I have known Hoofland's Certain Bitters favorably for a number of year. I 255,0 used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly preclausing this fact, and calling the attention of those afflicted with the disease for which they recommended, to these Bitters, knowing from experience that my recommendation will be sustainexperience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to benefit the afflicted, and is not a run drink. Yours truly. LEVIG. BECK.

German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejuticed against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Rebert Sheemaker. Eq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and lang continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of beility and montal vagor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing to the use of them. J NEWTON BROWN.

WHAT EVERBODY KNOWS, viz :--That Iron well galvanized will not rust; That a simple machine is better than a complicated That a wringer should be self-adjusting, durable, and efficient; That Thumb-Screws and Pastenings cause doing and

trouble to regulate and keep in order; That wood bearings for the shaft to run in will wear out; That the Putnata Wringer, with or without cogwheels, will not tear the clothes;
That cog-wheel regulators are not exential;
That the Putnam Wringer has all the advantages and not one of the disadvantages above named;
That all who have tasted it, pronounce it the best Wringer ever made: That it will wring a Thread or a Bed Quilt without

and if not entirely satisfrotory, return it. Printer Maguracruning Co: Gentlemen; I know from practical experience that iron well galvanized with rine will not exidise or rut one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use

Respectfully yours,
JNO W. WHEELER, Cleveland, Ohio.
Many years expectence in the galvanizing business enable me to inderse the above statement in all particulars.

JNO. C. LEFFERTS. No. 100 Beckman Street. New York, January, 1854. We have tested Putnam's Clothes Wringer by practical working, and know that it will do. It is work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with intelligent persons who have any to buy this Wringer. It will pay for itself in a year at most.
