AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptious, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. Aven & Co. Gents: 1 feel it my duty to accumowiedge want your Sarsaparilia has done for me J. C. Aven & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Screfulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned loward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and sure with one sore, which was paintin and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gespel Messenger that you had prepared an atterative (Sarsaparille), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured ms. I took it, as you advise, in small doses of a teaspoonful over a month, and used ainceat three bottles. New and healthy skin soon began to farm under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the discase has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Finale Diseases of the Scroulous diathesis. I have cured many investrate cases of Leucorrheea by it, and some where the complaint was caused by interstion of the derug, The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward B. Marrow, of Newhury, Ala., writes, "A dangerous overtan tumor on one of the families in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarseparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Extraction of the disease remains."

Syphilis and Mercurial Disease.

New Onleans, 25th August, 1852.

Dr. J. C. Aten: Sir. I cheeffully comply with the request of your agent, and report to you some of the effects I have realized with your Sarvaparilis.

I have even with it, in my practice, most of the complaints for which it is recommended, and have found its effects trul, wonderful in the cure of Vourcal and Mercard Disease. One of my patients had Syphilitic iders in his throat, which were consuming his palate and the top of his month. Your farsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his ness, and the diseastion had exten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulners healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same diseader by mercary was suffering from this poison in her benes. They had become a sensitive to the weather that on a damp day she suffered excudating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your historatory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours.

Rhenmatism, Cout, Liver Complaint. Independence, Preston Co., Ve., 6th July, 1859.
Da. J. C. Aten: Sir, I have been afflicted with a painful chronic Rhemanizar for a long time, which beffled the skill of physicians, can stuck to me in spite of all the remedies I could find, until I tried your sansparills. One buttle cured me in two weeks, and reserved my general health so much that I am far better than before I was attacked. I think it a wenderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been affilicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than devangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised no to try your Sarspeartile, because he said he knew you, and any thing you hade was worth trying. By the blessing of field it has curied me, and has so purified my blood as to make a new main of me. I fiel young again. The best that can be said of you is not half good enough."

A great variety of cares have been reported to us where curses of these formulable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of their may be found in our American Amantee, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Metanetholy, Neuralgia.

Many remarkable curs of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a removed has long been required by the necessities of the people, and we are confident that this will do for them all that modeline can do.

WITMER'S BRIDGE,
Lancaster Township, July 30, 1860.

Missus. Evass & Warson, —Gentlemen:—The small size No. I Salamander Safe which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1838, has been subjected to a very severe test, which it withstood in a most antisfactory manner. This Safe, containing all my books, together with valuable papers belonging to myself and souse to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, (820,000) was in my Mill, which was destroyed on the night to the 27th of July, 1860, and passed through the fiery ordeal unscathed, The Safe was on the second floor, and fell to the basement of the Mill, and was subjected for six boars to an intense heat among the ruins, which was greatly increased by the combustion of a large quantity of grain confined within the brick waits. After the fire the Safe was opened and the books and papers taken out in a state was opened and the books and papers taken out in a state. confined within the brick wais. After the fire the Sate
was opened and the books and papers taken out in a state
of perfect preservation, the paper not even being discolored. This fact was, however, to many bystanders, a better
recommendation of your Safes than could be expressed in
any other words from me.
Yours, respectfully, SAMUEL RANCK.

Gentlemen—it affords me much pleasure to inform you that the Safe No 5, (upright) which I purchased of B. Stroud, your traveling agent, has passed through an exceedingly hat fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my broks and valuable papers to the amount of several thousand dollars, for which I feel thankful.
