BURNING OF THE HENRY CLAY. Fearful Loss of Life.

Another terrible calamity occurred yesterday afternoon, on the Hudson River. About three o'clock, the steamer Henry Clay took fire and in a short time was a sheet of flame and burnt to the water's edge. She had in the steamer. about five hundred passengers on board .-Of these it is variously estimated, that from perished in the flames or were drowned in

## FURTHER PARTICULARS.

From the N. Y. Times. A resident of Chicago, named Adam Murray, was on board, with his wife and one child. All three of them jumped into the water together. The husband was sescued alive, but nearly exhausted. The child was found dead soon after, and brought to the Hudson River Rail Road, where it was recognized last evening by the father (Mr. Murray.)

A highly respectable resident of Montpelier, Vt., by the name of Stoddard B. Colby, was on board the steamer with his wife .-Both leaped into the river, and the unfortunate lady was drowned. It is no mean compliment, sir, that he has gone down to his grave, regretted by all who knew him, and regretted most by those who knew him best.

Mournfully impressed with these thoughts, beg leave to offer the following resolutions: Resolved, That we do most sincerely mourn he untimely loss of our late President, SAM-UEL HUNTER-stricken down in the height of his usefulness and in the summer of his life: that we will fondly cherish his remembrance, and profit by his example.

Resolved, That we tender our earnest condolence, in this public manner, to the family made lonely by his death.

The resolutions were seconded by Mr. dorton and unanimously adopted.

Mr. Cameron, the President pro tempore, n submitting them to the meeting, said he felt called upon by the position he occupied, to speak a few words in reference to their subject. It was with feelings of sorrow, he stood where he did. An upright and useful man had been stricken down to make room for him, and now that he was gone, and no mourning would call him back, it behoved us to do the best we could to supply his place. He had one in his mind, whose residence was only separated from that of the deceased by a river, who would fill his place with ability and energy, and to the satisfaction of the whole Society, and particularly, his own (Mr. Cameron's.) He spoke eloquently of the parposes and prospects of the Society, and pledged his own untiring efforts for its success.

The meeting then proceeded to the election of a President, -whereupon on motion of Wm. I. Greenough, Esq., seconded by Jesse C. Horton, JOSEPH R PRIESTLEY, Esq., of Northumberland, was unanimously elected

President of the Society. Mr. Priestley in taking the chair, stated hat he was no speaker, but he would endeavor to make up in action what he lacked in words, he thanked the gentlemen present for their partiality to himself and promised it should not be his fault if the Society did

not stand and flourish. On motion of J. C. Horton, Esq., a Committee of five, was appointed by the chair to procure a person to deliver an address to the Society, on the last day of the Exhibition in Northumberland, on the 8th day of October, The chair appointed Jesse C Horton, Samuel John, David Taggart, Wilson Hutchinson and Benjamin Gearhart.

David Taggart, Robert M. Frick and Samnel John were chosen a Committee to procure members from the persons then present. On motion Mr. Samuel Thompson, the Court Crier was elected a free member of the Society, on account of his kind services.

The editor of the Philadelphia Daily News has been raving upon the subject of the decision for the last ten days, accusing the Judges of corruption and impartiality in the most shameful and reckless manner. Our friend Cummings of the Bulletin having published the speech of Mr. Brewster, headed by Charles H. Shriner, Whiskey and for having said that "there can be no question of the justice of the Supreme Court's decision in the case" has brought down upon him the wrath of the editor of the News. It is much to be regretted that such disgraceful attacks upon the highest Judicial Tribunal in the state, composed of men of integrity and character, should readelphia. We have always been a warm friend to the Sunbury and Erie Rail Road, and look upon it as the most important improvement Philadelphia ever was interested in, but we agree with the Bulletin, "that there can be no question of the justice of the Supreme Court's decision." We are not, it is true, like the editor of the News, a Philadelphia lawer, and have imbibed what little legal knowledge we pos sess, in a different atmosphere. But we cannot see how any man of common sense myself to your consideration, as a candidate for who is willing to give the act a plain, honthe office of est and common sense construction, can arrive at any other conclusion, then the one given by the Supreme Court. And this is the opinion of some of the ablest and best lawyers in the country. It must not be expected that the improvements of the Susquehanna valley, are to be delayed until Philadelphia prejudice, lethargy and Rip Van Winkleism, is worn off by the slow effects of time. Until Baltimore moved in the construction of the Susquehanna Rail Road, Philadelphia not only refused to do any thing, but actually opposed the charter of the road with so much violence, that but one vote East of the Susquehanna, was recorded in its favor. And even now she refuses to grant one dollar in aid of the FRIDAY, the 3d of September next, the great Sunbury and Eric Rail Road enter- following real estate, viz : prise. SUSQUERANNA RAIL ROAD INJUNCTION.

It is stated by a number of our contempoaries that the injunction against the Sunbury and Erie Rail Road was not finally decided at this place, but would be re-argued at Pittsburg. This is a mistake. The prayer of the petitioners was for a special injunction, and this was fully granted. and judgement entered, but the delivery of the opinion was postponed at the request of the minority (Judge Woodward.) But we understand the opinion of the Court is equivalent to a perpetu I injunction, deciding that the Sunbury and Erie Company have no right to make the road until the Susquehanna Company fails doing so.

P. S. Since the above was in type, we received the opinion of Chief Justice Black, which is most conclusive, and fully sustains what we have said. We will publish the opinion next week. The Judge concludes his opinion as follows:

iii will close by briefly recapitulating. It is very improbable that the Legislature in-tended these two companies to make two roads over the same ground. The right of the Susquehanna Company is plainly granted, and is not denied. The supplement to the Sunbury and Erie Company must be construed stictly, not only because that is the rule for all public grants, but because construction is the only proper one, no inter-pretation could be latitudinary or loose enough to give it the meaning which the defendants insist upon. The Susquehanna Company have the right to make the road, provided they commence and finish it withn the time limited by law, and the Sunbury and Erie Company have no authority given them for that purpose, unless the other com-

DECISION OF THE SUPREME COURT ON | UNION COUNTY INDIGNATION MEETING. We learn from the Union County papers, that the great indiguation meeting held at New Berlin on Saturday last, against the subscription of \$200,000, by the commissioners, in favor of the Susquehanna Rail Road, resulted in favor of the subscription. out the timbers of the fallen bridge. It is their design to rebuild the bridge and complete it if possible by the close of the year. The company, we believe, intend to inborrow about \$6000,-the sum necessary Sollada & Company. to rebuild. The bridge was paying eight per cent, and we have no doubt, in a few years, it will pay even more on its increased capital. It is on the principle thoroughfare in the county and deserves encourage-
