Wirman's Bainer,

Missens, Evans & Warmon,—Gentlemen:—The small size No. I Solamander Safe which I purchased from your ugent, Mr. Adam R. Barr, in Lameaster City, on July 20th, 1858, has been subjected to a very severe test, which it withstood in a meat satisfactory manner. This Sofe, containing all my books, together with valuable papers belonging to myself and some to my neighbors and triends, and representing a value of over Twenty Thousand Bollars, (820,000) was in my Mill, which was destroyed on the night for the 27th of July, 1800, and passed through the fiery ordered unacathed. The Safe was on the second floor, and fell to the hascement of the Mill, and was subjected for six heurs to an attesse less tamong the roins, which was greatly increased by the combustion of a large quantity of grain existing which was pened and the books and papers taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many bystanders, a better recommendation of your Safea than could be expressed in any other words from me.

Yours, respectfully.

Strond, your traveling agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my broks mil valuable papers to the amount of several thousand dollars, for which I feel thankful.
