YOUNG MEN

Papecially, who have become the victims of Solitary Vice, that dreadful and destructive babit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstaty the living lyre, may call with full confidence.

MARRIAGE. Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured. He who places himself under the eare of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS Immediately Cured, and Full Vigor Restored.

This Distressing Affection—which renders Life miscrable and marringe impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those fulling into improper, habits then by pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Dr. J. addresses all those who have injured them, selves by improper indulgence and solitary habits which rain both body and mind, unfitting them for which rain both body and mind, unfitting them for either business, study, society or marriage. Thousands of persons of all ages can now judge what is the cause of their declining health, losing our vigor, becoming weak, pale, nervets and maciated, having a singular appearance about the cough and symptoms of consumption.

YOUNG MEN have injured themselves by a certain practice dulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep and if not which are nightly felt, even when ascep, and if not eured renders marriage impossible, and dearoys both mind and body, should apply immediately. Indeed without these the journey through life becauses a weary pilgrimage; the prospect hourly dericens to the view, the mind becomes analowed with despair and filled with the measureholy reflec-

that the happiness of another becomes bighted t DISEASE OF IMPREDENCE. When the misguided and improdent votary of pleasure finds that he has imblied the seeds of this inful disease, it too often happens that an ill-timed crise of slame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him delaying till he constitutional symptoms of this borried disease the constinutional symptoms of this horrid disense make their appearance, such as alcerated sore throat, disensed nove, nocturnal pains in the head and limbs, dimense of sight, deafness, nodes on the shin lones and arms, blotches on the bead, face and extremities, progressing with frightful rapidity, fill at last the palate of the mouth or the bones of the most fall in, and the victim of this awful disease becames a horrid object of commiscration, till death puts a period to his dreadful sufferings, by sending him to "that Univscovered Country from whence no traveller returns."

It is a mediaucholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignerant pretenders, who, by the use of that Dendly Poisson, Mercury, ruin the constitution and make the residue of life interable.

STRANGERS Trust not your lives, or health, to the care of the nany Unlearned and Worthless Pretenders, destitute many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's advertisements or style themselves, in the newspapers, regularly Educated Physicians, incapable of Curing, they keep you triffing month after month taking their filthy and poisonus compounds, or as iong as the smallest fee can be obtained, and in despair, leave you with rulned health to sigh over your galling disappointment.

Dr. Johnston is the only Physician advertising.

INDORSEMENT OF THE PRESS The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, winnessed by the reporters of the "Sun," "Clipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
