Separate and the second second second SCHENCK'S MANDRAKE PILLS

SICK HEADACHE, I' Its Simptons Cause and Cure.

This has received its name from a constant names or sickness at the stomach, which attends the pain in the head. This headache is apt to begin in the morning on waking from a deep sleep, and when some irregularity of diet has been committed on the day before, or sometimes for several days previous, At first there is a distressingly oppressive feeling in the head, which gradually merges into a severe heavy pain in the temples, frequently attended by a tense of fullness and tenderness in one eye, and exsending across the forehead. There is a clammy, unpleasant taste in the mouth, an offensive breath, and the tongue covered with a yellowish white fur. The sufferer desires to be alone in the dark room. As soon as the patient feels the fullness in the head and pain in the temples, take a large dose of Schenke's Mandrake Pills, and in an hour or two they will feel as well as well as ever. This has been tried by thoutands, and is always sure to cure, and instead of the sick headache coming on every week or ten days, hey will not be troubled with it once in three

Schenck's Mandrake Pills are composed of a numeer of roots besides Podophinin, or concentrated Mandrake all of which tend to relax the secretions of the liver, and act more prompt than blue pills or nercury, and without leaving any dangerous effects n a bilious person they will show themselves by the tools. They will expel worms, mucus, bile and norbid matter from the system. In sick headaches f they are taken as directed abvove, (a full dose as oon as they feel the first symptoms of it Dr. Schenek vill and has directed his agents to return the money f they do not give periect satisfaction.

If a person has been compelled to stay out late at eight and drink too much wine, by taking a dose of alls on going to bed. next morning he will feel as bough he had not drank a drop, unless he forgets o go to bed at all.

They only cost 25 cents a box. Whoever takes them will never use any other .hey are worth a dollar to a sick man for every cent

HAPPINESS

Of the worst disorders that afflict mankind arise from the corruption that accumulates in the Blood. Of all the discoveries that have been made to purge it out, none can equal in effect IIELMBOLD'S COMPOUND EXTRACT OF SARSAPARILLA. It cleanses and renovates the Blood, instills the vigor of health into the system, and purges out the humers which make disease. It stimulates the healthy functions of the body, and expels the disorders that grow and rankle in the Blood. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit of certificates to show its effects, but the trial of a single bottle will show to the sick that it has virtues surpassing anything they have

ever taken.

Two tablespoonsful of the Extract of Sarsaparilla, added. to a pint of water, is equal to the Lisbon Dict Drink, and one bottle is equal to a gallon of the Syrup of Sarsaparilla, or the decoction as usually made.

The above Extracts are prepared on purely scientific principles—in Vicuo—and embody the full strength of the ingredients entering into their composition. A ready and conclusive test will be a comparison of their propertics with those sat forth in the U. S. Dispensatory.

Tire peculiar taint or infection which we call Schottla lurks in the constitu multitudes of men. It either produces or is produced by an en-feebled, vitiated state of the blood, wherein competent to sustain rigorous action, and leaves the system to The scrofulous contamination is va-

riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels decreasements which produce judibowels, derangements which produce indibowels, derangements which produce indi-gestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., perification and invigora-tion of the blood. Perify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy was consequent these correlates disease. healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, sipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who gan speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to discase and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of Aven's Sarsaranilla, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out

on any part of it.

We know the public have been deceived by many compounds of Sarsoporilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by alundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been
