AYER'S PILLS

A NEW and singularly successful remedy for the cure of Billions diseases - Costiveness, Indi-gention, Janndice, Dropsy, Rheumatism, Fevers, Gout, Humora, Nervoueness, Irritability, Inflamma-tions, Heudaches, Pains in the Brenst, Side, Back, and Linbs. Female Complaints, &c., Ac. Indeed, very few are the diseases in which a Purgative Medi-cine is not more or less required, and much sick-mess and suffering might be provented, if a harm-less but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails ; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Fererish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first impertance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Profes-sors, and Patients, has shown results surpassing my thing hitherto known of any medicine. Cure have been effected beyond belief, were they not sub-stantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Then A. Harze, Analytical Chemist, of Boaston, and State Assayer of Massachusetts, whose high professional character is endorsed by the Mos. Enward Fernary, Sara of the House of Representatives. S. LELAND & CO., Propr's of the Mctropolitan Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial. These Fills, the result of long investigation and most complete which the present state of medical science can afford. They are compounded not of most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pecteral and Pills both, to produce a more efficient remedy than had hitherto been ob-tained by any process. The reason is perfectly ob-vious. While by the eld mode of composition, ev-ery medicine is burdened with more or less of acti-

tained by any process. The reason is perfectly ob-rious. While by the old mode of composition, ev-ery medicine is burdened with more or less of acri-monious and injurious qualities, by this each indi-ridual writee only that is desired for the curative effect is present. All the inert and obnoxious qual-ities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition. I have supplied the scenarte Formulæ by which both my Pectoral and Pills are made to the woole body of Fractitioners in the United States and British Amer-ican Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mish to his address. Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries. The composition of my preparations is laid open

Their life consists in their mystery. I have no mysterice. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many em-inent Physicians have declared the same thing of my Fülls, and even more confidently, and are will-ing to certify that their anticipations were more than realized by their effects upon trial.
