SCROFULA

If thousands of Ours of Servfula Concers, Syphilic and the impure diseases of the Blood—and if the very SMALL QUANTITY schick was used of a Malicine to effect Carsa f such Diseases he any many of the purificing medical por in the Medicine which has subdued and conquered such BRANT'S INDIAN

PURIFYING EXTRACT

is such a Multrius, in every respect; and there is abundant proof, in great cares effected, that ONE BUTTLE; of it contains more puritying, bealing virue, and section paper, than there is contained in Fave Estiles of any surgicials, or any other molicine that has ever been offered for sale. There is undeathed proof in our pamphlets, that by the use of this great Indian Parifer, they that were DYKO yet LAVE—they that were LAME and CAIP ARE no now WALK—they that were SAK SCROYLOUS, and otherwise diseased, have been HEALED and CUEED.

Hundreds-Thousandsis have used Brant's Punitum, after having used and ted ALL the sursaparities and other medicines recom-aded to cure blood diseases, have decided that—

Brant's is the Cheapest, Brant's is the Cheapest,
because One Bottle of it has more medical, curative matter in it, and, in consequence, curee more disease in much
tens time, than one bottle of any other medicine.

If, then, ONE Bottle of Brant's Publishes will care
FOUR TIMES muse disease than one bottle of sarapavilla, "Brant's Publishes" would be as cheep at four delsorr a bottle, as saraparitie at ene dollar. But Brant's
PURIFIER is sold for only ONE BOLLAR a bottle; and
as a bottle of it has cured, and is causible of caring. Four
Times as much disease as one bottle of saraparitie, thosefore, saraparilla, in consequence of its less power and
tess medical efficacy, should be sold at us mare than
Theories Fice Costs pre-bottle, to be as cheap as the PublFIRE at One Dollar.

One Dollar's Worth! How much CANCES—how much Syperitis—how much SCROFULA—will One Bollar's revik of Brest's PURIFIER care! Read the following statement, which is a specimen of its power.

CANCEROUS SCROFULA!

This is the case of a Dying man who yet lives. He was cared of a worse case of Scrotula, by only Tectes Bottles of Brant's Paritier, than ever was caved by the use of Tectes Gallens of the best ser-apprille that was ever mole, Sarsaparilla has not sufficient received power to effect the sum of such a revoltingly hopeins case.

Binansonan, Orallan Co., Dec. 13, 1841.

Sir—you wish me to inform you what I know of Dr. Osgood's India Cholagogue, or anti-bilious medicine. I do believe that if the virtue and efficacy of this medicine were generally known, the FFVER AND AGUE would disappear in Michigan.

I procured a bottle in the spring of 1841, and have good remen to believe that myself and family escaped the ague last season in consequence of its inse.

Perhaps in no summer since the settleraeut of this fine peninsulis, has the ever and ague been so prevalent as the last. I have recommended this medicine in manerous instances, and when the disease had become fixed and builled the skill of physicians; and I have never known a fail. I has universally produced the most happy effects, and I bet lieve it has never been exceeded by any abeliance in removing the historic diseases of the climate.

Yours, respectfully,
