

Local Affairs.

FRIDAY. A dinner will be given on Monday next, and a festival held during the week, in the old Court House, by the ladies of the German Reformed church.

The castings and stone for the new Court House fence are on the ground, and ready to be put up. We trust the fence will prove satisfactory, but it does not accord with our taste or judgment.

SALE OF REAL ESTATE.—The tavern stand erected and occupied by Frederick Spang, on Front street, in this place, was sold on Thursday week last to Mr. Thomas Robbins, for the sum of \$9,975.

At the commencement exercises of the University at Lewisburg, last week, the honorary degree of A. M. was conferred on S. P. Wolverson, Esq., of this place. Mr. Wolverson is a graduate of the above named institution.

COURT.—The August term of court for this county will commence on Monday next, and will continue in session two weeks. The new Court House will be occupied, the necessary fixtures to the court room having been completed. It will be a great relief to the large number of persons who are compelled to attend the various sessions of court, after having been obliged for a great many years to transact their business in court in the small, badly arranged, and ill-ventilated room hitherto occupied in the old Court House.

BARN BURNED.—A barn belonging to Mrs. Blain, in Anthony township, Mouton county, was struck by lightning on Sunday night week, and was consumed with all its contents. The barn was new and filled with the crop of the present season, and the loss must be considerable. There was an insurance of \$800 on the property, in the Farmers' Mutual Insurance Company.

DESTRUCTIVE FIRE IN WILLIAMSPORT.—Another destructive fire occurred at Williamsport about 2 o'clock on Friday morning last. The fire broke out in the upper part of Greenwalt's clothing store, corner of Third and Market streets, and the following establishments were destroyed:—Greenwalt's clothing store, Greenwalt's bakery, a military store, liquor store, Hays' bakery, and Jameson's boot and shoe store. A large portion of the contents of the buildings were saved. The loss is estimated at \$25,000.

F. Mertz, Esq., Deputy Collector of U. S. Internal Revenue for this county, died at Middletown, on Thursday, the 25th ult.

The Rough and Ready Iron Works, in Danville, are now entirely under the proprietorship of Mr. Wm. Hancock. They are now manufacturing all kinds of castings of iron. Mr. H. is just finishing a contract for street rails for a company in New York city.

THE MARKET.—The domestic markets are pretty well supplied, but prices still rule high. The extravagant prices engendered by the war still linger. The grain market is better than was expected. The hay crop, however, is a short one, but our market looked better. Potatoes seem to be scarce, and are selling at 40 cents per bushel. Tomatoes are selling at 20 cents per dozen, but in another week our market will afford a better article at lower prices. Green apples are worth from 20 to 40 cents per bushel. The apple crop has not been so abundant for many years, and the prospect of plenty of apples and other fruit is not favorable. The potato crop, also, promises well. Blackberries are now in their prime, and baskets of them are daily brought to market. They are very fine, and have been sold at 10 cents per quart, but now bring from 5 to 7 cts. Butter has advanced to 25 cts. The rise is predicted, we presume, on the scarcity of hay and pastureage. At Carlisle and other towns it is quoted at 25 to 30 cts. Chickens are beginning to come in more freely, and bring 50 cts. per pair, or double the price paid before the war. Eggs are quoted at 18 cts. Canned melons are sold and bring from 3 to 18 cts. Watermelons are not so fine, and sell at 25 to 50 cents.

The new Court House may be considered as completed, although there are a number of small matters that have been overlooked, or else have to be regarded as temporary. For instance, the stairway, or rather steps, leading to the belfry and clock room. One flight of these steps are not only rough and imperfect, but without a hand-rail, and so likely that they swing to and fro with the weight of a boy. Every visitor who desires to see the Court House is naturally anxious for a view from the steeple, which is one of the finest in the country, and it is but right that the people, whose houses it is, should have the proper facilities for that purpose. Another defect that will yet have to be remedied is the want of a ventilator in the ceiling of the court room. Experience has fully established the fact that large halls, like the court room, cannot be properly ventilated by leaving down the upper part of the windows. The columns, with their Corinthian capitals, over the Judge's seat, were only finished last week. They add greatly to the architectural beauty of the room.

The new furniture, carpeting, &c., is all in place, and the room is ready for the purpose for which it was intended. The first court in the new building will be commenced on Monday next, when the new court room will be properly dedicated by an address from Hon. Alex. Jordan, the Presiding Judge of the district, who has so long been associated with the bench and bar. The new Court House is a structure of which the people of Northumberland county have a right to be proud, and the account of the construction and comfort it gives to all having business to do in the office, but in the security it affords to the records of the county, involving all our titles to property.

MILTON AFFAIRS.—We take the following items from last week's "Millionaire":—The Boggs farm on the outskirts of the borough, consisting of one hundred and fourteen acres, was sold at auction on Saturday last to Harry and John Boggs, two of the heirs, for the sum of \$17,500. Matters are progressing quite rapidly in the building of the river bridge at this place. The last span on the eastern side, or that part nearest town, is being commenced.

A party belonging to the Base Ball Club, who went to Lewisburg on Tuesday last to play a game with a club of the latter place, met with an accident which might have terminated very seriously. It appears, through the carelessness of the outlier in hitching the horses to the wagon, he neglected to place the bit in one of the horse's mouth. The horses became unmanageable, throwing out the driver as well as the others, bruising a number quite seriously. The horses ran to the Milton ferry, a distance of about four miles, where they were caught. What appears to be miraculous is the fact that nothing about the wagon was broken.

THE LATE GAME OF BASE BALL.—A correspondent of the Baltimore Sunday Morning Telegram gives an interesting account of the visit of the Enterprise Base Ball Club, of Baltimore, to various towns in Pennsylvania. This club has been playing a game at Sunbury, the following high compliment is placed on the Sunbushians boys:— "We left for Sunbury, arriving there at 7 1/2 P. M., and were received and most hospitably entertained by the Sunbushians. The game was over, and they did it justice. They were very eagerly entertained during the evening, which was a great success. The game was played on Saturday at 7 1/2 A. M. Sunday morning, I should like to have commented on the description given by the Sunbushians, which will always be held in the warmest remembrance, and we hope the date is not so distant when an opportunity for reciprocal visits may occur."

THE BOYS IN BLUE.—A meeting was held in the old Court House, on Wednesday evening last, to organize a club of the "Boys in Blue." The meeting was temporarily organized by appointing Capt. D. OYLER, President; C. H. Wharton, Capt. Howell, Capt. Painter, S. H. Billington, John Lester and Harvey Goodrich, Vice Presidents; and Lieut. Hendricks and H. D. Wharton, Secretaries. The object of the meeting being stated, it was on motion,

Resolved, That a committee of three be appointed to confer with the soldiers of the different townships of the county in reference to a permanent organization. The chair appointed Lieut. Bries, Capt. Painter and Capt. Howell, said committee.

The meeting was then addressed by Capt. Bruner, after which fifty-one names of honorably discharged soldiers were put down as members of the Club. On motion the proceedings were ordered to be published in the local papers of the borough. On motion, Resolved, That an invitation be joyously extended to all honorably discharged soldiers to join in the organization of the Boys in Blue. On motion adjourned, with three hearty cheers for Gen. Geary, to meet again on next Monday evening.

BROKE JAIL.—The Denville Intelligence, of last week, says that the noted horse thief, James, alias John Clark, alias Whipple, and another prisoner named Joseph Hatfield, confined for the breach of a set of harness, broke and escaped from the county prison at that place, about 2 o'clock on Tuesday afternoon week. Whipple was closely confined in a cell. He was strongly fettered and chained to the floor, and the door of his cell secured by a padlock and large bolt. Hatfield was hopped, but had the liberty of the jail yard. It appears that Hatfield, by means of a bolt or some other iron, forced the lock that secured the door of the cell in which Whipple was confined, and escaped. Whipple, by the aid of Hatfield or not, dispossessed himself of his bonds by slipping them off and left them in the cell. The parties then made a break in the south wall of the prison yard, and thus safely effected their escape. The Sheriff offers a reward of \$50 for the apprehension of the fugitives.

OIL IN LYCOMING COUNTY.—The Muncy Ledger, of last week, says that the Muncy Coal Oil Company have employed Mr. E. Jacoby, Esq., an ingenious, experienced and energetic operator, to sink an oil well on the Gortner farm, seven miles from Muncy. Mr. Jacoby is now on the ground with hands, preparing to sink his driving pipe, and getting out timber and lumber for the derrick, and in a short time expects to have his engine and implements on the ground, ready to commence drilling. It is reported on the Gortner farm in a very large area, from which the oil is constantly flowing. It is in the Devonian or oil bearing formation, and from the direct indications of oil, extending over an extent of nearly eighteen miles from East to West, and twelve miles from North to South, the Muncy and Mountain companies are confident of finding oil in paying quantities.

The Mountain Oil Company, which recently commenced operations on the Whipple & Ross property, some ten miles from Muncy, met with an accident last week which is likely to cause them considerable delay. The driving pipe became bent by some means, and it will be necessary to take it out in order to straighten it. This company is composed of six wealthy gentlemen of Towanda, who are determined to thoroughly test the indications of the presence of oil on the above property, and they entertain the strongest hope, from the evidence around them, that they will find oil in sufficient quantity to make it profitable to the company.

EDUCATION. THE LADY'S PALACE, for August, has made its appearance, rich in literary contributions, nice steel engravings, elegant music, &c. A perfect gem. Published by Deacon & Peterson, 219 Walnut street, Philadelphia. Price \$2.00 a book. GODEY'S LADY'S BOOK, for August, is also at hand. It is embellished with a beautiful steel engraving, entitled "The Toilet of Death," splendid fashion plates, &c. It is a valuable ornament for the parlor. Price \$3 a year. Published by L. A. Godey, corner 6th and Chestnut Sts., Philadelphia.

THE ATLANTIC MONTHLY, for August, is an excellent number, and will be more fully noticed in our next issue. We have also received the last number of that excellent magazine, "Our Young Folks," which will receive a more extended notice next week. BEADLER'S MONTHLY.—The August number of this handsome and well conducted magazine contains a well illustrated article on Nevada and California, which is very interesting and informing. The exciting story of the Dead Letter is continued also with illustrations. There is also quite a variety of well-written articles, making the number one of great interest, and giving to the magazine a high character for merit.

THE PNEUMOLOGICAL JOURNAL, for August, contains portraits of Ben Franklin, Lewis Cass, C. F. Bragde, Brunell, Mrs. Parkhurst, et al., with articles on Responsibility; Sowing and Reaping; The Servant Question; Getting Married; Writing; the Philosophy of Photography; How to Live; Air and Sunlight; Summer, and its Lessons; Over-Travel; Head and Body; Man-Monkey; Immunity and Religious Excitements; Physiology; Time, Time, and Venation; Double Chess; Large Bar, &c. Twenty cents a number, or \$2 a year. Foster & Wells, publishers, New York.

704 Arch Street, Philadelphia. Those in want of Silver or Silver Plated Ware will find it much to their advantage to visit our Store before making their purchases. Our long experience in the manufacture of the above kind of goods enables us to do complete justice to our customers. We keep no goods but those which are of the First Class, all of our own make, and will be sold at reduced prices. July 7, 1886—1 year. HAND and Stand Glasses at LIGHTNER'S. BOWMAN & LEONARD, Manufacturers and WHOLESALE AND RETAIL DEALERS IN SILVER and SILVER PLATED GOODS. 704 Arch Street, Philadelphia.

EQUALIZATION OF BONITIES.—We refer our readers to the case of L. H. Kase, attorney at law, who is authorized to collect bonuses, &c., for soldiers. Those who employ him will find him prompt in collecting these claims.

THERE is quite as much truth as poetry in the saying that "the apparel of a man is the man." Especially is this true when the man gets the apparel at the fashionable tailoring establishment of Mr. J. O. Beck, on Fourth street, Sunbury.

FERTILIZERS.—Experience has shown that there is no fertilizer in the market, superior to Bang's Bone Super-Phosphate of Lime. It has established a reputation, wide spread and lasting. It does not exhaust the soil, while it imparts a wonderful fertility. Now is the time to test it. Smith & Genthner are the agents for Sunbury.

Blue Mass, and other preparations of Mercury, actually produce more suffering and death than the disease which they profess to cure. And yet this corrosive mineral is so much used in the name of medicine, that thousands of them who are afflicted with Liver Complaint, Consumption of Lung, &c.

THE MANDRAKE PILLS are composed entirely of roots and herbs, obtained from the great wilderness of Nature, and their salutary effects will never be equalled. SCHEICK'S MANDRAKE PILLS do not produce any nausea or sickness of the stomach; and when taken after meals, they are not only safe, but they are the best of all medicines for the liver, and the worst cases of jaundice may be cured.

When you suffer from liver is the largest internal organ of the body, that it is examined the most important duty. Having the blood and preparing the bile, that it is obliged to carry on a great deal of business, and if it becomes diseased, it will affect the whole system sympathetically, it is not surprising, therefore, that the liver is the most delicate and important of all the organs of the body, and the most susceptible to disease.
