January 26, 1867. Lyon's Periodical Brops, THE GREAT FEMALE REMEDIES FOR IRRE

GULARITIES:

GULARITIES:

I have tested these Drops in my own place, over ten years, and do not healtate to say, that nothing has yet been developed by medical research, that acts so powerfully, nositively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufficients, are indebted to it for the boon of health to day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their cilicacy from latins all over the norther and western States, were they not in their nature private. Over 100, 000 bottles have been wild the past year, and I hope and trust as many sufferers have been henchited. I am well aware that a remody so potent to remove all obstructions, may be used for a nad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Mensituation, Lacortica, or the train of discesses that follow, I would say, try a bottle of Dr. Lvox's French Periodical Drops, Being a fluid preparation, their action is more direct and positive than any nills or powders. Explicit directions, hearing my facesimile, accompany each hottle.

They may be obtained of nearly every druggist in the country, or by inclosing the price to C. G. Clark & CO, New Haven, Ct., General Agents for the United States and Canada.

Reparator Capilli.

Destructive of comfort, and not worth a fig; Come aged, come youthful, come ugly and fair,

Reparator Capilli,

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or has upon bald heads in from two to three months. A few ignorant practitioners have esserted that therefis nothing that will force or hasten the growth of the hair or heard. Their assertions are faise, as thousands of living witnesses (from their own experience) can hear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as line-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Cappilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. A compound remedy, designed to be the most effectual Alleratics that can be made. It is a concentrated extract of Para Sara-parilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sara-parilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Schofula and Schofulous Complaints.
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS,

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC APPECTIONS, MERCURIAL DISEASE, DROPSY, NEURALOR OR TIC DOULDUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else. During late years the public have been mis-During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsapa-rilla, but often no curative properties whatev-cr. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the objects of the state of the by the ordinary run of the diseases it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
