He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cared, and Full Vigor Restored.

This Distressing Affection—which renders Life miscrable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the pradent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes Beranged, the Physical and Mental Functions Weakened. Loss of Procreative Power. Nervous Irritability. Dyspepssa. Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death.
