C. STREET, WASHINGTON, April 8, 1858. To Eamuel Houston, Esq. Senator in Congress from the State of Texas, and George W. Jones, Representative in Congress

from Tennessee: To you, as old Tennessee friends, I address myself to say, that in the event of my death here, I desire that there shall not be any notice taken of it in Congress. There is no rule of either House that will authorize the plied in my case, as being contrary to my feelings and convictions long entertained, as shown in a note to a speech of Mr. Randolph on the occasion of the death of Mr. David Walker, published in the Abridgement of Debates, vol. vi., page 556. The request of Mr. Walker there recorded, and the remarks of Mr. Randolph, express entirely my senti-ments and convictions. Should, therefore, any of my kind friends, in either House, make it necessary to do so, I entrust to you to make known, by means of this note, my express wish and desire that the event remain unnoticed in Congress.

The children of Mr. and Mrs. McLain were secretly taken away from the guardianship of their grandparents, (the father and mother of Mrs McLain.) for the purpose of taking them to Utab. prevent these children from being carried off to Utah, I communicated a knowledge of facts in my possession to their grandfather. I neither expected nor advocated the killing of Pratt, but I have obtained indisputa-ble evidence that the Danites of Brigham Young's Church have decreed that I shall

share in the fate of P. P. Pratt. The public, and more especially the constituted authorities of this city, will, therefore, understand where they may find the guilty and murderous designs. I can however look back with delight on the part that I performed for the deliverance of these children from Salt Lake degradation, although I know that it may cost me my life, unless the am sacrificed for this act, I shall die a mantyr's death, for I never sought the life of Parley P.
