What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons

MUST, before conte MARRIAGE. reflect that a sound mind and body are the most necessary requisites to promote commissal happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prespect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflec-

tion that the happiness of another becomes bighted DISEASE OF IMPREDENCE. When the misguided and improdent votary of pleasure finds that he has imbibed the seeds of this minful disease, it too often happens that an ill-timed paintiff disease, it to direct anappears of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this borriel disease. make their appearance, such as ulcerated sore throat, diseased nove, necturnal pains in the head and limbs, dinness of sight, deafness, notes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiscration, till death puts a period to his dreadful sufferings, by sending him to that Undiscovered Country from whence no traveller returns.

It is a meloucholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Porson. Mercury, ruin the constitution and make the residue of life miserable.

STRANGERS Trest not your lives or health, to the care of the cary Unlearned and Worthless Pretenders, destitute many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's advertisements, or style themselves, in the newspapers, regularly Educated Physicians, incapable of Curing, they keep you trifling menth after month taking their fifthy and poisonus compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr. Johnston is the only Physician advertising.

His credential or diplomas always hang in his office.
His remidies or treatement are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive Prevate Practice than any other Physician in the world.
