From the Rev. Levi G. Beck, Paster of the Baptist Church, Pemberton, N. J., formerly of the North Eaptist Church, Philadelphia.

I have known Hooffand's German Bitters favora-I have known Hoofund's German Bitters favorably for a number of years. I have used them in my own family, and have been no pleased with their effects that I was induced to recommend them to must yo thers, and know that they have operated in a strikingly beneficial animor. I take great pleasure in this publicly proclaining this fact, and calling the attention of those afflicted with the cheans for which they recommended to these Bitters, knowing from experience that my recommendation will be asstaired. I to this more cheerfally as Hoodand's Bitters is intended to benefit the afflicted, and is not a run drink."

Yours truly, LEVIG BECK.

In all other forms of indestrelness, the taith and ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held of secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its toans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people. The party depositing must endorse upon the arterial.

multitudes of men. either produces or i produced by an enthat fluid becomes inof the blood, wherein on petent to sustain the vital forces in their vigorous action, and

vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is va-riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits. the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and be-come ulcerous sores; in the stomach and bowels, derangements which produce indi-gestion, dyspepsia, and liver complaints; on the *kin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigorathese dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayor's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it as made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases,

Female Weaknesses, and, indeed, the whole series of completies that arise from impurity of the blood. Minute reports of individual Cases may be found in Ayen's American Albanac, which is furnished to the druggists for gramitous distribution, wherein may be ed the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scroula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of laman life. The vast important of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER's Sansaramana, although it is composed of ingredients, some of which exceed the best out the foul ce. entions that rot and fester in the blood, purge out the causes of disease. and vigorous health will follow. By its pecu-liar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out

on any part of it.
We know the public have been deceived by many compounds of Soriaparilla, that promised much and did nothing; but they sill neither be deceived nor disappointed in this. Its virtues have been proven by abondani-trial, and there remains no question of its corposeing extellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which loss been before the people, and is far more effeetual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL. The World's Great Remedy for Coughs, Colds, Incipient Con-sumption, and for the relief of Consumptive patients

in advanced stages of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the lest it ever has been, and that it nay be relied on to do all it has ever done. AN INTERESTING HISTORY

DR. SCHENE'S OWN CASE. WHILE LABORING ENDER CONSUMPTION And how his Pulmonic Syrup, Seaweel Touic, and Mandrake Pills act on the System in Curing that

Disease, and the

The above is a correct likeness of Dr. Schenk taken many years ago, after he-had recovered from Consumption; by a course of his "Schenk's Pulmonic of Suraparilla in alterative power. By its Syrap." The liteness, although it does not repressed you may protect yourself from the suffering and danger of these disorders. Purge yet it is in strong central with the hale and vigorous yet it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true tikepess of him at present time. The contrast between these two pertrain is suggest that many would not believe them to be the same person. Yet there are hundreds of persons, in and around Philadelphia, who will recognise both portraits to be true representations. When the first was taken he weighed 107 pounds; at the present time his weight is 220 pounds.

Naw Yone, Wednesday, March 30, 1861.

TO THE PUBLIC. Thirty years ago I was in the last stages of Pul-monary Consumption, and given up to die. I resided in Philadelphia, and Dr. Joseph Parrish, then of this city, ordered me to Morestown. N. J., a distance of nine miles which took me two days to get there. On my arrival I was put to bed, and there had for many weeks. This was my native place, where all my family lived and had died of Consumption. Dr. Thoroton, who extended on Consumption. Dr. family lived and had died of Consumption. Br.
Thoraton, who attended my father in his last illness,
was sulled, and gave me one week to fix up my affairs. He had seen all my family go that way, and
thought I was to go, too. Then I heard of the reme
dies I now offer to the public, which cured me. It
seemed to me that I could feel them penetrating my
whole system.

They soon rivened the matter on my langs, and I
would still the country.

Preserving the TELTIS!

This article is prepared with the greatest care upon scientific principles, and warranted not to contain anything in the slightest degree deleterious to the teach or guas. Some of our most eminent Dental Surgeons have given their sanction to, and cheerful. It recommend it as a preparation of superior qualities for cleansing, whiteining and preserving the TELTII. It cleans them readily, rendering them beautifully white and pearly, without the lightest injury to the enamel. It is healing to the guns where they are alterated and sore. It is also an expectation of superior qualities to the month, cleaning it thoroughly, and imparting a delightful fragrance to the breath.

PREPARED ONLY BY

A. H. A. W. L. F. Y. & C. O.,

TESTIMONIALS.

The following opinion of Dr. White, as to the high exidence of its value; to quote other assignment, which is healds the Dental Cream must be sufficient evidence of its value; to quote other usit, monials in detail is needless, contenting urrelyes by simply giving the names and addresses of persons and proper and to me that I could feel them penetrating my whole system.

They soon rivened the matter on my langs, and I have begun to induce than a plut of culcustive yellow matter every morning. As soon as that began to subside, my cough, fever, pain, night sweats—all begun to leave we, and my appear to be subside, my cough, fever, pain, night sweats—all begun to leave we, and my appear to be subside, my cough, fever, pain, night sweats—all that they cough, fever, pain, night sweats—all that it was with difficulty I qould keep from eating too much. I seen gain to an inverted that it was with difficulty I qould keep from eating too much. I seen gain the same was surject too much. I seen gain that it was with difficulty I qould keep from eating too much. I seen gain that it was with difficulty I qould keep from eating too much. I seen gain the large were surject to much much

and Mandrake Priis.

I am now a healthy man, with a large cavity in the middle lobe of the right lang, the lower lobe very much hepatized and complete achesion of the pleura. The left lungs is seemd, and the upper labe of the right lung is in a tolerably healthy condition. The great reason why physicians do not care consumption is they try to do too mann; they give medicines to step the easily, to stop point, to stop light sweats, heetic fever, and, by so doing, thry derange the whole digestive powers, locking up the secretions and eventually the patient sinks and dies. After I make a careful examination of the patient with the Respironeter, and find lungs enough left to cure, I direct the patient how to use the three remedies.—Remove the cause and they will all stop of their own accord. No one can be cured of consumption, liver complaint, dyspepsia, catarrh, canker, ulcerated throat, unless the liver and stomach are made healthy. In New England this center chronic catarrh, ulcerated throat, clongation of uvula, is more prevalent than in any other section of the country. This is frequently caused by a foul stomach. You may burn it out with causite time and again, and all they will get is temporary relief. Correct the stomach and liver, and they will heal up themselves.

Good nutrition is the tennedy. If you have any disease in any part of the body, it will remain there and decay more and more until you can get the stomach and liver, and they will be all up themselves.

Good nutrition is the tennedy. If you have any disease in any part of the body, it will remain there and decay more and more until you can get the stomach and liver and the condition to digest food and make new blood. When blood is once diseased natter. This is the only way to heal cavities in the isomach and liver and nature will do the heating. Many persons have an idea that certain medicines are great purifiers of the blood. When blood is once diseased it cannot be purified; it is diseased the same as the diseased matter in the system; he will

A LECTURE

TO YOUNG MEN

Just published in a Scaled Envelope. Price with the published in the publ rections. This is sufficient, in many cases, to estisfy what the medicines are. Frequently one bottle makes a great change in the system. Any person that enjoys ordinary health, by using the Seaweed Topic and Mandrake Pills occasionally, must get the digestive organs in such a healthy condition that they become fieshy. I can produce a number of my old consumptives patients now enjoying good health weighing nearly 200 pounds. I will conclude by relating three cures I have made in New York, and which are all different, and wish any one who feels an interest in the matter to visit them. First's Mrs. Farlow, residing then at No. 107 Houston streat. Her husband called upon me at my rooms, 32 Bond street and wished me to call and see her. He said I could do no good; that he had had all the best medical attendance, and all said she was too far gone with Consumption to be carred; but she had heard of some great cures I had made, and he desired to gratify her wishes. I called, and found her lying confined to her bed in the last stage of bromebial consumption and without doubt must have died soon. I examined her lungs, found both bronchial tubes very much affected, but no cavities had formed, her cough was very severe, the spit-box was half full of thick pus. Pulse 140, leg swollen very much; and worse than all, she had chronic diagratos. Her bowels had been moved eleven times that day, told her that she had lungs anough to be cured, but that this diarrhoen had been of long standing, and her stonnach was in such a ulcerated condition that I was afraid nothing could be done. Sine insisted I should try and do what I could for her, observing that she could not what I could for her, observing that she could not what I could for her observing that she could not such a utersted condition that I was arraid nothing could be done. She insisted I should try and do what I could for her, observing that she could not last long in the nondition she was in, and I could not make her any worse. I gave her first a dose of my Mandrake Pills, and the tonic and Syrup freely.—That was on Tuesday, and by the next sunday the diarrhora was carried off, her appetits had returned and she could sit up in bed and eather dinner. She is now well and says a long certificate certified to

"Rats come out of their holes to disis now well, and gave a long certificate, certified to
by the Rev. Dr. Downing.

Mrs. Bartholomer, ad West Perty-fifth street,
came to my rooms with a tamor on her liver. She
was low-sprited, skin saitow, tongue costel, howels
costice, no appointe, and instancing over fourteen
years. I gave her Syrup. Tonic and Pills, and told
her to take them just as the directions were printed.
She came back to my rooms, 32 Bond street in two
weeks, somewhat belter; her tongue had began to
clean a fittle around the viges, her skin where and clean a little around the viges, her skin, whose and her eyes brighter and the tumor discharging very offensive matter, much faster than it had everdous before. She kept gradually tuppoving, and in about two menths she came to my nome very much tright-cased, saying that the tumor had nearly supped running, and was healing up, and that every doctor had told her that if it ever bested it would cause her death. I told her time the disease had all leit her death. I told her time the disease had all leaf her system, and meaner mould herd the de r up. They are now healed, and have been for about a year and she is a hearty and robust a woman as you will find in a days walk. She is clad for any one to call on her, and takes great pains to visit any one that she hears has anything like her case, and tries to get them to come and see the. The first case is Aliss Scofield, from Stamford, Conn. Mrs. Bartholomew on her got her down to see me, and she has been ever since at her house. When she first came to my rooms, she was much emisciated with a distressing cough, spit-ing arge quantities of blood. I examined her lungs with the respirometer, and in all my practice never found one with one lung so far gone and the other lung so sound. I could not give much encourage-ment. I thought she would die; but to my ston ment. I thought she would die, but to my stronteliment the Pulmonic Syrup, Seaward Tonte, and
Mandrake Pills all scened to go right to work, the
lung is all healed over leaving a cavity as large as
a goose egg; good apporter, fine spirits, and har
gamed some thirty-five bounds in weight. She has
some cough yet which I do not think will large her
tofore June. I should think it would be of great
inter at to some unprejudiced physician to vielt these
cases, particularly Miss Scoffeld, or any of them who
have been cured by my medicines. They are name
erous in New York; but the above three all differ
from each other; and if my medicines are Using from each other; and if my medicines are doing what I represent they are, they should make the credit and the afficient know where and are they

may be cured. J. H. SCHENK, M. D. Dr. J. H. Schenk can be found at the principal office, No. 55 North 6th Struct. Philadelphia, et s.y. Saturday, from 9 A. M. until 5 P. M., to give advoce free of charge; but the schrough chandration he charges direct deliars. Price of the Patinishic Syrup and Seaweed Tonic each \$1.25 per buttle, or po the is for sale by all Brug jists and Bealers. May 14, 1861 - 1y

LILLIES CHILLED IRON SAFE. The Only Safe Reliable against both Fire and Burglary.

I am now prepared to furnish three sizes of Nationat Bank Safes. They are both Fire and Burglar proof, with two distinct inside Burglar Safes, and three of my new Anti-Micrometer Locks out each safe, believed to be the only bank-lock now in use that has not been picked or cannot be picked by the aid of the micrometer. These Safes all present four to six inches in thickness of solid iron, guaranteed to be the strongest, the most difficult to drill and to stand the most resistance against both fire and burglary of any Safe in the United States of the same size and cost. SUPERIOR TO ANY IN THE MARKET.

It is used by first class families everywhere, and highly recommended for nervous and dyspeptic persons, being very nutritious and free from all electerious substances, in testimony of which I have certificates from the most enument Physicians in the Country. Try ir, and you will be sare to continue its use in preference to any other.

same size and cost.

I have on hand also, and will furthish all sizes of the above against burglary.

Also, all sizes of Mercantille Safes both burglar-proof and fire and burglar-proof. (warranted no dampt). same size and cost. damp), Also, the strongest and chespest Vault doors, for

bank and mercantile vaults.

All the above are Lillie's wrought and chilled iron.
Also, six sizes Lillie's Wrought Iron Fire-Proofs, warranted equal to any common Safes, at fully one-third less price.
Also, a general assortment of second-hand Safes, many of them nearly new, and of approved makers, received in exchange for Lillie's Chilled Iron Safes. These are offered at or below anction prices.
