visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and be-come ulcerous cores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and

these dangerous distempers leave you. With

feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh"

decay. The scrofulous contamination is va-riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits,

the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution,

healthy, you cannot have scrofulous disease. Ayer's Earsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestica, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Aven's AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford

relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are bealthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers

which lurk within the system or burst out on any part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they cill neither be deceived this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL. The World's Great Remedy for Coughs, Colds, Incipient Con-sumption, and for the relief of Consumptive patients in advanced stages

of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

The above is a correct likeness of Dr. Schenk taken many years ago, after he had recovered from Con, sumption; by a course of his "Schenk's Pulmorio Syrup." The likeness, although it does not represent him anything like as bad as he was at the word, yet it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true likeness of him at present time. The contrast between these two portraits is so great that many would not believe them to be the same person. Yet there are hundreds of persons, in and around Philadelphia, who will recognise both portraits to be true representations. NEW YORK, Wednesday, March 30, 1861. TO THE PUBLIC.

Thirty years ago I was in the last stages of Pul-monary Consumption, and given up to die. I resided in Philadelphia, and Dr. Joseph Parrish, then of this city, ordered me to Morestown, N. J. a distance of nine miles which took me two days to get there. On my arrival I was put to bod, and there laid for many weeks. This was my native place, where all my family lived and had died of Consumption. Dr. Tannity lived and had died of Concumption. Dr.
Thornton, who attended any father in his last illness,
was called, and gave me one week to fix up my affairs. He had seen all my family go that way, and
thought I was to go too. Then I heard of the reme

I am now a healthy man, with a lerge cavity in the moddle lobe of the right lung, the lower toke very much hepatized and complete adhesion of the pleura. The left lungs is sound, and the upper lobe of the right lung is in a telerably healthy condition. The great reason why physicians do not cure consumption is they try to do too tamen; they give medicines to stop the cough, to stop chill, to stop night sweats, heetic fever, and, by so doing, they derauge the whole digestive powers, locking up the secretions and eventually the patient sinks and dies. After I make a careful examination of the patient with the Repairometer, and find lungs enough left to cure, I direct the patient how to use the three remedies.—Remove the cause and they will all stop of their own accord. No one can be cared of consumption, liver complaint, dyspepsia, cutarrh, canker, ulcerated throat, unless the liver and stomach are made healthy. In New England this canker chronic cutarrh, ulcerated throat, clougation of uvula, is more press.

throat, unless the liver and stomach are made healthy. In New England this canker chronic exterrit, unlearned throat, clongation of uvula, is more prevalent than in any other section of the country. This is frequently caused by a doul stomach. You may burn it out with cause time and again, and all they will get is temporary relief. Correct the stomach and liver, and they will lead up themselves.

Good nutrition is the remedy. If you have any disease in any part of the body, it will remain there and decay more and more until you can get the stomach in the condition to digrest food and make new blood to take the phase of diseased matter. This is the only way to heal cavities in the langs and ulcerated bronchiel tubes. Correct the stomach and liver and nature will do the healing. Many persons have an idea that certain medicines are great purifiers of the blood. When blood is once diseased; it cannot be purified; it is diseased the same as the diseased matter in the system; but get the apparatus in order, the liver and stomach, and give it plenty of nourishing food it will make new blood, which with take the place of that which is diseased. Schenk's Pulmonic syrup is one of the best preparations of iros to use, it is a poweful touse of lied, and liver and should be used it as a poweful touse of lied; and should be used it as a poweful touse of lied; and should be used it as a poweful touse of lied; and should be used it as a poweful touse of lied; and should be used it as a poweful touse of lied; and should be used it as a poweful touse of lied; and should be used it as a poweful touse of lied; and should be used to a poweful to the should be used to a poweful touse of lied; and should be used to a poweful touse of lied; and should be used to a poweful touse of lied; and should be an all they will be an all they will be and furnished the same—is prepared to accommodate Boarders and Travelors with the choicest of Ite baccommodate Boarder and Travelers with the beat when the market can afford. SCHENK'N MANDRAKE PILLS. It is only a cost of one dollar and twenty-five cents, with full directions. This is sufficient, in many cases, to satisfy what the medicines are. Frequently one bottle makes a great change in the system. Any person that enjoys ordinary health, by using the Seaweed Tonie and Mandrake Pills occasionally, must get the digestive organs in such a healthy condition that they become fleshy. I can produce a number of my old consumptives patients now enjoying good health, weighing nearly 200 pounds. I will conclude by relating three cures I have made in New York, and which are all different, and wish any one who feels an interest in the matter to visit them. First is Mrs. Farlow, residing then at No. 167 flouston street. Her husband called upon me at my rooms, 32 Bond street. G. W. and she could sit up in bed and eat her dinner. She is now well, and gave a tong certificate, certified to by the Rev. Dr. Downing.

Mrs. Bartholomew, Si West Forty-fifth street, came to my rooms with a tugor on her liver. She was low-sprited, skiu sallow, tengue coated, bowels costive, no appetite, and fast sinking into the grave. The said timer had been running over fearteen years. I gave her Syrup. Tonic and Fills, and told her to take them just as the directions were printed. She came back to my rooms, 32 Bond street in two weeks, somewhat better; her tongue had begun to clean a little around the edges, herskin whiter and her eyes brighter and the tumor discharging very offensive matter, nuch faster than it had ever done before.
