EVANS & WATSON'S 26 South 4th Street, Philadelphia. Truth is Mighty, and Must Prevail. Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, February 27, 1857.

READING, March 4. The undersigned, members of the committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evens & Watson, placed side by side in a fur-nace, viz: The Safe inuse by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely

The fire was started at 81 o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chesnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examined and marked by the Committee. The books and papers taken from the Safe manufactured by Farrels & Herring were in our judgment, damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both

DANIEL S. HUNTER. Having been absent during the burning, we fully coincide with the above statement of the condition of the papers and books taken out of the respective Sales.

THE sciences of Chemistry and Medicine have been taxed their atmost to produce this best, most perfect purgative which is known to man. Innunerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win un-precedentedly upon the esteem of all men.
