of the affection.

There since used the Obstment, lightly applied for roughness of the face, blotches, chapped hauds. Ac. With perfect success. I have no healtafton in recommending it in the strongest measure to the public.
