IP SALE OF THE PUBLIC SCHOOL HOUSE .- By reference to our advertising columns it will be seen that the old public school house, on Third street, is advertised to be sold at public sale, on Tuesday, 21st inst., by the School Board. New buildings are to be crected for school purposes in different parts of the Borough, in accordance with a resolution adopted by the Board some time since. --+

Fire --- We regret to say that the house of Daniel Beckley, Esq., at the corner of Third and Race streets, was destroyed by fire on Tuesday afternoon last, caused by speaks from the locomotive of the mail train North. As this is only one of a series of fires caused by the running of the locomotives at an unlawful speed, we trust our Council will devise some remedy that will protect the property of our citizens from the acts of lawless and careless agents and employees. The Good Intent Fire Company were first on the ground, but their new engine was not in working order again, and giving the old excuse that they have no engine house. The Washington and old Good Intent, however, did considerable execution, but not until the upper part of the building was destroyed. The firemen, as well as some of our citizens, behaved well and worked hard, and eventually succeeded in putting out the fire. We trust the fire department, for their own credit and the credit and safety of our town, will re-organize and adopt some better policy for action. Mr. Beckley's loss is, perhaps, \$1200 or \$1500, and is we believe, fully covered by insurance in the Columbia Fire Insurance Company.

..... E F EXPLOSION OF A LOCONOTIVE ON THE P. & E. RAILROAD .- The boiler of a locomotive on the Philadelphia & Eric Railroad, at Renovo, a short distance above Lock Haven, exploded on Friday week last with a most terrific report, instantly killing the angineer, E. D. Graves, and the fireman, William elgrove. A boy named Foley was struck by a piece of the bailer on the side of his head, opening the Josh from above the eye to the back of the ear, fracuring his skull slightly. The engineer and fireman rere thrown some thirty feet from the engine .he engine was badly broken up, the dome being brown a distance of two hundred yards. Another icce, weighing 200 pounds, was thrown some three undred yards, and many smaller pieces were thrown peredible distances.

ARREST OF COUNTERFEITERS .- The detective police have arrested and imprisoned at Buffalo, N. Y., one Andrews and his associates, whom they caught in the act of making a counterfeit of Aven's Cathartic Pills. Their detection was accomplished at the instance of Messrs. J. C. AYER & Co., of Lowell, Mass., who have shown a commendable energy and promptitude in protecting the public from imposition through spurious imitations of their invaluable medicines.

Doct. AYER's Sarsaparilla, Cherry Pectoral and Pills have come to be staple necessities with the community, and the imposition

upon the sick of spurious, worthless, if not injurious fabrications of them, is in fact the consummation of villainy. We hope the coundrels will get their due, and in the keeping they now are, they are pretty sure

of it. FTCH! FTCH! FTCH! SCRATCH ! SCRATCH ! SCRATCH ! WHEATON'S OINTMENT
