THE LOST TICKET:

A FRENCHMAN IN A STEW.

In returning from a trip to the Lakes, a few days ago, I witnessed a little affair that makes quite an item in my note-book, and may amuse your readers. After a weary drive, in a procession of twelve carriages, that moved solemnly for twelve hours over as many miles of beautiful country, we pulled up in front of the "National," in Springfield, at about 9 P. M. The Circus Institute, New York and Franklin, Philadelphia. and County Court kept that beautiful little town in a densely populated state, so much so, that the sixty or seventy passengers that I counted as travelling companions, could not find beds to rest their weary limbs up-'albotypes—Daguerreotypes in Oil.

Among the rest, a little Frenchman, whose baggage consisted of a queerly shaped hatbox and a faded silk umbrella, moved restlessly about with the box in one hand and the umbrella in the other, pooring forth an uninterrupted stream of incomprehensible English, in a way sufficiently ludicrous to amuse two crowds. Suddenly the little garlic worshipper discovered, to his utter dismay, that he had lost his ticket, purchased at Boffalo, and warranted to carry in the lot fronting on Cranberry St., a short dis- him through to the Henrie House in Cintance East of the Steam Saw Mill, where he has cinnatti. So saying, he stepped up to one of the attiches of the circus, procured a ticket, and handed it to the excited Frenchman.
