ARRIVAL OF THE ILLINOIS.

LATER FROM CALIFORNIA.

Gen. Henningsen and Col. Titus among the passengers—Gen. Walker's Surrender.

New York, May 28.

The U. S. mail steamer Illinois, which left Aspinwall on the 19th, arrived at her wharf at 4 o'clock, this afternoon.

General Henningsen and Col. Titus, two of General Walker's staff, are among her passengers.

The Illinois connected at Aspinwall with the Gen. Green which brought down nearly two and a quarter million of dollars.

Semi-official information received at Panama from Bogota, states that the islands in the Bay of Panama, together with the tonnage upon American vessels, have been ceded to England.

Information of the execution of Col. Crabb and party had been received at Panama.

Lieut. Strain died at Panama on the 14th inst.

THE CAPTURE OF GEN. WALKER.—Rivas was evacuated on the first day of May, by General Walker, he having capitulated to the American army being allowed to retire on board the U. S. sloop of war St. Mary's, together with his officers.

The remnant of his army was sent down in a steamer to Panama.

The Costa Ricans received the news of General Walker's surrender with great rejoicing, and were making extensive preparations for the reception of Gen. Mora at San Jose, on his return from Rivas.

VALPARAISO AND CALAHO.—A MIDWINTER ATTACK UPON CALAHO.—The advice at Panama from Valparaiso are to the 16th of April, and from Calaho to the 26th.

Gen. Vianco, with two steamers and five hundred men, attacked Calaho at midnight on the 20th of April. A brisk fight ensued in the streets of that city, which resulted in Vianco's total defeat, a large part of his force being made prisoners.

General Vianco remains on board the steamer; General Plaza, having captured the town, and Gen. Rodriguez, who killed Rodriguez of the insurgents, were killed. General Vigil and Macleua, of the insurgents, were wounded and taken prisoners. Vianco escaped with the steamer. He says he has 2500 troops at Arequipa, and does not acknowledge a total defeat.

The revolutionary ships "Loa," "Gisela," and "Ischena," were at Callao, four days after the fight.

During the funeral obsequies of Gen. Plaza, at Calaho, a report that Gen. Vianco's troops were landing, caused great excitement. During the confusion which ensued, Gen. Estero, who was shot dead, the custom-house of Calaho was closed, and all business was suspended throughout the city.

CALIFORNIA.—The California news is unimportant.

The State Legislature adjourned on the 30th of May, after having passed a hundred and thirty bills during the session.

The mining news is favorable. The supply of water at the mines was more abundant than usual.

The grain and fruit crops are represented as suffering from drought.

THE OHIO FUGITIVE SLAVE CASE.

A Speck of Civil War.

There has been great excitement during the last two days, in Greene county, in this State, in consequence of the arrest of four individuals charged with aiding a slave to escape.

On Tuesday United States Deputy Marshal Churchill, accompanied by eleven assistants, left this city for Mechanicsburg, Pennsylvania, Ohio, with a warrant issued by Commissioner Newhall, for the arrest of Charles and Edward Taylor, brothers, Russell Hyde, and Hiram Guttridge, who, says the warrant, did, about the 21st day of Aug. 1856, harbor and conceal one Add White, a person owing service and labor to Daniel G. White, of Flemingsburg, Ky., who had previously said date, escaped into the State of Ohio, and was then a fugitive from such service and labor, so as to prevent the discovery and arrest of said Add White. The offense charged, it will be observed, is not that the slave was aided in his escape from his master but that he sheltered and protected him in Ohio and other States that "put him through" to the Underground Railroad. The penalty for the offense is a fine of a thousand dollars and imprisonment.

On Wednesday morning, the Deputy Marshal left Urbana with his posse, in hired carriage, and in Mechanicsburg, and the neighborhood, succeeded in arresting the four named individuals. While the arrests were in progress, the most intense excitement was created in the vicinity. The news spread rapidly, and a determination was expressed to see every means the law provides to rescue the prisoners from the hands of the Border Ruffians, as the officers were called. A mob set out to meet them over to Kentucky and lynch them.

A writ of Habeas corpus was procured from Judge in Chancery county, and the Sheriff attempted to serve it; but before he could do so, the officers had conducted the prisoners beyond the bounds of the county. A second writ was issued, and the Sheriff proceeded to obey the writ. The Sheriff not having force to compel obedience, they proceeded on their journey to this city. A third writ was then obtained in Greene county, and the Sheriff of that county, with his posse, proceeded upon the 26th inst., at 10 o'clock, to arrest the prisoners in Jamestown.

The U. S. officers resisted the act of the county officers in seizing their horses, reins, and making known their business. A mob of men followed, and the Sheriff and his men were assisted by an excited crowd of 50 or three hundred persons. Rifles and pistols were displayed. The Marshal and his men drew their weapons, and several shots were fired. Mr. Churchill discharged his revolver at the crowd, but no one was seriously injured.

The conflict was sharp and stubborn, but superior numbers prevailed, and the Deputy Marshal, with all his posse, were made prisoners, and a dispatch received yesterday afternoon stated that they were to be sent last night to Springfield for trial.

At Springfield, at one o'clock yesterday, Deputy Marshal Keifer arrested Isaac Sartor on a similar charge, that he made against others, and brought him to this city, where he was held by Commissioner Newhall \$1,500 bail for examination next week.

FEMALE OPERATORS.—On several of the lines of the United, and on many within the limits of our own State, women are employed as telegraph operators, and the result has shown that they are as competent for the duties as they are expected to perform.

Another Boker and Deak's Apparatus.

Augusta, Maine, was recently the theatre of a second edition of the Boker and Deak matrimonial farce in New York, the history being thus:

"The daughter of Mr. Moran—an Irish Catholic—was engaged in marriage to Mr. McCormick, a Protestant. The young lady's parents were opposed to the match, because the bridegroom was not a Catholic, and the priest was notified and forbidden to unite the parties. Not to be foiled in this way, Mr. McCormick and Miss Moran repaired to Ex-Mayor Patterson, with the certificate of their intentions, and were legally joined by him in marriage on Saturday last. The fact coming to the ears of the offended parents, before night the bride was seized, carried violently to her former home, and imprisoned in a chamber, so that her husband could have no intercourse with her. No to be defeated in this way, the husband on Wednesday last sued out a writ of replevin, which was served by Sheriff Gilbreth in the afternoon, who entered the prison-room of the fugitive wife and gave her to her lawful, though Protestant husband."

INTERESTING FROM SALT LAKE.—By way of California, we have advice from Salt Lake City to April.

The schism in the Mormon Church has assumed a formidable character. The Glendale apostates from the Simon Park faith, as enunciated by Brigham and his adherents, have of late wonderfully increased their numbers, and grown so rebellious that the Prophet is forced to environ himself with a trusty guard of the faithful. The letters state that his house is guarded night and day by his friends, and that so bitter are his enemies against him, he is afraid to show himself in public. He has deserted the Tabernacle.

The Mormons of Carson Valley, on account of difficulties apprehended with their Gentile neighbors, had been peremptorily ordered to Salt Lake by the Prophet, but thinking it better to negotiate a peace, they made their homes, they have shaken hands with the Amalunks, and buried the tomahawk. Snow had fallen in the Valley this winter to the depth of two feet, but did not lie long enough to do any injury to the stock. Cattle are in fine condition, and a great many have been wintered there.

NEW BANKS IN PHILADELPHIA.—The Philadelphia American says:

Three new banks have been incorporated this year each with a capital of half a million of dollars, and the capital of the Manufacturers' and Mechanics' Bank has been increased some seven hundred thousand dollars. These additions are in all two million two hundred thousand dollars. The Manufacturers' and Mechanics' Bank has long been among the most active of our smaller banks, and its sphere of operations had in fact become of necessity so very extended in order to accommodate the growth of trade, that a large increase of capital was much wanted. As regards the new institutions, their character is yet to be decided. The Corn Exchange and the Bank of the City are the most important of traders gathering at the daily meeting on 'Change, and will be actively supported by them, so that it bids fair to become a substantial concern. The Union Bank was asked for by parties engaged in the North Third street trade, and it is understood that there it will be organized and located in Philadelphia, having taken that quarter. The Commonwealth Bank had its origin among the printers and publishers, and, as we are informed, to be under their management.

THE LAND FEVER.—Speculation of lands has reached a height in the West, that the Government land offices are besieged by the buyers. Recently, at Osage, two thousand persons arrived for the purpose of purchasing lands, and the rush was so great, that some posted themselves before the doors of the office on Saturday night, with their provisions in their pockets, and remained there till Monday morning, when the sales began. Several persons had their ribs broken in the pressure of crowd. This was the scramble for bank stock, which was once witnessed in Philadelphia, though how new bank stock seems rather unattractive to those who have capital to invest.—Public Ledger.

IMPORTANT DEVELOPMENTS.—It was discovered yesterday that the two men killed on the Railroad at Highspire, on Thursday morning last had been for several weeks residents of our town, and occupied a house in North street near Front. The discovery of this fact led to an immediate search of the house, and the discovery of various implements used in the manufacture of counterfeit coin and bank notes.

A woman in the house—supposed to be the wife or mistress of one of the parties—confessed that the men came here from Muncy, and had some connection with a gang of counterfeiters and burglars. This confirms our suspicions as to the Middletown robbers. The two men who were killed so doubt were connected with the Muncy gang in these outrages, and the boat whose sudden and mysterious disappearance from Middletown we alluded to yesterday, there is reason to believe, contained the additional party. A further search of the house on Friday last night and it was expected that more developments would be made, and a full confession elicited from the woman.—Harrisburg Herald May 20.

A couple in Virginia lately eloped and walked fifty miles to get married, the gentleman an emaciated lady's waist the whole distance.
