YOUNG MEN Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listen-ing Senates with the thunders of elequence or waked to cestaty the living lyre, may call with fall con-

Member of the Royal College of Surgeons, London, icadante from one of the most eminent Colleges in the United States, and the greater part of whose life hasbeen spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousnes, being slarmed at sadden sounds, bashfulness, with frequent binshing, attended sometimes with derangement of mind, were cured immediately.

Dr. J. addresses all those who have injured them, selves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

Thusa are some of the sad and melancholy effects croduced by early habits of youth, viz. Weakness of if a Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY,—The foarful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Aversion to Seciety, Self-Distrust, Love of Solitade, Timidity, &c are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and e macinted, having a singular appearance about the eyes, cough and symptoms of consumption. PARE PARTICULAR NOTICE.

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asteep, and if no cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all presents and enlayments of life, by the from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons MUST, before contemplating.

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life be-comes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflec-tion that the houriess of another, becomes the high

tion that the happiness of another becomes bighted BURNESAND OF ENERGINEENCE. When the misguided and impredent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed painful discesse, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone horized him, delaying till the constitutional symptoms of this horrid discesse make their appearance, such as ulcerated sore throat, discussed nose, nocturnal pains in the head and limbs, simmess of sight, deatness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the painte of the mouth or the bones of the ness fall in, and the visitm of this swift discesse becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that I maliscovered Country from whence no trayeller returns."

travellor returns."

It is a melancially fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who by the use of that Denally Posson, Mescary, rain the constitution and make the residue of life miserable.

STRANGERS Trust not your lives, or health, to the care of the many Unicorned and Worthless Prefenders, destitute of knowledge, name or chiractor, who copy Dr. Johnston's advertisements, or style themselves, in the newspapers, regularly Educated Physicians, incapable of Curing, they keep you triding month after month taking their fifthy and poisonus compaurds, or as long as the smallest fee can be obtained, and in despair, leave you with rained health to sigh over your sallies disappointment.

and in despair, reave you with runced heart to sign over your galling disappointment.

Dr. Johnston is the only Physician advertising. His credential or diplomas always hang in his office. His remidies or treatement are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive Private Practice than any other Physician in the world.

INDORSEMENT OF THE PRESS The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the "Sun," "Chipper," and many other papers, notices of which have appeared again and ugain before the public, hesides his standing as a gentlyman of character and responsibility, is a sufficient guarantee to the addicted.

A New and fine lot of PERFUMES, &c . for the Holidays, at LIGHTNER'S.

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

of the worst cases to be found of the following complaints: —
SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PARLES, BLOTCHES, TOMORS, SALT RHEUM, SCALD HEAD, SYPHILLIS AND SYPHILLITO APPECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULGUREUX, DEBILITY, DYSPERSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from University of class of complaints arising from Invulty of

class of complaints arising from Intrustry of the Broot.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sconer or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it.

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible. by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
