A FEW WORDS TO LADIES.—The use of the ZINGARI HITTERS will give to you that soft, semi-transparent complexion which the God of nature (designing woman to be the loveliest of his works) fully intended that you should have—for it is nature's own powder and paint combined. By purifying the blood, stimulating the pigmentary cells of the dermit, and imparting health and life throughout the entire system, it especially gives that smooth clearness and beauty to the complexion so much to be desired—removing all roughness, blotches, freckles, pimples, and that yellow, sickly look so common in our day, and what is even better than this, it curse every species of female irregularities and disease.

Young Men Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually streeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced intening Senates with the thunders of eloquence or waked to cestary the living lyre, may call with full confidence.

Married Persons or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformaties, &c., speedily cared.

He who places himself under the care of Dr. J. may may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Wenkness
Immediately Cored, and Full Vigor Restored.

This Distreasing Affection—which renders Lafe miserable and marriage impossible—is the pennity paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those fulling into improper tablits than by the prodents? Besides deing deprived the piensarres of healthy offspring, the most serious and destrective symptoms to both body and mini arise. Take Particular Notice. Dr. J. addresses all those who have injured themselves y improper indulgence and solitary habits, which ruin oth body and mind, unfitting them for either business, both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by early labits of youth, viz. Weakness of the Back and Lumbs, Pains in the Head, Dinness of Sight, Locs of Muscular Power, Palpitation of the Heart, Dyspensy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.
