Favetteville, Tem, April 16, 1851.

Sir —We have given your Cherry Pectoria an extensive trial in our practice, and find it to surpass every other a medy we have for curing affections of the remutatory of the properties of the properties.

TO SINGERS AND PUBLIC SPEAKERS this remed is invaluable, as by its actions of the breat and huze, which is invaluable, as by its actions of the threat and huze, which

was on Friday sentenced to death by Judge Pearson, at Harrisburg, Pa, for the murder of his wife and Nathaniel Collyer. BEAR MEAT .- A black bear, weighing

about 300 pounds, was killed last week near Brookville, Jefferson co., Pa-, and the meat was sold in that town, for ten cents a pound.

A STEADY DIET .- An old lady down East having kept a hired man on liver nearly a month, said to him one day, "Why John, I don't think you like liver." "Oh yes," said John, "I like it very well for fifty or sixty meals, but I don't think I'd like it as a steady diet." The old lady cooked something else for the next meal.

HARD TO SWALLOW,-The Cobourgh (Canada) Star says that "a brick measuring 64 by 7 inches in circumference, and weighing over a quarter of a pound, was found in the stomach of a horse, which lately died there." We are rather inclined to think that the brick was in the reporter's hat.

Sagacious Fisu.-The West Point correspondent of the Evening Post says: "The tine sunny days make the bass and sturgeon quite ambitions; they jump out of the water a great deal. It has been remarked that the sturgeons do it to see how far they are from Albany, as the folks up there are so famous of making 'beel' of them."
