Although Governor Coary thus refused all connection or fellowship with the "Na-tional Democratic Party," he persisted in adhering to the doctrine he advocated in California sixteen years ago, and still more recently in Kansas, that the institution of slavery should not be forced upon an unwilling people, and never hesitated to express his disapprobation of the institution in all its forms, sentiments which have since formed the basis of the Union Republican platform. Hence, after his return from Causas he associated himself with the party that sustained, Stephen D. Donglas, which was greatly instrumental in breaking up the pro-slavery faction, and effecting the election of Abraham Lincoln to the Presidency, a result which he foresaw and was desirous of having accomplished. No sooner was the result of that election

known, than plans were being adopted by the "National Democracy" to fulfill their oft reiterated threat to destroy the Union, Consequently, when after the inauguration of Mr. Lincola, a war against rebellion became inevitable, Governor Geary was again among the first to offer his military services to the his own expense, the Twenty-Eighth Regiment of Pennsylvania Volunteers, which he took the command. do not produce any manes or sickness of the stormen,

organ of the body, that to it is assigned the important
duty of filtering the blood and preparing the bile, that it
is subject to many disorders, and that when it is disensed
or inactive the whole body suffers sympathetically, it is
not surprising that a medicine which can restore the
healthy operations of the Liver should produce wonderful
changes in the general health, and effect cures which may
appear to be almost mirrendous. Headache of long continuance, severe pans in the side, breast and shoulders,
sching of the limbs, a feeling of Scheral Weakness and
wietchednesse and other alarming and distressing symptoms, indicative of imperfect or disordered action of the
liver, are speedily removed by the use of SCHENCK'S

One of them said he could do no more for me, and advised me, as a last resort, to draik cod liver oil. Not relishing the horid trash I declined to take it. Accident put your advertiment is my hands.
