

This famous manufacturing city, justly called the Birmingham of America, on account of its numerous manufactories of iron and steel, nails, glass, &c., must be studied to be appreciated. The city is surrounded by hills, rugged and broken, but these unsightly hills are filled with bituminous coal and iron ore, and are a source of enormous wealth to the place. This city is also the centre of the Petroleum or Coal oil business. Everything seems to be slightly impregnated with oil, and with the soot and smoke of the numerous manufactories, which envelope the whole town in an atmosphere, that prevents one seeing beyond the limits of the city. At present business is dull, and but few of the manufacturers are making any money. The city, however, is improving, and great hopes are entertained of the Connelville Railroad, which the Baltimore and Ohio Railroad Company has taken into hands to complete forthwith. This will give Pittsburgh a short route to Baltimore, and prove a strong competitor of the Northern Central.

The political campaign here has opened with great vigor. The Republicans will carry the city and county with a larger majority than given to Lincoln. Here, as elsewhere, you can find no Republican supporting the Seymour ticket, while many Democrats declare themselves in favor of Grant who, in every encounter triumphs over his enemies, North and South, in peace as well as in war. His election alone can settle the country, as the rebel element of the Democratic party will cause trouble as long as there is the slightest hope that the Democrats will get possession of the government.

Our neighbor of the Democrat read a lecture to that portion of the Democratic Press, which had the good sense to refuse to rake up the ashes of the dead, and hyena-like, reveal upon the corpse of a once powerful opponent. The new editor is much mistaken if he supposes the intelligent portion of his own party, in this section, will sanction such appeals to the basest passions of our nature. Thaddeus Stevens had his faults, but he possessed virtues enough to make gentlemen of a regiment of his traiders.

OUR CANDIDATE FOR CONGRESS. The Republican press of this Congressional District notice the nomination of John B. Packer, Esq., of Sunbury, as their candidate for Congress, in a highly complimentary manner to that gentleman. Below we publish extracts from the Lewisburg Chronicle, the home organ of our present representative, Hon. George F. Miller, and the Miltonian. Mr. Packer's nomination is not only entirely satisfactory to the Republican party, but is so unexceptionable that even our Democratic friends speak most favorably of his eminent abilities and fitness to represent the Fourteenth District in the next Congress, and in a political point of view would have preferred almost any other individual as an opposing candidate. His election is a foregone conclusion, and with the proper effort we can give him at least two thousand majority in the District.

From the Lewisburg Chronicle, 24th inst. "The Republicans of Dauphin county have declared in favor of John B. Packer, Esq., of Sunbury, for Congress. Mr. Packer has therefore secured the vote of three out of the five counties composing the district, and it only remains for the Conferees to meet and ratify the nomination. "Our first choice for this position has been the present faithful incumbent, Hon. George F. Miller, who has served us for two successive terms with ability and honor. But the majority having the right to rule, had thought proper to choose another. We feel quite sure that Mr. Miller's mantle will fall upon one fully competent and ready to carry out all measures adopted for the furtherance of the prosperity of our country. Mr. Packer's record is sound, and we are quite willing to trust him with the duties devolving upon that high station. That he will be elected, there is no question. We should try to give him a vote as large as that received by Mr. Miller at his last election—perhaps we can make it larger. Let us try."

From the Miltonian, 21st inst. "JOHN B. PACKER, Esq., has received the nomination of Northumberland, Snyder and Dauphin Counties. Union prescribes the name of Hon. Geo. F. Miller, and Junata, that of J. J. Patterson, Esq. Of course they will have to give way to Mr. Packer for Congress. In this county and Dauphin, Mr. Packer's nomination was unanimous, and in Snyder, but 126 votes were cast against him out of a total vote of 1801. This evidence of popularity in a man who has never sought this or any other office, is the best augury of success, and that he will be triumphantly elected no one doubts. Northumberland county is entitled to the nomination and the honor no better man to fill the place than Mr. Packer. His character is above reproach in every particular. He is emphatically an honest man, and as such will reflect credit upon his constituency in his public acts. He possesses a strong, well balanced mind, is a talented lawyer, a fine speaker, a good citizen, and thoroughly understands the needs of the district he is to represent at Washington. He brings to the work as a representative of the great Republican party a clear record of unwavering popularity and Union we love, a popularity which has his public appreciation created by his many good qualities. Northumberland county may well feel proud of furnishing a candidate for the district who is in every particular as good as any man who has ever lived in our State.

From the Potomac Miner Journal. Tremendous Frauds Practised at the Last State Election. COFFEE COLORED NATURALIZATION PAPERS. The following startling disclosures are extracted from the sworn testimony taken before the Legislature last winter, and showed how the State was carried and the election of Judge Sharswood secured to the Supreme Bench. As such rascality is not likely to be practised again in that locality, Mr. Wallace the Chairman of the Copperhead State Central Committee, visited Schuylkill county a short time ago to do a little work in view of selecting Schuylkill County as one of the points for similar rascality at the coming election. It is well known that a large number of illegal votes are always polled at all exciting elections in Schuylkill County by fraudulent and dead men's papers; and two years ago in a single district in which Mr. Collins, a brother we understand, of the party who figures in these proceedings, had a contract, nearly one hundred illegal votes were polled, when he was a candidate for the Legislature. We publish this rascally business which resulted in the murder of the witness, and in which a Catholic Priest, by his own testimony, appears as one of the parties in connection with Wallace, in trying to prevent the ferreting out of this most infamous fraud upon the ballot box and the rights of the people. Wallace ought to have been expelled from the State, and as a criminal, and the clerk for the transaction ought to have been punished in the courts.

It may as well be understood at once that the people are determined to submit no longer to such outrages, at least in Schuylkill County, and we hope our friends will take every precaution to run all the voters who are not entitled to vote, and have every such person who offers to vote, arrested, particularly those who attempt to vote on dead men's papers. All votes based on coffee colored naturalization papers of the dates mentioned in these proceedings, ought to be challenged, and the voters who have acted as witnesses, and received the new jury Law political juries cannot be packed as formerly, and the new Criminal Court, free from party bias, will see that justice is done to those who violate the laws, and make elections a mere farce.

The XXII Senate District of Pennsylvania embraces the counties of Blair, Huntingdon, Centre, Mifflin, Luzerne, Juniata, and is entitled to two Senators. An election was held in this district on the second Tuesday of October, 1867, and Chas. J. T. McIntire, Democrat, was returned as elected by 233 majority, and Samuel T. Shugart by 22 majority. John K. Robinson contested the election of Shugart. The Senate, after a full investigation by a Select Committee and the examination of a large number of witnesses, declared Robinson duly elected, and admitted him to the seat occupied by Shugart. The whole testimony in the case is published in the Legislative Record for the year of 1868, from page 1397 to 1410 inclusive.

It is proven conclusively that the leaders of the Democratic party not only planned and perpetrated a deliberate fraud upon the ballot-box in this district, but that they prearranged a system of fraudulent naturalization papers, extending through other counties of the State. A railroad sixteen miles long, was being built, during the summer and fall of 1867, in Clearfield and Centre counties. From forty to sixty rods only of the road was in Centre county. About four hundred Irishmen were employed on the line, except during the time they were taken into Centre county in order to carry the election in that Senate district. Senators were to be elected in the Centre county, but not in the Clearfield. The following testimony, copied from the official records, shows how the fraud was perpetrated, and who did it.

CONTESTED ELECTION. In the Senate of the State of Pennsylvania: John K. Robinson vs. Samuel T. Shugart—XXII Senate District. LEGISLATIVE RECORD; SESSION 1868, PAGES 1406-7. JANUARY 22, 1868.—Committee met, all the members present. Mr. Collins, railroad contractor, on the railroad; I was pit boss; had from 10 to 20 men under me at times; Patrick Gorman was walking boss; I was working four miles from Clearfield, east, twelve miles from the line, when James Collins and Patrick Gorman came to me and said they wanted to go to Centre county for ten days, saying their object was to carry the election; they said it was a Republican hole, and they intended running in enough votes to carry it; I took the men to Centre county; Col. Skelly's gang also went; all that were at work on the line were taken into Centre county, and around Philadelphia there were about 100 men the day of election; they were quartered at Mr. Keplar's, Mr. Gray's, Mr. Harris's and Mr. Donehue's; I was in Philadelphia all day, most of the time at the polls; the polls are in the same building; I gave ten dollars to each of the men; the men and Patrick Gorman were about 100 men the day of election;
