CHERRY PECTORAL: For the Cure of COUGHS, COLDS HOARSENESS, BRON-CHITIS, CROUP, ASTH-MA, WHOOPING-COUGH AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and metricity by far exceeding the most sangaine expectations of its friends. Nothing but its intrinsic virtues and the unmistakeable sensitive conferred on the assault of sufference, could originate and maintain the reputation it can year. While many inferior remedies thrust upon the community, have tailed and been discarded, this has gained triends by every trial, conferred benefits on the milicial they can never forget, and produced cures too numerous and remarkable to be forgotten.

de to be forgotten.

While it is a fraud on the public to pretend that any one nedicine will infallibly cure—still there is abundant present that the Chemax Pectonal, does not only as a general bing, but almost invarintly cure the maladies for which it a conducted.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eve, avariable accuracy and care. It is scaled and prist by law from counterfeits, consequently can be relied with a medicine of such intrusic supernamy and worth as should commend itself to their confidence—a remedy at once saie, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical occuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the affected with a remedy that will do for them all that medicine con do.
