Innunerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the loody, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the footbonners which breed and grow distemper, siliculate singgish or discredered organs into their natural action, and import healthy tone with strength to the whole system. Not only do

Not only do they cure the everychay complaints of every lossly, but also formidable and dangerous diseases that have badied the best of homan skill. While they produce powerful effects they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of hurn. Cures have been made which surpass belief were they not substantisted by men of such exatted position and character as to forbid the suspicion of untruth.
