

PRELIMINARY ELECTION.

The Republican Union, Voters of Northumberland County are requested to meet in the different boroughs and townships, on SATURDAY, the 14th of JULY, next, to elect Delegates to a County Convention which will meet in Sunbury, on Monday, July 16th, 1890, to nominate candidates for the County offices, to be elected in October next.

EMIL WILVERT, Chairman of Standing Committee. Sunbury, June 7th, 1890.

Local Affairs.

Job Printing.—Having received a large supply of NEW TYPE, of various styles, Posters, Handbills, Circulars, Cards, Letter Heads, Bill Heads, Labels, &c., can be printed in the latest and best style, and on short notice.—Orders by mail promptly attended to.

Religious Notices.—This Sabbath the Lord's Table will be laid on the table, and the Lord and He will have mercy upon us, and to our God, for He will abundantly pardon.—Isaiah, 55: 7.

The Young Men's United Prayer Meeting is held every Sabbath evening at 8 o'clock, in the lecture room of the Presbyterian Church, in this place.

Strawberry Festival.—The ladies of St. Matthew's Church will hold a strawberry festival in the old Court House, in this place, commencing on Wednesday evening, the 12th inst., and continuing until the following Saturday evening.

Wm. H. Williams, A. M., of Philadelphia, has taken charge of the Milton Academy, as Principal. The school was opened on Monday, 25th inst., with an average attendance of scholars.

The new route to New York from this place, by way of Mt. Carmel and the Lehigh Valley road, will be opened shortly. Trains leaving here at 6 o'clock in the morning will arrive in New York at 4 P. M. of the same day.

The recent rains have greatly revived the crop and all kinds of vegetation.

Strawberries are now ripe and will soon be abundant. Two weeks since they were sold in this place at one dollar per quart. Cherries are also ripening. The peach crop in this town and vicinity never was more promising. This may be said also of peaches and apples, and indeed all kinds of fruit.

Our Umbrella.—We regretted to mention last week that we recovered our lost umbrella. Wonderful to relate, it came to light the day after our notice of its loss. The circumstance is not much of being, except to illustrate the great efficacy of advertising, when even an umbrella, to which the owner is supposed to have only an imaginary title, can be recovered.

We observe several very fine paving flags, brought from some of the quarries near town, for the new Court House pavement. We presume they will be handsomely squared before being laid, as all good pavements should be. A new, and we think excellent lighting rod, has also been put up.

THE FIRE AT WILLIAMSBURG.—The late fire at Williamsport, which occurred on Saturday night, 20th ult., was the most destructive one that has visited that place for several years past. Nine buildings were consumed. The fire first broke out in the ice-cream saloon of A. Allen, on the south side of Third street, between Pine and Williams streets, and spread from there east to Pine Alley and west to Williams street, burning seven buildings on that side, and crossing Third street, burned the County Prison and the residence of the Sheriff. The flames spread very rapidly and raged with great fury. In removing a large iron safe from the office of Mr. John Dubois, it broke through the sidewalk, beneath which was an excavation, and justly killed Mrs. Ellen Koops, who had for some time been in the basement of the office, and was under the pavement securing some dishes. The unfortunate woman was the widow of William Koops, who was killed on the Williamsport & Elmira Railroad about five years ago. She was about thirty years of age and leaves a child.—The total loss by the fire amounts to about \$50,000.

MURDER TRIAL IN SYDER COUNTY.—The trial of Peter Ely, charged with murdering his wife on the night of the 8th of January last, near Middleburg, Snyder county, took place at the last session of the county court, which was held at Middleburg on the 25th inst. The murder excited the most intense interest, and during the progress of the trial Middleburg was crowded with persons from different parts of the county.

It was proven at the trial that Ely was in the immediate vicinity of the murder at the time it took place, and that he had a gun with him at the time the murder was committed. The evidence was purely circumstantial. The Commonwealth failed to prove any motive for the commission of the crime, and he was accordingly acquitted.—The counsel for the defense were J. C. Becker, Esq., of Lewisburg, A. J. Cronmiller, Esq., of Middleburg, and J. C. Kunkel, Esq., of Harrisburg; for the prosecution, A. S. Simpson, Esq., of Selinsgrove, Samuel Weirick, Esq., of District No. 1, Snyder county, and A. J. Herr, Esq., of Harrisburg.

BASE BALL.—The Susquehanna Base Ball Club, of this place, having been challenged by the Tyrolean Club, of Harrisburg, will leave to-day (Saturday) in the 6 o'clock train, for the purpose of contesting the honor of the game with that club. We have no doubt they will be handsomely entertained by our Harrisburg friends. The following nine will play on the part of the Susquehanna:—Geo. W. Hamblight, B. W. Sells, A. Weaver, Charles Sarvin, B. F. Bright, B. Rodrigue, A. McCausland, P. Hower and H. Krone.

We learn that the Susquehanna has also been challenged by a Williamsport club, and that they contemplate playing them at an early day. The Star Club, of this place, has been merged into the Susquehanna Club. This was occasioned by several of the most experienced members of that organization leaving town. The Susquehanna has determined to make a first-class club, the majority of the members are experienced players, having previously been attached to clubs in various portions of the State.

The celebrated Athletics, of Philadelphia, probably the best base ball players in this country, intend to play at Williamsport on next Thursday. Some half dozen clubs are expected to be present on the occasion, and the result will be of great interest. They played a match game with the "Stars" in this place, several weeks since.

The Millman says that the new bridge at that place is fairly under way, with a fine prospect of being ready for crossing by next fall. It is expected that the bridge will be entirely finished by the early part of next spring.

The Crops.—Though the wheat crop is a partial failure in some States, in others it will be a full average. A friend, just arrived from California, says that wheat and other crops never were so abundant in that State. Flour was selling at 100 cents per barrel, and all kinds of provisions were from 50 to 100 per cent. lower than here.

NEW COUNTERFEITS.—The following list of new counterfeit bills, from Peterson's Detector for June, will be found of interest to our readers, and should be preserved for reference. One Hundred Dollar counterfeit, one in circulation. Iron City Bank, Pittsburgh, Pa.—3's serials—vig. steanboat; portrait of Washington on right end; Clay on left end. One Hundred Dollar counterfeit, one in circulation. Iron City Bank, Pittsburgh, Pa.—3's serials—vig. carpenter at work. Bank issue no. 2. Merchants' National Bank, Washington, D. C.—The serials of this bank will not affect the detector. Twenty Five Cent Notes, new issue; very dark, and poorly engraved. Twenty-five Cent Note, poorly engraved, on poor paper, and the gilt frame around the head does not show any gilt. Ten Cent Notes, very coarsely done, and the green ink very faded. United States Compound Interest Note—Billings, imitation, vig. (on left end) female erect, holding wood in her left hand, her right hand resting on Bible—male bust, 50 on side, on right end. Well done and likely to deceive good judges. One Hundred Dollar counterfeit, one in circulation—a faint imitation of the genuine bill, but the engraving is not so fine. They are dated July 10th, 1893; the letter B is in the upper right hand corner of the frame and examine well before taking them, as they have deceived some of our best judges.

United States Legal Tender, Greenbacks—5's, a new issue and very well done. The only prominent defect is heavier shading around the words "United States," in the title. The counterfeit is about one-eighth of an inch shorter than the genuine. This is liable to be detected by any of the National Banks.

BUSINESS NOTICES.—SEWING MACHINES.—Several valuable Lock-Stitch Sewing Machines, new styles, for sale.—Enquire at this office.

The U. S. District and Circuit Courts will be held at Williamsport, commencing on Monday, 16th inst.

The Hall Store at Lewisburg.—The Lewisburg Chronicle gives the particulars of the hall store which passed over that place on Sunday week. There was also a great destruction of window glass. The University buildings alone being about four hundred panes, and several churches lost from seventy-five to one hundred panes, to say nothing of private dwellings.

At the meeting of the soldiers of Snyder county, last week, Dr. B. F. Wegman, Capt. Eppler, Dr. J. Y. Shelle, Daniel Gross and Col. A. C. Simpson were selected as delegates to the Soldiers' Convention, which met at Pittsburgh on Tuesday last. A committee, consisting of one person from each election district in the county, was also appointed to form a permanent soldiers' organization.

DANGEROUS AFFAIR.—On Monday afternoon last a severe accident at the depot, in this place, which was rather novel and exciting. It seems that a notorious white prostitute had the affection of the husband of a "steady soldier," who was a member of the company of her husband. The white prostitute, who had been met for the purpose of fleeing from the wrath of the better half of the tenant husband. The colored lady commenced a war of words upon the "fallen angel," accusing her of having placed the engagement, thereby depriving her of the society of her husband. This the unfortunates of the "fallen angel" stoutly denied, and also used some very insulting language to the colored lady, when the latter, almost crazed with anger and jealousy, "made for her" in regular pugilistic style. The parties were finally separated, the "steady soldier" reclaiming her loving and repentant husband.

THE END OF THE WORLD.—At the last meeting of the Academy of Sciences, M. Dalmazy proved that the earth's motion is gradually slowing, and that the days are thereby incessantly lengthening to the extent of a second in 100,000 years! At this rate, in eight thousand six hundred and forty millions of years the earth will stop altogether, if it does not otherwise before that period. We find that that the world is bound to come to an end some time or other. Science and revelation both point in the same direction—that is to Mr. Jacob O. Beck's tailoring establishment, on Fourth street, between Market and Chestnut, where the best of gentlemen's garments are made up in the latest style, and at the most reasonable rates.

RENOVAL.—S. Byrly, the popular artist, having purchased the Photograph Gallery formerly conducted by Mr. J. B. Erskine, in Simpson's building, Market street, has transferred his own gallery, which was lately in Bender's building, to that quarter, where he will have increased facilities for producing these beautiful and life-like pictures for which he is celebrated. His new room is fitted up in the best and handsomest manner. Those who want pictures, of any size, style and quality, will of course patronize him, as he is acknowledged the best artist in this section of the State.

NEW ICE CREAM SALOON.—We observe that our young friend, David Fry, proprietor of the bakery, has opened an ice cream saloon, at his residence, in Spruce street, where he will keep on hand an excellent article of this delicious summer luxury. He has employed one of the best manufacturers of ice cream, and will serve up every afternoon and evening, vanilla, lemon, orange, chocolate, peach, pineapple and strawberry cream. His saloon is fitted up in the most comfortable manner and he will spare no pains to accommodate all who may be pleased to patronize him. Families, parties, &c., supplied at reasonable rates.

MUCH IN LINE.—We married are longer lived than the single; and above all, those who observe a sober and industrious conduct. Tall men live longer than short ones. Women have more chances of life previous to the age of fifty years than men, but fewer after. The number of marriages in proportion to 75 to 100. Marriages are more frequent in the winter than in the summer. There is no difference in the "happily" of the Bostons and Shesbros. At Wm. H. Miller's Excelsior Boot & Shoe Store, Market street, Sunbury, as both "long" and "short" articles in that line sold at his establishment are warranted to outlive any sold in this vicinity.—Miller keeps a well selected stock for men, women and children.

LINE, SAND AND STONE.—We printed bills this week for Seabolt & Brown, who announce to the public that they are dealing in Lime, sand and Stone. Those in want of a good article can procure it from the above firm.

N. F. LIGHTNER announces his second arrival of new goods. He now keeps a regular assortment, and those who want articles in his branch of business will not go away giving him a call.

IMMENSE EXCITEMENT.—Our citizens will be thrown into great excitement by the news that S. Kronenberg sells his Clothing, Boots and Shoes, at 15 per cent. under cost. He is determined by all means to secure custom. See KRONENBERG'S, Two doors above Geo. Bright's Drug Store.

DEATHS.—In this place, on Thursday, the 7th inst., FREDERICK LAZARUS, Esq., aged about 70 years. The deceased was one of our oldest citizens, and was, at the time of his death, one of the Justices of the Peace of this Borough, in which capacity he had acted for many years. In early life he took much interest in military affairs, and was an officer of the army in the war of 1812. He suffered from declining health for more than a year.

In Rush township, on Monday last, week of consumption, MARGARET ANN, daughter of Robert Campbell, deceased, aged 19 years.

MESMORISM PERFORMERS.—Of the swarm of inferior performers not up to compete with Platon's "Night Blooming Cereus," scarcely one is to be seen. They are generally forgotten, while the sales of the "Cereus" of all fragrance constantly increases. Sold everywhere.

BROWN'S BRONCHIAL TROCHES, when allowed to dissolve in the mouth, have a direct influence on the affected parts; the soothing effect is more beneficial in Affections of the Kidneys, and Chronic diseases, with general debility of the constitution. Physicians may safely recommend it to their patients, in place of the many doubtful mixtures too often sold as pure medicines. Jas. R. Clifton & Co., Analytical Chemists. This wine can be had of W. A. Bennett. It is a most excellent article for weakly persons, especially females.

SEE A WOMAN, in another column, picking Sunbury grapes for Speer's Wine. It is an admirable article, used in the hospitals and by the first class families in Paris, London and New York, in preference to old Port Wine. It is worth a trial, as it gives great satisfaction.—For sale by W. A. Bennett.

"DON'T BE FOOLISH."—You can make Six Dollars from Fifty Cents. Call and examine an invention urgently needed by everybody. Or a sample sent free by mail for 50 cents and return empty box, by R. L. WOLCOTT, 170 Chatham Square, N. Y. Sept. 16, 1893.—ly

LOVE AND MATRIMONY.—Ladies and gentlemen, if you wish to marry, address the undersigned, who will send you, without money and without price, valuable information that will enable you to marry happily and speedily, irrespective of age, wealth, or beauty. The information will cost you nothing, and if you wish to marry, I will cheerfully assist you. All letters strictly confidential. The desired information sent by return mail, and no reward asked. Address:—SARAH P. LAMBERT, Greenpoint, Kings Co., New York. June 9, 1890.—3m
