The Royal Mail Steamship Europa, which left Liverpool about half past two o'clock on the afternoon of Saturday, the 9th instant, arrived at New York yesterday morning, bringing one week's later intelligence. The U.S frigate Powhatan was at Madeira

on the 30th of December. General Havelock is dead, dysentery being the foe that he had to contend against. The British troops under Windham have had a battle with the Gwalior contingent, and been beaten. This force is about 8000 men; the British had three regiments of 2000. British were obliged to retreat, and the

enemy captured all their tents.
Sir Colin Campbell immediately went up to attack the Gwalior contingent, and beat the enemy badly, taking all their cannon.
