A FEW WORDS TO LADIES.—The use of the ZINGARI BITTERS will give to you that soft, semi-transparent complexion which the God of nature (designing woman to be the lovellest of his works) fully intended that you should have—for it in nature's own powder and paint combined. By purifying the blood, attendating the pigmentary cells of the dermit, and imparting health and life throughout the entire system, it especially gives that smooth clearness and beauty to the complexion so much to be desired—removing all roughness, blocked, prockets, pumples, and that yellow, sieldy book so ensumen in our day, and what is even better than this, it curus every species of female irregularities and disease.
