Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effects in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

From two eminent Physicians in Favettevilles, Tena, April 16, 1851.

Sir —We have given your Cherry Pectoral an extensive trial in our pusetice, and find it to surpass every other remedy we have for caring affections of the respiratory organs.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the threat and laugs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cored by Cherry Pectoral. But there are some cases so obstains as to yield entirely to no analicine. Cherry Pectoral will enter them, if they can be cared.

BRONCHITIS, or irritation of the threat and upper portion of the lunes, may be cared by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon releved.

Rev. Doct. LANSING, of Brooklyn, New York, states: "I have seen the Cherry Pectoral cure such cases of Ashma and Bronchitis is leads me to believe it can rarely full to cure those diseases."

THE INFLUENCA is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors, without the Cherry Pectoral, were suffering from the disease.

Dr. J. G. Ayer:—
Salem Ohio, 14th June, 1851.

I write to inform you of the truly remarkable effects of your CHERRY PECTORAL, in this place, and in my own family. One of my daughters was completely cared in three days of a dreadful Winsersa Cooral, by taking it. Dr. Menns, one of our very best physicians freely states that he considers it the best remely we have pulmonary diseases, and that he has cured more consider it the heat remely we have pulmonary diseases, and that he has cured more considered.
