

FOOD AND ITS ADULTERATIONS.

The London Quarterly Review for April reviews a work upon "Food and its Adulterations, containing the reports of the Analytic Sanitary Commission of the 'Lancet' in the year 1851 to 1854 inclusive."

The revelations of this work relate almost exclusively to the adulterations practiced in London, but unfortunately the adulterations of this sort is cosmopolitan, and though we may not suffer so badly as the Londoners, yet the fact that we do suffer in all our large cities from a systematic practice of adulterating food cannot be doubted.

The manner in which food is adulterated is stated to be not only one of degree but of kind. The most simple of all sophistications, and that which is most harmless, is the addition of inferior qualities of the same substance.

The adulterations resorted to are not only fraudulent but poisonous. We are told that in the twenty-four hours of the examination, no less than twenty-four were adulterated with mustard-seed, brick-dust, salt, ground rice, and deal sawdust, by way of giving bulk; but as all of these tend to lighten the color, it is necessary to heighten the color by the addition of red ochre.

When a lyeum is full, then sometimes it would do to get some leading citizens to invite me to give a lecture on my own account, and I fear you will always be as much as \$50 to \$100 per lecture, or have a share of receipts, which will amount to that.

When a lyeum is full, then sometimes it would do to get some leading citizens to invite me to give a lecture on my own account, and I fear you will always be as much as \$50 to \$100 per lecture, or have a share of receipts, which will amount to that.

When it is made from damaged or inferior flour, a mixture called by the trade "hard" and "stiff," which is nothing more than alum and salt, kept in very small quantities by the druggists, is used. From this mixture the baker derives the advantage of improving the color of his bread, while it also absorbs a large quantity of water which he sells at a high rate per pound.

THE CLAY MONUMENT AT POTTSVILLE.

The inauguration of the Clay monument at Pottsville on the 4th of July, will be one of the great events of that place and will attract there a large concourse of people.

THE AMERICAN.

SATURDAY, JULY 7, 1855.

H. B. MASSER, Editor and Proprietor.

Advertisements: The circulation of the Sunbury American among the different towns on the Susquehanna is not exceeded by any paper published in North or Pennsylvania.

Business Notices: Barber's Iron Hair: An excellent article for washing, for sale at this office.

New Discoveries: See the advertisement of Seasholtz & Petyer in another column.

Drawings and Paintings: Our readers are referred to the advertisement of Mr. W. G. Anderson, his room is in the State House, where specimens can be seen. Admission free.

The storm of Sunday evening, though of short duration, was very severe and destructive. A number of fruit and shade trees were torn up and destroyed.

The average temperature of the month of June just passed, in Philadelphia, was 78.9. The average for the month of June last year, was 81.3. In June 1833, the average was 77; in 1836 it was 75.3; in 1839, 79.2. Since that time, the average was from 80 to 84, except the month just passed.

There is at present a large break in the West Branch canal above Milton. The running of the packets has been suspended, from Northumberland to Milton. It will probably be two weeks before the repairs will be completed.

The funeral of Samuel J. Fry, whose melancholy death, by falling under the coal train on the Philadelphia and Sunbury Railroad, we noted last week, took place on Sunday last. It was one of the largest funerals ever witnessed in this place. A large number of his friends came from Shamokin by a special train. The company of Artificers and several societies to which he was attached, attended in procession. His melancholy fate excited much sympathy.

In honor of Henry Clay. This monument is erected by the citizens of Schuylkill County, and dedicated to their children.

The inscription upon the stone facing north, as follows: HENRY CLAY, born in Hanover County, Virginia, April 12, 1777.

The heat on Saturday last is noted by the city papers as being excessive. The thermometer in Philadelphia reached as high as 98. There were a number of deaths in our large cities caused by the heat.

Harvest in Kentucky. Information from all sections of the State, shows that there is every reasonable prospect of a harvest unparalleled in the history of Kentucky. Every species of grain has grown with the greatest luxuriance. And the orchards are bowed down with their fruitful loads.

The Coal Trade. The Mines' Journal, says: "The demand for coal has evidently improved within the last week, and prices ruled from 15 to 16 cents a ton higher than they were a few days ago."

ST. LOUIS, July 1.—A party of seven men, on their way from Fort Union to Fort

St. Louis, July 1.—A party of seven men, on their way from Fort Union to Fort Sharp, were attacked on the 1st of May by a band of 300 armed Sioux, and George Sikes, of Quincy, Illinois, was killed. The remainder of the party were detained for some time by the Indians, but were finally permitted to proceed in 1846, and they have since been greatly gratified on the route.

The Sioux are also congregated in great numbers around Fort Pierre. It is stated from Fort Leavenworth that McCrea, who shot Malcolm Clark, has been committed to jail on the charge of murder. He was refused.

It is reported that a violent personal encounter occurred in Kansas, between Gov. Reeder and Mr. Strongfield. The Governor is said to have been badly beaten.

Arrest of a printer, the murderer of three men.—John L. Jackson, some years ago a printer in the office of the Reporter and subsequently a compositor in Reville office, has recently committed a murder in Lexington, Ky., for which he is now in jail. A despatch received this morning from Lexington states that he confessed having killed one man here with a bowie knife in 1846, and that he also killed Sheoman Thurston in December 1848, or January, 1849. Jackson, it seems, has been detected also in the commission of a burglary and larceny in Gerrard county, Ky., an evidence found in his possession proves him to have been connected with an extensive gang of thieves. It will be remembered that after he left St. Louis he gave currency to a report that he had died of cholera.—He lived in San Juan de Nicaragua for about eighteen months.—St. Louis Mirror.

West Point.—Only about two fifths of the number who entered four years ago, succeeded in getting diplomas, at the late examination of the class. The New York Courier says: "The course of studies is so severe that hereafter there will be a great falling off of four, and the term will of course be extended to five years. There is no such other institution in the world. As an evidence of public opinion in this regard, one of our literary institutions recently wrote to the superintendent offering a Professorship of \$1,000 per annum to any of the graduating class who would accept it! No takers."

A magnificent wedding in prospect.—The Richmond Dispatch treats its readers to the following wonderful piece of gossip: "We make no excuse for referring to a grand nuptial occasion which is to take place next week in New York. It is to be gotten up on a scale of ostentation and munificence necessarily giving it a publicity that will force the reporters—in spite of their well known repugnance to such things—to notice it as a part of the chronicles for the week which the public, the parties are wealthy. The bridegroom is a Louisiana planter (sugar) and the bride is the daughter of a New York Judge. The preparations are of the amplest kind.—No Presidential tour was ever so magnificently cavorted for, even in the hey day of old Hickory. There are 2,000 guests invited, all of whose expenses are to be borne by the inviters. The bridegroom is to be accompanied by 200 pairs of young ladies and gentlemen from the South, and will pass through this city about the 12th of July. (That's something to watch the cars for!) In his route he will be joined by recruits in every city, for the attractions will utterly throw in the shade the flesh-pots of the 'wally' California. There being no probability of accommodating the multitude at a private mansion, the St. Nicholas Hotel has been rented at \$2,000 a day for four days, during which there will be a royal feasting. The most distinguished caterer in New York has engaged to fill the tables of the party for the vast assembly of guests. Every art, and every expenditure that can add to the pomp and circumstance of the event, will be employed. Wealth there is in abundance, and the parties are determined that the ceremony and attending circumstances shall exceed in grandeur anything that has ever preceded it! We will not for present let our fair readers into the secret of who these people are who are about to become so notable; it would diminish the interest of the affair to tell them all about it. Once—so we will drop the subject for to-day.

The strawberry season is now over. This delicious fruit has been unusually abundant this year. The farmers of Passaic and Bergen counties, N. J., have been sending from 3,000 to 5,000 baskets per day, to New York for the last two weeks, and the Newark Advertiser says: "The growth of this article has given employment to many hands, the farmers paying one cent per basket for picking, and board gratis. Nimble hands can easily earn from \$1 to \$1.25 a day. An old lady, sixty-three years of age, picked one day last week, in ten hours, one hundred and seventeen baskets."

Vegetable shipments.—Twenty-five hundred barrels of potatoes, peas, snap-shot beans, apples, &c., were shipped to New York, from Norfolk, Va., last Saturday. This shipment will yield a return of ten or twelve thousand dollars, and the freight alone amounted to \$1,000.

Gov. N. H., July 3.—The liquor bill reported in the House provides for a fine of \$50 for the first conviction for a single sale, a fine of \$50 and thirty days' imprisonment for the second conviction, and for every subsequent offence a fine of \$100 and 90 days' imprisonment.

The Apple Crop.—The Rochester Union says that a beautiful crop of apples will be gathered in Western New York. The orchards are said to be laden with fruit. The Union thinks that the apples will be plenty that the inferior qualities will not be gathered at all, that is if the Prohibitory Law puts an end to the making of cider.

For the Sunbury American. CELEBRATION OF THE 4TH OF AUGUST. H. B. Masser, Esq.—The Creek Augusta Sabbath School joined by members from the Hyderston, He's and Mount Pleasant schools—besides a number of gentlemen and ladies from the surrounding county, met at Everett's School House, at 9 o'clock A. M., and they formed in procession under the command of Marshalls, and headed by the drum and life, marched to a beautiful grove along the Shamokin creek, on the farm of John Hanghawout, where a speakers stand and comfortable seats were prepared.

After the procession was seated, there was first read the patriotic song "Our Country 'tis of thee"—the reading of the Scriptures and a prayer—then instrumental music, then the reading of the Declaration of Independence by Wm. J. Hanghawout, then music by the drum and life, the musicians being under the assembly under command of Joseph M. Wolvort, conducting H. J. Wolvort to the speakers stand, and introduced him to the audience by slow and soft taps of the drum, who then entertained the attentive audience with classic spruce and patriotic address, which was responded to by music again from the spirit stirring drum. By this time, on account of the rain, the procession proceeded to Wm. Hanghawout's whose hospitality furnished them with shelter from the rain. Where abundant provisions had been provided.

The Rev. R. A. Fisher and lady favored us with their presence, and on account of the wetness of the day, Mr. Fisher took no part in the exercises in the forenoon. In the afternoon the clouds passed off, the procession again proceeded to the grove, when Mr. Fisher addressed the Sabbath Schools with some brief impressions and suitable remarks. Wm. J. HAUGHAWOUT, Sec'y., July 4, 1855.

At a meeting of the O. of U. S. of A. Susquehanna Camp No. 29 on the 4th day of July the following preamble and resolutions were unanimously adopted: WHEREAS an Overruling Providence in his infinite wisdom, hath been pleased to remove from our midst by the ruthless hand of death, our late Bro. SAMUEL J. FRY, who by an affectionate regard for the welfare and happiness of his friends and acquaintances has favorably impressed his memory on all their hearts; and

Resolved, That we are very unexpectedly called upon to lament the early death of our much beloved brother, and the loss of one of our most worthy and esteemed members, whose amiable qualities and social virtues constrain us deeply to regret, his early death. Resolved, That in this sad bereavement we tender our sincere regard and deepest sympathies to the relations and friends of our deceased Brother.

Resolved, That as a testimonial of our regard for Bro. Fry, the Hall be clothed in mourning and the members wear the usual badge of mourning for thirty days. Resolved, That a copy of these resolutions be forwarded to the bereaved widow of our late brother, and that they be published in the Sunbury paper.

W. A. BRUNER, D. O. E. MAIZE, L. V. SEASHOLTZ, Committee.

PROCEEDINGS OF COUNCIL. COUNCIL CHAMBER, J. SUNBURY, JUNE 4, 1855. Council met at the usual hour, being the stated night of meeting. Present—Wm. M. Koedler, Chief Burgess, D. W. Shindel, 2nd Burgess, Beck, Board, Govart, Snyder and Haas.

On motion of D. W. Shindel, Resolved, That the adoption of the minutes of last meeting be laid over until next meeting. The following Preamble and resolutions were then offered by Dr. D. W. Shindel and unanimously adopted by the Council: WHEREAS, it has pleased Almighty God, in his wise providence to make a breach in our Council by calling, Samuel J. Fry from time to eternity. Therefore, Resolved, That we deeply sympathize with the bereaved family of our departed friend, and hope that the religion which he professed may be their comfort in this life, and their joy in eternity.

Resolved, That in the opinion of this council Mr. Fry by his integrity, urbanity, his tender and affectionate disposition, has endeavored himself in a peculiar manner to us, and to the community. Resolved, That in testimony of our regard for the deceased, these resolutions be passed by council, in a standing position. Resolved, That the Chief Burgess be instructed to address a letter of condolence to the widow of our deceased friend, expressing the high esteem in which we hold his character, and the deep interest we feel in his welfare. On motion adjourned until to-night one week (Tuesday July 10) agreed to. E. M. WILBERT, Town Clerk.

NEW ADVERTISEMENTS. NOTICE. I have been received at the Prothonotary's office at Sunbury, and are ready for distribution to those who are legally authorized to receive the same. JAMES BEARD, Prothy. Prothonotary's Office, Sunbury, July 7, 1855.

REGISTERS' NOTICE. NOTICE is hereby given to all Legatees, Creditors and other persons interested in the Estates of the following named persons, that the Executors, Administrators, and Guardians of said Estates have filed their accounts with the Register of Northumberland County, and that the same will be presented to the Orphan's Court of said County, on Tuesday, the 7th day of August, A. D. 1855, in the forenoon, for confirmation and allowance. BIRD ZIEB, dec'd., settled by his Ex'rs, Joseph Bird & Samuel Reeder. Search Elijah, dec'd., settled by his Ex'rs, James Search. Attention Good Intents!! THE members of the Good Intents Engine Company are hereby commanded to meet at the Engine House, on Saturday, the 7th night, at 7 o'clock, P. M., in full uniform, for the purpose of receiving the Engine. By Order of the President. Sunbury, July 7, 1855.

Sketching from Nature.

W. G. ANDERSON has the pleasure in announcing to the citizens of Sunbury that his classes are now in operation, and all who are anxious of learning this beautiful accomplishment will find in it room in the State House.

So little is generally known (even by many who profess to teach) of the true mode of perspective necessary to a correct knowledge in the Art, that this is an opportunity seldom offered, every pupil being qualified to draw and paint from Nature. The citizens are invited to call, and examine a choice collection of original paintings from Nature. Sunbury, July 7, 1855.—11.

NEW FAMILY GROCERY.

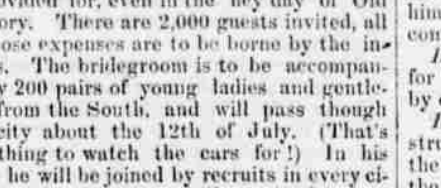

SEASHOLTZ & PETERY. Broadly, between Market & Blackberry Sts. RESPECTFULLY inform the public that they have just received a large and well selected assortment of choice Family Groceries, consisting in part of Hams, Shoulders, Mackerel, Herring, White Fish, Cod Fish, Salt Preserved Fruit, Pickles, Crackers, Cheese, Mollusks, Rice, Sugar, Coffee, (green, roasted and ground.) Imperial, Young Hyson, Gunpowder and Black Tea, Cedar-ware, Stone-ware, Soaps, brushes, glass and wash lines, Boots and shoes, and every article usually found in a first class Grocery Store, all of which will be sold at the lowest prices, either for cash or country produce. We also keep on hand choice Liquors, Port, Liqueur, &c. Porter, Ale, beer, raspberry, &c. and are prepared to supply the citizens with fresh bread, twist, rolls, pies, pretzels and cakes of every kind. N. B. The highest cash prices will be paid for butter and eggs, corn, oats, rye and wheat. Sunbury, July 7, 1855.—11.

A MILLER WANTED.

THE subscribers would give employment to a good miller, by calling at Lloyd's mill 2 miles above Northumberland. Liberty wages will be given and a permanent situation by calling early. JOHN A. LLOYD & CO. July 7, 1855.—31.

BARLOW'S INDIGO BLUE.

BARLOW'S INDIGO BLUE, is now well established as the best article ever offered for Dyeing Cloth. It is entirely free from acid or anything injurious to the fabric. It is supplied by H. W. Shindel, who will find it much cheaper and less trouble than Indigo or any other article. The great demand for it has brought out several imitations. Storekeepers and consumers will be careful to get Barlow's Indigo Blue, put up by Alfred W. Shindel's Drug Store, No. 169, N. Second Street, Philadelphia. Storekeepers can get their supplies from the Grocers and Druggists they deal with, at prices yielding a good profit. Dr. C. M. Shindel, Philadelphia, Pa. Staffs, &c., with a first-rate assortment of eye-glasses in the line. Storekeepers, Physicians and manufacturers supplied at reasonable rates. ALFRED WILBERGER, Druggist. 169 N. Second Street, Philadelphia. July 7, 1855.—11.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC. There has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared and is now offered to the public. Its medicinal virtues has conclusively shown that what it accomplishes the purpose designed. It is entirely free from any of those deleterious ingredients which are so common to the medicine in general, and which are so often the cause of the most serious diseases. It is entirely free from any of those deleterious ingredients which are so common to the medicine in general, and which are so often the cause of the most serious diseases.
