more than ange et important element of success

Whenever in doubt, if an action is good bad, abstain from it.

Flattery is a sort of bad money, to which our vanity give currency.

THE most valuable part of every man's education, is that which he receives from himself. Macaulay once observed that prize sheep

were only fit for candles, and prize essays to light them. Amalgamation in Cuba it seems is a mere bugbear, got up by the Havana correspon

dent of certain annexation prints. A Rash and somewhat deluded young man has threatened to apply the Maine law to his

sweetheart, she intoxicates him so. There is a Town in Maine called Random A resident of the place being asked where he lived, at Random. He was taken up as a

vagrant. A Person pointed out a man who had a perfusion of rings on his fingers, to a coaper. "Ah," said the artizan, "It's a sure sign of

weakness when so many hoops are used 12 ORIENTAL ANAMTOMY .- Everybody knew that a Tork was a Mussulman, but few appear to have been aware of his nerve.

Ladies who have a disposition to punish heir hosbands, should bear in mind that a little sunshine will melt an icicle much quick er than a regular northeaster.

"Pa, ain't I growing tall ?" Why, what's your height sonney?" "Seven-feet-lacking a yard,"

HUGGING THE SHORE .- The last cause of jealousy is that of a lady who discarded her lover, a sea captain, because in speaking of one of his voyages, he said he hugged the

AWYUL RESPONSIBILITY .-- Miss Susan Nipper says that the Russians have an awful responsibility resting upon them for killing the Turks—for every Turk who is killed at the very lowest price. Don't forget the place, G. ELSBERG & Co.

At a Social Party one evening, the question was put up, "What is religion ?" "Religion," replied one of the party, "religion is an insu, rance against fire in the next world, for which honesty is the best policy."

"Sammy, my son, how many weeks belong to the year ?" "Forty-six, sir. "Why, Sam, my, how do you make that out ?" "The received at their Old Stand in Upper Augusta other six are Lent." "Mother, put that boy to bed. He's getting too for'ard."

Pappy's description of a fiddle can't be beat. "It was big as a Turkey, and as muckle as a goose -he turned it over on its back, and took a crooked stick and drawed across its belly, and O, Sr. Patrick, how it did squale.

A BRUTAL teacher whipped a little boy for pressing the hand of a little girl who sat next to him at school: after which he asked the child "why he squeezed the girl's hand ?" "Because," said the little fellow, "it looked so pretty I couldn't help it." That boy's future career will be worth inquiring into.

A PHILOSOPHICAL ANSWER. -"Uncle Jo," said an observing little boy, "our folks always put up the window when the room is filled with smoke, and the wind blows in so as to prevent the smoke from going out that way; now, where does the smoke go ?" "It goes into the people's eyes," was uncle Jo's philosophic answer.

Sheridan wrote, "women govern us, let us try to render them perfect. The more they are enlightened, so much the more we shall be. On the cultivation of the minds of women depends the wisdom of men." Napoleon said, "the future destiny of the child is always the work of the mother."

THE Panama Railway was, at our last advices, progressing as well as could be expected during the present unfavorable season. Large numbers of the workmen were leaving on the expiration of their contracts, by every opportunity, but their places were rapidly supplied by new comers from various quarters. Heavy rains had retarded operations, and washed away embankments.

Modest Merit.-In Benton's "Thirty Years View," is an anecdote of Lafayette. that on approaching the harbor of New York, he made the unsophisticated inquiry whether his servant would be able to find a back at the pier to convey his party to the hotel; so little did he anticipate the national pageant which anxiously awaited his landing.

IMPROVED REVOLVER .- Our Boston cotempo raries are eulogizing an improved revolver, called "The Robbins and Lawrence Pistol." The improvement consists of a revolving place hammer, in tien of a revolving cylinder, by which a premature (accidental) discharge is rendered impossible. The new pistol is simple in construction, can be loaded and discharged with greater facility than any other similar weapon, and is managed with case and safety.

CELIBACY .- The perils of celibacy, partieularly in cold weather, cannot well be exaggerated. A few nights since an old bachetor in Mansfield, Ohio, being afflicted with a severe cold, undertook to take a bath in a tub of warm water before going to bed. The operation produced so comfortable a state of feeling that he dropped to sleep in the tub, and only awoke in the marning to find himself froze in as tight as a brick. He is now a candidate for matrimony.

"Annette, my dear, what country is opposite to us on the globe ?" "Don't know sir.

"Well, now," continued the perplexed teacher, "if I were to bute a hole through the

From two comment Physicians in

FATETTAVILLE, Tenn. April 16, 1851.

Sir —We have given your Cherry Pectoral an extensive trial in our practice, and find it to surpasse every other remedy we have for curing affections of the respiratory organs.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when takes it small quantities. It conveyed in lungs processed.

is invaluable, us by its action on the throat and lungs, when taken in small quantities, it removes all hourseness in a few hours, and wonderfully increases the power and flexibility hours, and wonderfully increases the power and fixibility of the voice.

ASTHMA is generally much relieved, and often wholly carred by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicuse. Cherry Pectoral will cure them, if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lunes, may be cured by taking Cherry Pe toral in annul and trequent doses. The uncomfortable oppression is soon releved.

Rev. Doct. LANSING, of Brooklys, New York, states: "I have seen the Cherry Pectoral cure such cases of Asthma and Bronchitis as tends me to believe it can rarely fail to cure those discusses."

FOR CROUP. Give m emetic of autimony, to be followed by large and requent doses of the Cherry Pectoral, until i subduces the discusse. It taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cared by the use of Cherry Pectoral.

THE INFL& ENZA is specific removed by this remedy. Numerous instances have been naticed where whole families were protected from any serious consequences, while their neighbors, without the Cherry Pectoral, were suffering from the discusse.
