Sunbury, July 23, 1853.

SINGULAR COINCIDENCE .- A correspondent of the Placer Herald is responsible for the following:

"A marriage took place on the night of the 15th ult., at the Nevada Hotel-a lady, no. unknown to the California public, to a gentleman from Kentucky, now a citizen of this State, he being the fifth upon whom she had conferred Hymenial honors, and the third whose heads are yet above the sod. By a strange concatenation of ci-cumstances, her two last husbands, between whom and herself all marital duties had ceased to exist by the operation of the divorce law, had put up at the Nevada House on the same evening, ignorant of the fact that their former care sposa had rested under the same roof with themselves, and also that they had both in former years been wedded to the same lady

Next morning, they occupied seats at the breakfast table opposite the bridal party + Their eyes met with mute, but expressive astonishment. The lady bride did not faint but bravely informed her newly-acquired lord of her singular situation, and who their goests were. Influenced by the nobleness of his nature and the happy impulses of his heart, he summoned his predecessors to his bridal chamber, and the warmest greetings and congradulations were interchanged between the four in the most unreserved and friendly manner. The two ex-lords frankly declared that they ever found in the lady arexcellent and faithful companion, and that they were the authors of the difficulty which produced their seperation, the cause being traceable to a too free indulgence in intoxicating liquors.

The legal lord and master declared that his affection for his bride was strengthened by the coincidence, and that his happiness was increased, if possible, by what had occurred. After a few presents or specimens from their well-filled purses, the parties separated—the two ex-husbands for the Atlantic States, with the kindest regards of the lady for the future welfare of her former huebands."

TAYLOR'S ICE CREAM SALGON IN NEW YOUR -This new saloon has just been opened, and is described at length in the papers of New York. They state that the ornamental work of the ceiling of the main saloon cost, alone, \$10,000. It is richly overlaid berland. with graceful moulded figures and foliage, gold and fresco painting. The gold thus used, cost \$1200; the painting, \$3000; the moulding, plastering, &c., about \$4000. The sides of the saloon are covered with large mirrors, arranged in panels, and surrounded and informs them he has taken the old stand with figures and ornamental work of rich lately occupied by James Taggart & Son, where design, in the Venitian style, representing he will be prepared at all times with a large supfruits, flowers, human figures, heads of animals, &c. The entire expenditure for mirrors, in the saloon, is nearly \$10,000.

THE WAY RAILROADS INJURE PROPERTY .-We learn, says the Doylestown Democrat, that Edwin Schofield, of Jenkintown, has sold his farm for \$250 per acre. A year or two ago, it would not have brought more than one half of that sum. It is near the location of the Philadelphia, Easton and Water-Gap Railroad. Jacob Paxson, of Abington township, has been offered \$250 per acre, for his farm. The Railroad above mentioned, it is believed, will be located through the land of Mr. P., cutting it up into two ill-shaped triangles. On this account it has probably been doubled in price. The farm was sold a few years since for about \$80 per acre.

CANARY BIRDS AND CANARY SEED .- The Boston Atlas having mentioned that during last year 56,000 bushels of canary seed were imported, costing \$13,500, a writer in the Journal of Commerce adds the intelligence that 41,000 canary birds are annually imported, costing \$17,360, making a total of nearly \$31,000.
