LETTER FROM THE PRESIDENT-MR. LAW AND THE CRESCENT CITY.

The President has thought proper to make public the subjoined Letter to the Collector of New York, in reply to one addressed to him personally by that officer.

WASHINGTON, November 12, 1852. HON. HUGH MAXWELL, New York City:—Your note of yesterday came to hand this morning, in which you state a conversation you have had with Mr. George Law, from which you learned that the "Crescent City" will go to Cuba and enter the port of Havana in defiance of the Spanish authority; and, if fired upon, she will be surrendered, and that then he and others will immediately commence hostilities against the island.

But, in regard to the chief matters of your letter, permit me to say, that, in the first place, I do not admit the right of Mr. Law, or any other citizen, to threaten war on his own account, for the purpose of seeking redress for real or imaginary injuries, and then to call upon the Government to say whether it approves or disapproves of such conduct, and assumes its approbation unless the act is forbidden.

Mr. Law has an undoubted right to pursue his lawful business; but when a question is raised between this Government and a foreign nation as to whether the business which he pursues is lawful, or pursued in a lawful manner, the decision of that question belongs to the two Governments, and not him.

We regulate the terms and conditions upon which all foreign vessels shall enter our ports, and we fix the penalties for a violation of our laws, and the right to do so we shall never suffer to be questioned by foreigners, and we do not question theirs to do the same thing.

THE MAIIS.—Our letters and papers from Philadelphia, of Saturday morning were mis-sent from the Bear Gap to Danville on Sunday morning, from thence they were sent to Northumberland 11 miles, early on Monday morning where they laid until Tuesday morning, when they were carried two miles further and safely delivered at this place.

TWO BROTHERS IN CONGRESS. The election to Congress of the two Washburns, one from Illinois and the other from Maine, is spoken of by some of our contemporaries as something remarkable; and yet it is by no means the first instance of two brothers being at the same time members of that body.

WHAT THE DEEDS did our forefathers do to kill time and enjoy themselves! Without coffee, how did they manage breakfast? Without tobacco, what did they smoke? Without stoves, how did they keep warm? Without good roads, how did they get up a steam? Without potatoes, how did they get up a stew?

AN EXTENSIVE GANG of counterfeiters has just been discovered in New York city. The officers found a complete set of implements for counterfeiting gold dollars and sovereigns; these consisted of a large press, a galvanic battery, a set of dies, finely executed for making gold dollars, a die in an unfinished state, for making sovereigns, a large quantity of sheet brass, from which thousands of counterfeit gold dollars had been made, together with implements of every description suitable for the purpose.

CHEAP TRAVELING.—THROUGH TO CINCINNATI BY EXPRESS TRAIN.—The railroad connection between Philadelphia and Cincinnati is now completed, and the first express train started from this city on Sunday night to Cincinnati 39 hours.

TO NEW YORK FOR TWO DOLLARS.—The Accommodation line via Camden and Amboy Railroad, will commence running to-morrow at the reduced fare of two dollars.

PRINCIPAL LIBERTY.—It is stated in the New York papers that Mr. Peter Cooper of that city, has appropriated \$300,000 for the establishment of an institution, to be known as the "Union," for the Moral, Mental, and Physical Improvement of Youth.

WEST BRANCH BANK.—The following officers were chosen for the ensuing year: A. Updegraff, Charles Lloyd, James Armstrong, L. Mahaffey, John Durell, John Sebring, S. H. Lloyd, Joseph Grafius, Edward Lyon, Robert Montgomerie, John S. Grafius, H. M'Clure, and L. A. Acker.

GENERAL PIERCE will find both Houses of Congress, when he is installed in the Presidential chair, largely Democratic. The Senate will have 39 Democratic to 21 Whigs and 2 Free Soilers.

PHILADELPHIA AND SUNBURY RAILROAD.

The Miners' Journal speaking of the extension of the Mine Hill Road to Ashland, refers to the road from this place, to meet it, as being under contract only to a point four miles beyond Shamokin.

THE PRODUCTION of gold per week in Australia, by the 1st of July last, had reached, it is stated in English papers, 150,000 ounces, or nearly three millions of dollars in value.

AUSTRALIAN GOLD AT THE MINT.

A few days ago a deposit was made at the United States Mint of gold from Australia, the first, we believe that has been received there.

Mrs. HARRIET BEECHER STOWE is about to commence the publication, in the National Era, the Abolitionist paper, at Washington, of a new story, called "Mark Sutherland; or, Power and Principle." She gives the following as an outline of it: "This story illustrates, among other things, the genius of American institutions in developing and recompensing native talent in all ranks of society, shown in the history of a planter's son, who giving up his patrimony for conscience sake, sets out upon a life of toil and self denial, and through many early trials, adventures and sufferings, carves his way to merited honors."
