No Hores for PRINTERS - When Dr Franklin's mother-in law first disco ered that a young man had a hankering for her daughter, that good old lady said she did not know at the house of Henry Hass, May 2. so well about giving her daughter to a printer; there was already two printing effices in the United States, and she wasn't shure the country would support them; Wonder what Kissinger, May 4. the old lady would have said could she have known that in the year 1859 a regiment of printers would be required to spread before the world the praise of the elegant garments made at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestout street, above Sixth?

THINK OF HOME.-The husband who in his moments of relaxation from the cares of business allows his thoughts to revert to his family circle, is in a measure safe from the trials and temptations of the world. We regret to believe that there are few husbands who give a practical turn to such thoughts, else there would be a GROVER & BAKER Sewing Machine found in every well regulated family -None but those who have experienced the benefits conferred by the use of a GROVER & BAKER Machine can realize its advantages. DEATHS.

kin township, Pa.

Union, to Miss Carotine Fay, of Shamo-

In upper Augusta township, on the 28th inst. CHARLES PRESTON, son of Robert and Margaret Campbell, aged 10 months and 22 days.

Death has been here, and borne away, Our little Infant from our side, Just in the morning of his day Our dear CHARLES PRESTON died. Not long ago, he filled his place, And sat with us to dine, But he has run his mortal race,

And we must be resigned. Perhaps our time too, may be short, Our days are flying fast, O Lord, impress the solemn thought, That this may be our last. Alf needful strength is thine to give,

To thee our souls apply, For grace to teach us how to live. And make us fit to die.
