Mr. Hegins is a native of this place, where he resided until the time of his removal to Pottsville, a few years since, and we know we hazard nothing in saving that, perhaps, no gentleman of his age, in our community, was so well and favorably Mr. THOMAS GASKING, aged about 60 known and so universally esteemed as he. years. His high moral character, unbending integrity, peculiar boldness and independence of thought and action, and uniform courtesy of manner, secured for him the confidence of the whole people : while his powers of reasoning-always clear, logical, comprehensive, argumentative and vigorous, his soundness of judgment, clearness of perception and thorough knowledge of the principles and practice of the law, gave him a commanding position at the bar which it is not the fortune of many to attain. There are but few, if indeed any, within the range of our acquaintance, better fitted by nature and education, to wear the judicial ermine, and if our enlightened neighbors, the people of Schuylkill, have sales for city use at \$3,87a84.
