That, after seven cords of onk wood and three of pine land been consumed around the safe, it was opened, in the presence of the committee, and the contents taken out, a little warmd, but not even scorehed.

Several Silver Medais, heretofore received by the manu facturers, and a large quantity of documents, were in the safe, and came out entirely uninjured.

The experiment satisfied us of the capacity of Sefes o this kind to protect contents from any fire to which they may be exposed.

Withington, Sept. 17, 1859 — Messus. Evas & Watson, Philadelphia.

Gentlemen: — The Salamander Fire-Proof Safe of your manfure, purceased by us from your Agent, Ferris and Gartett, of our city, some nine months ago, was severely tried by burglars last Saturday night, and although they had a sledge harmer, cold chisels, and gunpowder, they did not socceed in opening the Safe. The lock being one of "Hall's Patent Powder-proof," they could not get the powder into it, but drilled a hole in the lower panel and forced in a large charge, which was ignited, and although the door, inside nad out, showed the explosion not to have been a small one, it was not forced open. We suppose they were the greater part of the night at work on it. We are much gratified at the result of tee attempt to enter it, and if the above facts are of any Service, you are at liberty to use them.

Yours, truly,

Great Fire !- Another Triumph!! KNOXVILLE, Tennessee, March 13th, 1859.

Messrs Evans and Watson,—Gentleman—It affords me great pleasmae to say to you that the Salamander Safe, which I purchased of you in February, 1858, proved to be what you recommended it—a sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe full through into the jeet-iar, and was exposed to intense heatfor six or eight hours, and when it was taken from the roins and opened oil its contents where found to be in a perfect state, the books and the papers not being injured any whatever. I can cheerfully recommend your Safes to the community, believing, as I do, that they are as near fre-proof as it is possible for any Safe to be made.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mem-ber of the human family is subject to diseas-or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparatism bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the sys-

rigorous action, and thus, by the simple pro-cess of strengthening nature, enable the sys-tem to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nau-sea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Chelera Morbus, &c., these Bitters have no equal. Diarrhoea, dysentery or flux, so generally con-

tracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation ema-nated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science. FEVER AND AGUE.—This trying and provok-ing disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render un-necessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is re-moved as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indis-pensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart

should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness. CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostertea's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
