MIDDLE CREEK RAILROAD .--- A corps of engineers nmenced the location of this road on Tuesday last, beginning at the terminus, opposite this place.

RELIGIOUS NOTICE.-Rev. M. C. Lightner will preach in St. Matthew's (Episcopal) Church, in this place, on Sunday evening next. Services will com-mence at half-past 7 o'clock.

MINISTER CALLED .- The vestry of St. Matthew's (Episcopal) Church, of this place, have tendered a dance. The managers should always stipulate that call to Rev. Mr. Swartz, of New York city, to be-come pastor of that church. The congregation have been without a minister for some time, their former pastor, Rev. L. W. Gibson, having resigned in January last, to accept a call in Minnesota.

RELIGIOUS NOTICE .- The second Quarterly Meeting for Northumberland station M. E. Church will be held in Northumberland on the 23d of June. In the absence of the Presiding Elder, Rev. B. B. Hamlin, A. M., of Williamsport, will preach at 10.30 A. M., and at 8 P. M. Communion services will the money from the bank, and was returning on the take place at 3 P. M.

WM. H. DILL, Pastor.

OFFICE REMOVED .- Geo W. Ziegler, Esq., moved into his new office, adjoining the millinery store of Miss Black, in Market square, on Monday last. He will be pleased to see his old friends and clients at his new quarters, and will be happy to give ad-vice on all matters pertaining to the law.

BRAVY DAMAGES .- The heirs of Wm. Butler, of Snyder county, have recently recovered in the court of that county damages to the amount of \$15,000 against the Pennsylvania Railroad Company for the killing of their father in an accident that occurred on the road, near Lancaster, about a year ago. The mother was also killed at the same time, and it is said that another suit will now be brought to recover damages for her death.

THE BUCKWHEAT CROP.-Messrs. Torrington & Hodgkins, the proprietors of the Super-Phosphate of train bound north and pointed out to the conductor Lime manufactory, at this place, are now prepared of the train one of the parties supposed to have been to furnish this superior fertilizer, in any quantities, for application to soil intended for buckwheat. As the season for sowing buckwheat is approaching, we would advise our farmer friends to give it a trial. Those whe applied it to the spring crops speak very highly of the efficacy of the Phosphate.

STREET CROSSINGS .- We observe that the authorities are putting down the street crossings in some of the most important thoroughfares. Until these reached Williamsport, partially stopped his train and crossings are made the paving cannot be considered finished. But a crossing is not properly a continuation of a pavement, and where there is traveling by teams they should be made partly of cobble stones, alternating between blocks of heavy flag.

MILE.-Some of our citizens complain that milk is still kept up to war and famine prices, notwithstanding the cause alleged, the high price of hay, no longer exists. There never was a greater abundance of grass, and the expense of feeding cattle cannot be more than half what it was six months one hundred pounds in weight ; that when baggage since. Butter has declined in price one hundred per cent., and we cannot see why the causes that | ceed three hundred dollars shall be allowed for each

STRAWBERRIES .- This fruit is now abundant, but the prices here still rule high. Good berries from Baltimore, York, and other places, are sold by our dealers at 20 cents per box. Some fine ones, raised

in this neighborhood, are brought to market, but are held at a higher figure. At this time 25 cents should be deemed a fair, if not a big price, for the very Av an election for President and Directors of the Lewisburg, Centre & Spruce Creek Railroad Com-in one of the breasts of the mine when a rock, over pany, held at Lewisburg on the 10th inst., the fol-

Tax New Masonio HALL -- At the owneart gives The New Massento HALL.—At the oncert given by the Ellinger 4 Foote troupe, in this place, on Morday sight of heat week, the capacity of the new Hall was tosted for the first time since its comple-tion. When the sents are put in and properly ar-ranged it will, perhaps, accommodate between five and six hundred persons, but on the evening in question it is said that over eight hundred persons were in attendance. The Hall on the second story is, of itself, unobjectionable, but its approaches through a marcow passage way, in the centre of the building, is a great architectural blunder. It is not only a custom, but in some places the law requires that public Halls intended to accommodate a large that public Halls intended to accommodate a large number of persons should be well provided with ready means of egress from such buildings, in case of fire or accident. Indeed, every large Hall should have a back or private entrance, to communicat with the stage, as well as for safety. The new Hall was much needed, and will prove a great convenience, but experience has already proven that its espacity is not sufficient for extraordinary occasions. At all public assemblages or exhibitions there

should be a constable or some police officer in attennot give them the right to annoy the audience by their bad conduct.

ROBBERY .-- We copy the following item from the Democrat, of last week :-- Wm. Stitzman, of Milton, was committed to prison this week for taking \$107 from the person of John Shanor, lock tender, near Cameronia. Shanor came to Northumberland, drew defendant's boat when the alleged robbery took place, while Shanor was lying asleep. It is charged seeking an officer, took it out and secreted it in the horse stable, where it was subsequently found. During the search the stove was noticed to have in it a tremendous fire, which aroused suspicion. The fire

was extinguished and the stove taken apart, when two of the stolen bills were discovered considerably burned, behind the oven in the lower part of the stove, where they had evidently accidentally fallen, and for the hasty destruction of which the fire had been made. Stitzman was subsequently released

SINGULAR ACTION OF A CONDUCTOR .- The Milment. Call and examine the goods. tonian, of last week, contains the following : "We learn that shortly after the robbery at Watsontown the telegraph operator at that place went on the concerned in the robbery, but stated that it was only aspicion, and that he would ascertain definitely and telegraph the information to Muncy. He did so,

telegraphing that the suspected party was one of the robbers. When the dispatch was given to the con-ductor, at Muncy, he said he knew all about it-it quality. was all right. For some unaccountable reason, how-ever, he took no measures for baving the robber arrested, but on the other hand, just before the train allowed the rascal to escape. His conduct was singular. It would seem that he should at least have locked the door of the car in which the robber was

THE NEW BAGGAGE LAW .- The law regulating the amount of baggage each passenger on the Pennsylvania railroads shall be allowed to carry, which was passed at the last session of the Legislature, is now in force. It provides that each passenger shall be entitled to carry one trunk or box, not exceeding shall be lost and damages claimed, a sum not to exoperate in one case should not equally affect the trunk or box, together with its contents ; that if any person wishes to carry more weight or greater value

of baggage than this, he or she must have the trunk or box weighed by the baggage agent before starting, disclosing the value that will be claimed i case of loss, and pay extra for excess as may be required by the particular railroad company. HORBIBLE ACCIDENT .- The Danville Intelligen

cer says that on Wednesday afternoon of last week Watkin Evans, a young man about 25 years of age, met with a sudden and terrible death at the slope of the Pennsylvania Iron Company. He was working Lard, Hams, head, weighing some tons, became detached and fell Shoulders.

A VERDANT Yankee, soing the announcement in large letters, in front of a book store, "Nothing to Wear Bold Here," exclaimed, "Wal, now, I wonder who said there was"" If yes want something to wear you will find it the Continental Bassar, of the best and most beautiful styles, and very cheap. Everybody should call and see the spiendid stock of summer goods.

" 'Tis summer, glorious summer, Behold the glad green earth ! How from its grateful bosom The herbs and flowers spring forth !"

Let us imitate nature, in our gratitude to the present season, by being clad in a new seasonable suit from J. F. Shaeffer's tailoring establishment, N. W. corner of Market and Third streets, (2d story.)

A swaLL told his shoemaker to make his shoes high enough to cover the entire calf. The bootmaker, eyeing him from head to foot, replied, "That is impossible ; I have not leather enough in the shop for that !" If the "swell" should happen to call at Thacher's, in Pleasants' building, Market street, he could be accommodated, as Boots and Shoes of al₁ grades, styles and sizes, are kept there, and sold very cheaply.

THOSE cheap Boots and Shoes at Miller's Excelsio Store have been going off rapidly, but there are many more left, and there are great bargains in store for all who call. We would advise every one to go to Miller's, immediately, and examine the fine stock now on hand.

LIFE INSURANCE .- Prompt attention to the subject of life insurance is of the utmost importance. Insure while in good health, and without delay, for after the health has failed, and disease has set in, will be too late to get insured ; and if postponed, and Goods are of both kinds-Fashionable and plain-so that all tastes can be suited. The prices are the very lowest, as any one by a moment's thought must see, or otherwise we could not meet the competition of our neighbors, for as no deductions are ever made, we must put our prices down to the advantages we promise that Stitzman secreted the money in the cook stove in the cabin of the boat, but while the plaintiff was save the wife and children from loss, if death should overtake the husband and parent before they produced fruit in securing a policy on his life. AUGUSTA HOTEL .- We refer our readers to the advertisement of the new proprietor of this large and commodious house, Mr. Mann, who comes highly commended as one who "knows how to keep a hotel." This hotel is handsomely situated near the banks of the beautiful Susquehanna. The scenery of the neighborhood is not surpassed anywhere .-Persons who are frequently cooped up, for weeks, in small chambers at the watering places, would find much more comfort in the quarters of such a hotel, to say nothing of the saving in money expended in obtaining indifferent comforts.

A VALUABLE Cow .- Our friend, Mr. John Mc-Farland, of Northumberland, is the owner of one of the best cows we have ever seen. She comes from good stock-three-fourths Alderney and one-fourth Ayrshire. She is a beautiful and finely proportioned animal, and possesses all the good points characteristic of good milkers. Her calf is now nearly three gers hurt, with the exception of a few slight bruises months old, and about two weeks since her cream, gathered from one Monday until the Monday fol- sured." lowing, on being churned, produced something over seventeen pounds of good butter, and Mr. Me-Farland thinks if the cream used in the family during that time had been added, the product would have been but little short of twenty pounds. Some persons having previously expressed some doubts on the subject, Mrs. McFarland called in some of her neighbors, who witnessed the result above stated. The butter is of a dark orange color, a peculiarity

DEDICATION OF THE TURBUTVILLE CEMETERY.— The new cemetery at Turbutville, in the upper end of the county, was dedicated on Monday, 10th inst., with appropriate ceremonies. ACCIDENT ON THE CATAWISSA RAILROAD AT DAN VILLE .- The Danville American, of Thursday last says :- "An accident occurred on the Catawissa Railroad, in this place, on Friday Inst. This patent roof has lately been put on the Augusta Hotel, and its proprietor, Mr. Mann, speaks very highly of it, its water proof qual-ities having been thoroughly tested during the recent rains. We would advise those who contemplate building to be present and witness what effect fire will have on this new material. Naw FURNITURE STORE.—We observe that our young friend, Albert Hans, has recently opened a Furniture Store in Third street, above the depot, and has just received a large stock of all kinds of house furniture, of the best material and workman-ship, from the city. Dr. Wistnr's Balsam of Wild Cherry.

In the whole history of medical discoveries, no RENEDY has performed so many or such remarkable cures of the numerous affections of the THROAT, LUNGS and CHEST, as this long-tried and justly cele
