

ARRIVAL OF THE ANGIO SANOXIN AT QUEBEC.

The arrival of the Anglo Saxon at Quebec, with its cargo of Sanoxin, has caused a great sensation in that city.

WILLIAMSPORT VS SUNBURY.—THE MACHINE SHOPS OF THE SUNBURY & ERIE RAILROAD.

We have observed in a late issue of the Sunbury American, an article in regard to the location of the machine shop and depot of the Sunbury and Erie road in that village.

The article alluded to contained the following paragraph:—"In regard to the machine shop and depot, our citizens naturally manifest a good deal of interest. Where the location will be is not yet decided. They looked at a number of lots, and were perfectly satisfied at either of all of them were well adapted for the purpose."

This is now to us, and will probably be to nearly all our readers. In a conversation which we had a short time since with the Superintendent of the road, he assured us that the location of the machine shop at Sunbury was not thought of, and was, at least, highly improbable.

The character of the English contrivance which Congress has stooped to ratify is established by one prominent fact. In the debate on the ratification, several members supported and some opposed it because it submitted the Leocompton Constitution to the people of Kansas for ratification or rejection.

We copy the above very singular production from the Williamsport Press. If the editor will put on a pair of spectacles, and examine our paper of the 17th ult., he will see that we refer distinctly to "Mr. Barnum, the President, and several of the directors of the Northern Central railway," by name.

What Williamsport has to do with the depot and shops of a road 40 miles distant, we cannot understand. Nor can we imagine how that road is to be reached, called the Williamsport and Erie, which terminates at Milton, 25 miles east of Williamsport.

We made no reference whatever to the editors of the Sunbury and Erie, but if the Press speaks truly it is, perhaps, one that we should do so. The Superintendent of that road is a gentleman of intelligence as well as discretion, and we cannot credit the assertion that he is so far from the location of a machine shop here as not to be thought of.

Whether the English translation is or is not to be submitted to the people, is now the question. Mr. English says it is—Mr. Stevens says not. Both Leocompton men, the Tribune says.

Our neighbor of the Gazette commends Sheriff Vandike for the good order and neatness in which he keeps his office and the jail premises generally. He might have added also, that the Sheriff is equally prompt and attentive to his other official duties.

The Philadelphia Ledger says: "Money is so great a drug in the market, that, sooner than permit it to be unproductive, capitalists are turning it into railroad bonds and other good securities. We are credibly informed the banks are seeking good bills at five per cent., and in some instances as low as four."

The American Agriculturist for May has been received. It is a most valuable publication, containing a large amount of useful matter.

THE PASSAGE OF THE LECOMPTON BILL.

Every body knows that extraordinary means and efforts were made to pass the Leocompton bill, or as it is sometimes called, the Leocompton Swindle, and every body knows, who knows anything, that without the power and patronage of the general government, it would have been scouted from the halls of Congress.

Well, they have done it! Mr. English's Leocompton contrivance passed both Houses of Congress yesterday, the Senate 55 to 22; the House by 112 to 103.

The House to revise the Penal Code of the State was passed at the close of the session of the Legislature, and the Governor, with advice and consent of the Senate, has appointed John Lewis, John C. Knox and Charles A. Buckwalter, commissioners to revise the same.

Not an argument was recently advanced by the advocates of the bill, so far as it had any force, condemn their original position. Suppressing indignation—saying in English—harrowing the party. And—if for the sake of any or all of those, it was right to support English's bill, it was equally right to have voted against it.

It is a palpable truth that the arguments which have passed this bill were far more solid than the logic of English, more brilliant than the rhetoric of Cox. They are not to be compared with the arguments of the Leocompton men.

THE WILKESBARRE TIMES SAYS THAT COL. C. F. WELLS, JR., OF ATHENS, PA., HAS CONTRACTED WITH THE SUNBURY AND ERIE RAILROAD COMPANY FOR THE PURCHASE OF THE NORTH BRANCH CANAL, FROM NORTHUMBERLAND TO THE STATE LINE, FOR ONE AND A HALF MILLION OF DOLLARS.

We presume there is nothing more than an offer to purchase. The last Legislature passed an important law in regard to interest on money. It abolishes the penalty for usury, and permits a contract to be made for any rate of interest, but provides that no more than six per cent. can be collected by compulsory means, and leaves that as the legal rate.

The Shamokin Journal and Farmers' Review's Advocate, published by John Robins, formerly of Milton, made its appearance on Saturday last. The Journal is printed on good paper, and is neatly got up in its mechanical arrangements.

A FERRIS CRIME REVEALED.—A MICHIGAN FERRIS CRIME.—We published, about two weeks ago, a detailed statement of the hanging of the bones and clothing of a man in the woods, about sixteen miles from this city.

The bill to revise the Penal Code of the State was passed at the close of the session of the Legislature, and the Governor, with advice and consent of the Senate, has appointed John Lewis, John C. Knox and Charles A. Buckwalter, commissioners to revise the same.

BRONCHITIS AND COUGH CURED.

Boeris, August 15. Messrs S. W. Powell & Co.—Gentlemen: Having been troubled for a considerable time with a bad Cough and Bronchial Affection, I was induced to try a bottle of Dr. Wistar's Balsam of Wild Cherry, which I am happy to say entirely removed the difficulty. I beseech you to give this much for the benefit of those who may be similarly afflicted.

I hereby certify that I am personally acquainted with Geo. H. Davis, Esq., and have the fullest confidence in the above statement. H. C. BARROWS, Late Practising Physician, Boston, Aug. 15.

Dr. Vail's Gulaemic Oil is a blessing to invalids, for it relieves them of their pain as soon as it is taken internally, or applied externally. Pain and misery can not exist where the GULAEMIC OIL is used.

Holloway's Ointment and Pills.—Eruptions that attack the face, neck and arms are very annoying to ladies. Too frequently unclean lotions, embrocations, washes, &c., are resorted to. These generally fix the disease in the skin, the clearness, softness and smoothness of which they permanently impair.
