INCREASE OF RATS—The Farmer's Gazette (English) asserts and proves by figures that one pair Rats will have a progeny and descendants no less than 651,050 in three years Now, unless this immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

RATS versus BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever aids in ex-terminating rats is a benefactor. We should like some one to give us the benefit of their experience in driving out these pests. We need something besides dogs, cate, and trap for this business.—Scientific American, N. F. CONSTITUTION WATER.

The astonishing results which has attended this invaluable medicine proves it to be the most perfect remedy ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions to the debilitated and shattered system. In fact it stands unrivalled as a remedy for the permanent cure of Diabetes, Impotency, Loss of Muscular Energy, Physical Prostration, Indigestion, Non-retention or Uncertain of the Bladder and Kidneys, Discases of the Prostrate Gland.

These Irregularities are the cause of frequently recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the difficulty becomes chronic, the patient gradually loses her appetite, the bowels are constituted, night sweats come on, and consumption finally ends her career.

For sale by all Druggists. Price \$1.

LOCK HOSPITAL.

ESTABLISHED AS A REFUGE FROM QUACKERY.

THE ONLY PLACE WHERE A CURE CAN BE OBTAINED.

DR. JOHNSTON has discovered the most Certain, Speedy and only Effectual Remedy in the World for all Private Diseases, Weakness of the Back of Limbs, Strictures, Affections of the Kidneya and Bladder. Involuntary Discharges, Impotency, General Debliity, Nervousness, Dyspepsy, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Iimidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or skin, Affections of the Liver, Lungs, Stomach or Bowels—those Terrible Disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Matiners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to cestaty the living lyre, may call with full confidence.

MARRIAGE. Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

and coufidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cured, and Full Vigor Restored.

This Distressing Affection—which renders Life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Naw, who that understands the subject will pretend to deny that the power of procreation is lost sconer by those falling into improper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes Deranged, the Physical and Mental Functions Weakened, Loss of Procrentive Power, Nervous Irritability, Dyspepsen, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death,

No Mercury or Nanseous Drugs. DR. JOHNSTON.

Member of the Royal College of Surgeons. London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at midden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

FAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured them, selves by improper indulgence and solitary habits, which run both body and mind, unfitting them for either business, study, society or marriage.

There are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of He Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power. Palpitation of the heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Idens, Depression of Spirits, Evil-Forebodings, Aversion to Society. Self-Distrust, Love of Solitude, Timidity, &c are some of the evils produced.

Thousanss of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and e maciated, having a singular appearance about the eyes, cough and symptoms of consumption. eyes, cough and symptoms of consumption.

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if no cured renders marriage impossible, and destroys both mind and body, should apply immediately. What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons attest, before contemplating THARRIAGE.

reflect that a sound mind and body are the most necessary requisites to promote countial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melanchely reflec-tion that the happiness of another becomes blighted with our own

DISCASE OF IMPRIDENCE.

M. C. GEARHART,

Market street, 3 doors west of E. Y. Bright & Son's

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, fifth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly Sunbury, Sept. 19, 1863.—tf JEWELER.

and, indeed, of all the organs, arise from or and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is com-bined from the most active remedials that have bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as Enuprive and Skin Diseases, St. Anthony's Fire, Rose, or Envirences, Pineles, Purious, Blotches, Blains and Botts, Temons, Tetter and Stat Rugers, Scan Hear, Ringworm. and SALT RHEUM, SCALD HEAD, RINGWORM, RIBUMATISM, SYPHILITIC AND MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and indeed, ALL COMPLAINTS ARISING FROM VITTA-TED ON IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaps rilla is to purify and regenerate this vital fluid without which sound health is impossible i contaminated constitutions.

## Ague Cure,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originat-ing in biliary derangement, caused by the Malaria of Miasmatic Countries.

the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" expels the miasmatic poison of Fryer and And Acur from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fayer and Ague prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation.

originating in this cause, put on the intermittent
type, or become periodical. This "Curr" expels
the poison from the blood, and consequently cures
them all alike. It is an invaluable protection to
immigrants and persons travelling or temporarily
residing in the malarious districts. If taken occasionally or daily while exposed to the infection,
that will be excreted from the system, and cannot
accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection
