SUNBURY, PA. SATURDAY, OCTOBER 12, 1867.

## Local Affairs.

Tau election in this place, on Tuesday, was the most quiet one held here for many years. There was no excitement whatever, except that occasioned by one or two whisky fights.

THE STRAN MILL .- We learn that Mesers. Arter & Co. have sold their steam flouring mill, at this place, to several persons from Williamsport. The price paid was \$10,000.

THE Mammoth Dry Goods Store of H. Y. Friling has just received the largest stock of goods brought to Sunbury this season. The new advertisement of this old and popular store will appear in our next

Savings Institution.—We understand that a number of our most enterprizing and industrious mechanics and workmen are about to organize a Savings Bank in this place. A properly conducted institution of this kind will, no doubt, prove highly beneficial, and should meet with proper encourage-

RAILBOAD AFFAIRS .- We are pleased to state that the prospects of the early completion of the . Denville, Wilkesbarre and Hazelton road, which will have its terminus at Sunbury, are now very good. On Thursday last Meesrs. Creswell, Wylie & Co. the original contractors, for the construction of the entire road, with several gentlemen interested in railroad affairs, met at the Central Hotel, in this place. We learn that several miles of the road were sub-contracted to Charles Garinger and Savage and brother, of Sunbury, and that the work will be pushed rapidly.

ACCIDENT ON THE NORTHERN CENTRAL RAILmoan.-Early on Friday morning last the express train, which leaves here at midnight, collided with the passenger train due here at 2 A. M., when near Millersburg, Dauphin county. The locomotives were broken and the baggage cars shattered to pieces. A colored boy from Harrisburg, who was stealing a ride on the tank of one of the engines, was killed instantly One or two of the men on the locomotives, a baggage master, and a number of passengers were more or less injured. A number of persons from Supbury were on board the up train, and

Pine in Mitton .- A large fire occurred at Milcon on Saturday night last. It broke out in the steam tannery of Reber & Bro., which was entirely consumed with all its contents, including over five hundred cords of bark. The loss on the tannery is \$20,000, on which there is an insurance of anty \$7,000, in the Lycoming and York companies, but we learn that one of the companies refuses to pay its portion of the insurance, amounting to \$4,000, on the ground that a steam engine had been put ints has leisure to attend to greater and more important the building subsequent to issuing the policy. Two matters, such as the selection of one of those beautiwhich belonged to Charles Stout. Mr. Stout's loss is Bezaar, Market Square. about \$1,000, with no insurance The origin of the Ore is unknown.

THE LUBER TRADS.—During the month of September there was shipped from Williamsport, by canal, 14,446,500 feet of lumber, and by railroad, 9,172,800 feet, being a total of 23,619,300 feet. During the same time there was shipped from Lock Haven and other points west of that place by both the above modes of conveyances, S.087.506 feet -The total shipments from Williamsport eastward. since the first of January to this date, amount to 131.974.700 feet, and from Lock Haven and vicinity 38 331 100 feet making a grand total of 173 205 . 800 feet of lumber shipped from the places named in nine months. It will be seen that Williamsport enjoys about four-fifths of this immense trade.

FARAL ACCIDENT AT MILTON - The Miltonian street in that place, whereby four men were badly Welch, Charles Kramm, Jacob Follmer and Wiltiam Waltman were on a scaffolding which had bean erected, running from the rear wall of the church to thirty feet from the roar, and were preparing to raise a roof-stool, when the scaffolding gave way and precipitated all of them through to the second story, where the joists had been put in, but no fewer was yet laid. Kramm, Follmer and Waltman lodged on the floor, but Welch, who was a very heavy man, broke one of the joists, and fatting to the first floor passed between two joists and landed on the bottom of the cellar, a distance of about sixty fect below the spot on which he was standing when the accident occurred. His injuries were so severe that he died in a few hours after the accident. The others were not dangarously injured.

Wirn the inducements held out to our citizens to aid a noble object, every man, woman and child should have a share of stock for the benefit of the Riverside Institute, (located at Riverside, New Jersey,) established for the gratuitous education of the Orphans of Soldiers and Sailors who fell in the great struggle for the perpetuation of the Union. This meritorious affair is under the control of the Washington Library Company, of Philadelphia, who, in order that their benevolent object may be successfully accomplished, have issued five series of fine steel-plate engravings, one of which is given with every share of stock sold, at prices much below their retail value. In connection with this superb inducement, every shareholder is guaranteed a present in the great distribution of presents to the shareholders-one of which is worth \$40,000, another \$20,000, another \$10,000, &c. Each shareholder has an equal chance to obtain one of the most valuable presents. All will obtain some present, besides a beautiful engraving. N. F. TRIBUTE OF RESPECT.—At a meeting of Sunbury Lodge No. 22, A. Y. M., hald Octuber 2d, 1867, for the purpose of affording the brethren an opportunity of expressing their respect to the memory of their late brether, Jonn H. Love, the following preamble and resolutions were read and adopted :

and resolutions were read and adopted:

Whereas, It has pleased the Supreme Architect of the Universe in His all-wise Providence to remove from time into eiernity, from earth to Heaven, our late brother, Joan H. Love; and Whereas, His place among us is vacant, the sound of his labor is heard no more; the designs upon the moral treatle-beard of our temporal Lodge for him are of no value; the compasses, the square and the trowel are no longer in his hands; and Whereas, It is our concelling hope that he has been called by the Great Grand Master of the Universe to a place in that Temple "not made with hands, eternal in the heavens." Therefore be it Resolved, That white we how submissively to the afflicted dispensation of Him who "doeth all things well." we are deeply sensible of the heavy loss of our late brother, who by his upright christian life and character, through which shone forth many good qualities of mind and heart of a superior kind, has endeared himself to all who knew him.

Resolved, That we with much pleasure remember his devotion to the interests of the order of which he was a worthy member, and that by his labors of love, his untiring energy and self sacrificing zeal he has embalmed himself in the memory of many, and though dead, he will not be forgetten.

Resolved, That we deeply sympathize with the bereaved family, especially his amiable, devoted, heart-stricken wife, and relatives, knowing that their loss was his eternal gain.

Resolved, That these resolutions be published in

ted, heart-stricken wife, and relatives, knowing that their loss was his eternal gain.

Resolved, That these resolutions be published in the papers of Sunbury; that a copy be sent to the family of the deceased, and that a committee of four members of the order accompany the remains to Watkins, N. Y., their last resting place.

Committee: Simon S. Miller, M. C. Gearhart and J. Shipman.

TWO MONTHS FOR NOTHING .- LOOK AT THIS OF BR. -We have received the American Agriculturist for October. We wish that all our friends could see this paper. We know of no way in which so large an amount of truly valuable, interesting and instructive reading matter could be given to a family at so small a price as the subscription to the Agriculturist. Each number contains 52 to 40 large quarto pages, and 30 to 50 fine engravings, many of them very costly and beautiful. Here, in this October number, we find, in addition to the great amount of valuable information, hints, suggestions, etc., more than thirty engravings, several of which are among the most expensive ever found in an Illustrated Journal. This number is of itself really worth a year's subscription. The cost of the American Agriculturest is only \$1.50 for a year, in advance, or four copies for \$5. The publishers offer that valnable journal free for the remaining two mouths of this year to all new subscribers for 1868. (Vol. 27.) who send in their subscriptions during the month of October. We advise all our renders to secure it on these terms. It will be sure to benefit all fathers escaped unburt. We have not learned the cause of and mothers, and interest and instruct the children. Subscriptions should be sent to the publishers, ORANGE June & Co., 245 Broadway New York City.

BUSINESS NOTICES. THE RESULT OF THE ELECTION.—That the State and County elections are now over must be a source of satisfaction to everybody. Those who have been clevated to office are very well satisfied, of course. Persons who bet on the result of the election have either the gratification of receiving money, or the extreme pleasure of paying it over. Every one now or three other buildings were also destroyed, one of ful and cheap suits from the Continental Clothing

Tue health of Sunbury and vicinity has been which to do business, and manya dollar can be saved to Clothing buyers by keeping in mind very good the past season, when compared with previous once. Many reasons have been assigned as the cause. the most important one of which is that Thucher, of the First National Boot & Shoe Store. in Manker Square, sold goods so cheap that everybody bought and wore them, thereby preserving their bealth. A full assortment, of the same kind says that on Tuesday a week last a sad accident or of material, is constantly kept on hand at Thacher's.

We would recommend gentlemen to fold by scientific and judicious combination with lay aside base ball for the season and turn their attention to the beautiful styles of Hats and Caps. This happy mingling exists to a remarkable degree a girder which crosses from the side walls about at Faust's, in Market Square, where can also be purchased a superior Umbrella.

----BYERLY'S PROTOGRAPHS are acknowledged to be the best made in this place or vicinity. Notwithstanding this his prices are as low as elsewhere. Byerly's popular Gallery is in Simpson's building, Market Square, Sunbury.

The season is now at hand when a change of attire is necessary, and the query will be with many where to get the best and cheapest. Smick's establishment, on Fourth street, near Market, is the place to find new and attractive goods, done up in the latest style, and best of finish. Call and examine the stock he has just received from the cities.

FALL .- The season of autumn has come again. Season succeeds season, and generation follows generation, but the wise of this generation will have their clothing made by J. O. Beck. Merchant Tailor, on Fourth street, who keeps the best of goods and sells at the lowest rates.

A PENNY SAVED IS TWO PENCE EARNED," and in these times it is well to bear this trite old proverb in mind. We would just mention to our readers that it is our intention, from time to time, to post them in every matter which we think it is to their interest to know. As we said before, a penny saved is two pence carned, and this reminds us that we should advise all our friends to pay a visit to the

Dr. Wistar's Balsam of Wild Cherry, whose value in curing Coughs, Colds, Bronchitis Whooping Cough, Croup, Asthma, Pulmonary Affection, and Incipient Consumption, is inestimable. STRONG TESTIMONY.

From BENJAMIN WHEELER, Esq., Depot Master at South Royalston, Mass.:

-In the spring of 1858 I was most severely afflicted with a hard, dry cough, with its usual secompaniments of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose. I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam of Wild Cherof a neighbor to try Wistar's Baisam of Wild Cherry, and, before using two bottles, the effect was simost magical. My cough entirely left me, the night
sweats descried me, hope once more cluted my depressed spirits, and soon I had attained my wonted
strength and vigor. Thus has this Baisam, as has
often been remarked by persons conversant with
the above facts, literally santched me from the
