CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dan

tiveness is frequently the aggravating cause of Piles, and the cure of one compilant is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it promptly relieved.

For Dyspersia, which is sometimes the cause of Costiceness, and always uncomfortable, take mild doses—from one to four—to athuulate the stomach and liver into healthy action. They will do it, and the hearthurn, beduburn, and souldurn of dyspensia will rapidly disappear. When it has gone, don't forget what cured you. For a FOUL STOMACH, or Marked Inaction of the

For Neavousness, Sick Headache, Nausea, Pam in the Stomach, Back, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Bon't wear these and their kindred disorders because your stomach is fool.

The cruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients, your duty to another forbids that your Patients' your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, uleers, sores, and all or any of the unclean diseases of the skin, because your

Livea Complaint, Jaundice, and all Bilious Affections arise from some derangement—either terpidity, congestion, or obstructions of the Liver. Torpadity and congestion wintate the bile and render it unit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the daet which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhoza, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness is sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow, the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colle, bilious diarrhoza, dysentery, &c. A medium dose of three or four Fills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents. LIVER COMPLAINT, JAUNDICE, and all Bilious the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RIBUMATISM, GOUT, and all Inflammatory Ferers are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is comployed.
