

HIGHLY IMPORTANT NEWS.

Renowned intention to attack Fort M'Henry—Gen. Caldwaller's Property in Delaware Destroyed—Maj. Anderson at a Union Meeting—His Departure for Washington.—The "Star of the West" Captured by the Rebels in Texas.—Destruction of Northern Central Railroad Bridges.—U. S. Government in Possession of the Railroad Between Philadelphia and Baltimore—Excitement at Wilmington, Delaware.

PHILADELPHIA, April 21. All communications by railroad south of this city is cut off. The Government having taken possession of the road between this city and the Susquehanna.

WILMINGTON, Delaware, April 20.—An intense excitement prevails here. There has been no train on the Philadelphia, Wilmington and Baltimore railroad below the Susquehanna river to-day.

J. R. Trimble is reported as killed. It is said that he led the riotous to the destruction of the Philadelphia, Wilmington and Baltimore railroad property.

At a meeting of the City Councils of Wilmington to-night \$5,000 dollars were appropriated for the defence of the city and the support of the military.

WILMINGTON, April 20. Gen. Caldwell's residence at Magnolia Station on the P. W. and B. R. R. was burned by the riotous on the night of the 19th.

The Brandwine bridge and all the bridges on the road between the Susquehanna and Philadelphia are guarded by from fifty to one hundred men each.

The death of Trimble is discredited. Baltimore, April 20, 11 P. M. The city is in great excitement. Military and armed men are moving in every direction.

The Mayor and Governor have notified the President that no more troops can pass through Baltimore unless they fight their way.

The bridges on the Northern Central railroad have all been destroyed. The President has replied that no more troops will be brought through Baltimore, provided they are allowed to pass around the city without molestation.

The number of killed yesterday was eleven Baltimoreans and three Massachusetts soldiers. Wounded, four citizens and eight soldiers.

THIRD DISPATCH. The following despatch was sent to Mayor Brown, of this city, this morning by the delegates, which were sent to Washington, to obtain from President Lincoln an explanation as to the sending of troops through Baltimore:

WASHINGTON, April 20. To Mayor Brown, Baltimore: We have seen the President and General Scott. We bear from the former a letter to the Mayor and Governor, declaring that no troops should be brought through Baltimore if, in a military point of view, and without opposition, they can be marched around Baltimore.

(Signed.) H. L. BORN, J. O. BRUNE, J. W. DORRINE. INTEREST EXCITEMENT AT BALTIMORE. Baltimore, April 20. The excitement is intense this morning, and has not abated. The whole city is in arms, but no farther outbreak has taken place.

The entire populace is united in sentiment, and that for the defence of the city, State and South. The Minute Men have taken down their flag and joined in the defence of the city.

SECOND DISPATCH. All is quiet at present. But there are excited rumors that the Seventh regiment of New York and other Northern troops, are marching from Harve de Grace upon Baltimore. This report has been contradicted.

The City Councils have appropriated half a million of dollars to sustain the internal police defence. MAJOR ANDERSON AT A UNION MEETING. New York, April 20.

Major Anderson attended the Union meeting to-day, and was most enthusiastically cheered. He will leave for Washington to-night.

A word from the citizens of Saunton, Mass., was presented to the hero to-day. CAPTURE OF THE STAR OF THE WEST. New Orleans, April 20.

The Steamer Star of the West was bonded off Indiana on Wednesday last, and the Galveston Volunteers, who captured her without resistance, has arrived at the bar. She has 500 or 500 lbs. provisions on board.

The Attack on the Massachusetts Troops at Baltimore. CORRESPONDENCE BETWEEN GOV. ANDREW AND MAYOR BROWN. Boston, April 21.—The following telegraphic correspondence explains itself:—

BALTIMORE, April 20, 1861. Hon John A. Andrew, Governor of Massachusetts—Sir:—No one doubts the wisdom and justice of your measures. I am deeply and truly grateful to you for them. Our people viewed the passage of armed troops to another State, through the streets, as an invasion of our soil, and could not be restrained from expressing their indignation against the best of their ability, but with only partial success. Gov. Hicks was present, and concurs in all my views as to the proceedings now necessary for our protection.

When are these troops to come? Are we to have a war of sections? God forbid! The bodies of the Massachusetts soldiers could not be sent to Boston, as you requested. All communication between this city and Philadelphia, by railroad, and with Boston, by steamers, having ceased, and but they have been placed in cemented coffins and will be placed, with proper funeral ceremonies, in the museum of Green Mount Cemetery, where they shall be retained until further directions are received from you. The wounded are tenderly cared for. I appreciate your offer; but Baltimore will claim it as her right to pay all expenses incurred.

Very respectfully, your obedient servant, Geo. M. Brown, Mayor of Baltimore. ANSWER OF GOVERNOR ANDREW. To George M. Brown, Mayor of Baltimore—Dear Sir:—I appreciate your kind attention to our wounded and to our dead, and trust that at the earliest moment the remains of our fallen will be returned to us. I am overwhelmed with surprise that the peaceful march of American citizens over the common highway to the defence of our common capital should be deemed aggressive to Baltimore. Through New York the march was triumphal.

(Signed.) JOHN A. ANDREW, Governor of Massachusetts. PAINT FOR OUT DOOR WORK.—To a quantity of litharge as a drier, to be well levigated with linseed oil, and when used to be thinned with good boiled linseed oil. The above forms a good black paint, and by adding a yellow ochre, an excellent green is produced which is preferable to the bright green frequently used on out door work, as it does not fade in the sun.

To CLEAN PAINT.—Mix a piece of flannel in common water, mixed with the consistency of paste, in warm water. Rub the surface to be cleaned quite briskly, and wash off with pure cold water. Green spots which in this way are almost instantly removed, as well as other dirt, and the paint will retain its brilliancy and be heavily unspotted.

When the Cabinet of Mr. Buchanan made up its mind to send the Star of the West to reinforce Major Anderson, Jacob Thompson, who, as a member of that Cabinet, was sworn to preserve its secrets, and to advance and not to reveal the plans of the Government, privately wrote a dispatch notifying the rebels at Charleston of the departure of the steamer. This dispatch he gave to William Cowling, of Ohio, a messenger in the Interior Department, to take to the telegraph office. But Cowling, like a good patriot, put it in his pocket instead of sending it. For this he was dismissed from his office. The present Administration has, however, given him a higher post in the same department.

AYER'S Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Herpetic and Scrofulous Affections, such as Pimples, Pustules, Itches, Eruptions, Blains, and all Skin Diseases.

Dr. J. C. Ayer & Co., Lowell, Mass., 1860. I feel it my duty to acknowledge that your Sarsaparilla has done for me what no other medicine could do. I have suffered from it in various ways for years. Sometimes it burst out in large eruptions, and at other times it manifested itself in a more insidious manner, and was very painful and distressing at the stomach. Two or three times I was obliged to discontinue its use, and on each occasion it returned, and was very distressing. I tried many other medicines, but they all failed to give me any relief. At length, I was informed that your Sarsaparilla was the best for such a case, and I bought a bottle. It did not do much for me at first, but I continued to use it, and in a few days I began to feel better. I continued to use it, and in a few days I began to feel better. I continued to use it, and in a few days I began to feel better.

FROM THE "HOME JOURNAL." "Of all the child-furniture we have ever seen no article combines so much of those two important things—health and happiness—as the Adjustable Patent Steel Spring Saddle Horse, invented by Jesse A. Crandall, is not dangerous, like a common rocking-horse, to children's feet, cannot be upset, does not wear carpets, but stands firm on its base, and its action is so like the gallop of a live horse that the child never wearies of it.
